WARSHIPS STILL MISSING

NO ENGLISH CRUISERS REACH CHILEAN PORTS

London, Nov. 5.—(2:00 p. m.—Although England continued today to await with some uneasiness official news as to the fate of certain of her warships in the Pacific coast which were engaged last Sunday with a German fleet off the coast of Chile, this anxiety has been in a measure counterbalanced by the apparently favorable situation of the allied arms, both in the eastern and western arenas.

The first German rush for the French coast having been checked, the news of the next few days will determine the truth or falsity of predictions as to the seriousness of the renewed German attempt to get to the coast by a more southerly route.

There was nothing in the reports from West Flanders during the forenoon to indicate the trend of the new German attack, although Ypres continued to figure in the dispatches as the military key against which the Germans proposed to deliver their hardest blows.

Opinion here is divided as to whether this fresh attempt to open a way to the channel will rival in intensity the struggle along the Yser. Some British optimists hold that the apparent exhaustion of the Germans is an indication that they are really planning to fall back, as they did before Paris, on the entrenchments they have been so carefully preparing everywhere back of their lines. If this does occur it will mean another period of siege warfare along the entire front in Belgium and France, a condition which probably will persist until one side or the other starts off on a new tangent.

Meanwhile indications are that naval operations will become daily more prominent, particularly as Turkey's entrance into the situation widens the field for such warfare.

FIGHTING INCH BY INCH.

Renewed German Attack Expected in Region of Dixmunde.

Paris, Nov. 5.—Renewed violent attacks on the part of the Germans were expected today in the region of Dixmunde. The recent efforts of the enemy in this section of the country in spite of the fact that they have been reinforced by new contingents of reserves as well as by active troops are believed here to have been unsuccesful.

According to the latest review of the situation made in Paris both the allies and the Germans are fighting hard for every inch of this territory. The Germans, for the time being, appear to have abandoned their advance on the channel ports. This being accepted as correct the Germans are preparing to try other tactics. The French and English commanders in the opinion of French observers, are satisfied with the result of the efforts they made yesterday as well as with the general situation.

The question of the duration of the war is being continually asked in France and as often answered. One of the latest estimates is made by Gen Berthaut, who predicts that hostilities will end in three months. The general admits that the siege of Sebastopol lasted two years, but says there is no reason to conclude that the present war will run such a protracted course. The relatively small armies engaged in the Crimean war made possible such prolonged contests. The general argues today that one will see Germany confronted by the necessity of placing enormous forces of men on two fronts, reaching the point of exhaustion before either France or Russia, and that this period of exhaustion may be expected in three months. France also may be expected to reach the limit of her resources but not so quickly as Germany.

NOT IN CHILEAN PORTS.

No Trace of British Ships Since Battle With Germans.

Santiago, Chile, Nov. 5.—No further news has been received here concerning the naval engagement off the coast of Chile last Sunday in which German and British warships participated. No British warship has arrived so far as is known here at any Chilean port, nor has any wreckage been found on the coast.

The only information in the hands of the British legation here is that from German sources.

Today's War News Given in Summary.

No British warships are in Chilean ports. The fate of the three British cruisers that engaged five German warships off the coast of Chile and the transport that accompanied them remains a mystery.

On this mystery is based the British hope that one or more of their vessels survived the action. A dispatch from Santiago today disposes of an earlier report that the British cruiser Glasgow and the transport Otranto had been bottled up in Chilean waters by the German cruisers Leipzig and Bremen. The whereabouts of the two latter cruisers is also in doubt. Of the nine vessels that figured in the naval battle only the German warships Scharnhorst, Gneisenau and Nurnberg have been definitely accounted for. After coming into Valparaiso they again sailed.

Great Britain has declared war on Turkey and the Ottoman government, despite dissentions in the cabinet, is definitely committed to hostilities against Great Britain, Russia, France and Servia. While Turkey becomes in effect an ally of the Teutonic allies, she is strictly speaking, waging an independent war upon Russia, because of an alleged attack upon her by the Russian navy, nd upon the other countries involved because of their espousal of the Russian cause.

The new drive for the seacoast of the heavily reinforced German forces in Belgium has been met by a counter offensive of the allies in the vicinity of Ypres.

"The Franco-British lines have at no point drawn back," says the afternoon French official statement," and our troops undertaking the offensive have made notable progress in several directions."

It is declared that the allies have made slight progress to the east of sians claim that the Germans are tacks from Dixmude to the Lys are being made with less energy. Renewed German activity is reported on center without notable change and on the right of the allies the situation remains deadlocked.

Great Britain has formally annexed the island of Cyprus in the Mediterranean, which has remained long under the suzerianty of the Turkish sultan, though with a British administration.

The Russian war office announces that Russian troops have entered Turkish Armenia, defeated the Turks and occupied four towns. COOK'S VOTE SHOWS CUT

Secretary of State Has Run 25,000 Behind Senator Shively.

TOTALS CHANGE BUT NOT RESULTS

Constitution and Centennial Meet Overwhelming Defeat.

Indianapolis, Ind., Nov. 5.—Official and more complete unofficial returns from the election in Indiana Tuesday, may make considerable change in the totals of the leading candidates. Returns from many of the strong democratic precincts were among the latest to come in, but they swelled the vote of B. F. Shively for United States senator and Homer L. Cook, for secretary of state.

According to these official and unofficial returns from 2,849 precincts out of 3,171 in the state, Shively, for senator, has a plurality of 55,592, and Cook, for secretary of state, 31,466. Cook seemingly has run nearly 25,000 behind Shively.

Reports from 2,489 precincts in Indiana, including 157 precincts in Marion county, give a total for senator of: Shively, 247,287; Miller, 191,695; Beveridge, 91,237.

Returns from 2,540 precincts in Indiana, including 157 precincts in Marion county, give for secretary of state: Cook, 217,168; Jackson, 185,702; Pierson, 77,831.

Scattering and far from complete returns from over the state indicated an overwhelming defeat of the two constitutional amendment propositions, one for a constitutional convention and the other for the establishment of a state tentennial memorial.

The following vote was recorded: Constitutioinal convention, yes, 22,888; no, 64,533. State memorial, yes, 74,991; no, 126,959.

There was no change in the returns on Indiana's congressional vote, the democrats having re-elected their men in the First, Second, Third, Fourth Fifth, Sixth, Eighth, Ninth, Eleventh Twelfth and Thirteenth districts, while losing to the republicans the Seventh and Tenth districts. Merrill Moores, a former classmate of President Taft, and Will Wood of Lafayette were the republican victors in the Seventh and Tenth districts, respectively.

BITTLER MAY HAVE 45,000

George A. Bittler, of Fort Wayne, victorious democratic candidate for treasurer of state, may have a plurality of 45,000 votes, according to enthusiastic friends who wired him from Indianapolis to that effect Thursday afternoon.

Mr. Bittler, however, believes 35,000 will be nearer the correct figure when the count is complete. He has been flooded with messages of congratulation, among them being one from Vice President Marshall.

COPPER KING LEFT NO WILL

Saratoga, N. Y., Nov. 5.—F. Augustus Heinze, the copper mine owner, who died here last night, left no will. This became known this afternoon when Mr. Heinze's lawyers obtained from Surrogate Ostrander anorder appointing Mrs. Lyda M. Feitmann, of New York city, Mr. Heinze's sister, administratrix of his estate. The papers filed with the court placed the nominal valuation of "more than $10,000, on his estate. The lawyers intimated that the estate's affairs are somewhat complicated and that public estimates which have been made heretofore are largely in excess of its actual value.

Mr. Heinze's body was taken this afternoon to New York city, where the funeral will be held tomorrow.

PEACE TALK IN BAS BALL WAR

Chicago, Nov. 5.—Behind closed doors, directors of the American league went into annual session here today with peace in the world of base ball and the possible change in ownership of the New York American league team, their principal topics for discussion. The directors' meeting preceded the annual league meeting and when called to order by President Johnson these attending were Benjamin S. Minor, of the Washington club; Frank J. Navin, of Detroit, and B. F. Shibe, of Philadelphia. Robert L. Hedges, of St. Louis, the fourth director, was expected later.

GOV. RALSTON MAKES APPEAL

Asks Indiana Aid for Sufferers from the War in Europe.

UTTERANCE IN A PROCLAMATION

Governor Declares Call is in Behalf of Common Humanity.

Indianapolis, Nov. 5.—Governor Ralston today issued an appeal for funds to aid the sufferers from the European war. His proclamation follows:

"Whereas, Urgent appeals have come to the people of the United States, and the state of Indiana, for material aid and assistance for the sufferers from the present European war; and

"Whereas, This is a call in behalf of common humanity—to feed the hungry and clothe naked victims of the most destructive war in all history—and as such is paramount to any and all other considerations; and

"Whereas, The people of the United States and of Indiana, in past times of trouble and distress, have been the beneficiaries of the sympathy and generosity of the people outside our borders;

"Now, therefore, I, Samuel M. Ralston, governor of the state of Indiana and ex-officio president of the Indiana Red Cross, do hereby make an earnest appeal to all the people of the state for money contributions or donations of cured meats and other non-perishable food and medical, hospital and all needed supplies. This fund and these supplies are to be collected and forwarded by the American Red Cross which will distribute them impartially among the European war victims, regardless of nationality or locality; provided, however, that all contributions

BOTH GET AN ADVERSE VOTE

Allen County Opposed to New Constitution and Memorial Building.

PROJECTS ARE HARD HIT HERE

Official Totals Computed on Various County Candidates.

Voters of Allen county went on record at Tuesday's election as opposed to a constitutional convention for Indiana by a vote of 10,061 to 6,363.

They also registered their emphatic disapproval of the project to erect a centennial memorial building by a vote of 12,430 to 3,318.

The official figures show that Senator Shively's plurality over Miller is 2,530, which is more than the earlier figures indicated. Shively's total vote in the county is 8,107, Miller 5,577 and Beveridge, 1,689. Reynolds, the socialist candidate, received a total of 982 and Haynes, the prohibition candidate, 340, which show the strength of these two parties in the county.

Cook, democratic candidate for secretary of state, received a total of 8,035 over Jackson, republican, who received

ENGLAND ANNEXES ISLE OF CYPRUS

London, Nov. 5.—(11:38 a. m.)—Great Britain today formally annexed the Island of Cyprus in the Mediterranean, which nominally formed a part of the Turkish empire.

The defensive alliance between Great Britain and Turkey having become annulled by the outbreak of war, the British government decided it was necessary to appropriate the island in order that proper provision might be made for its government and for its protection.

The island, since the Anglo-Turkish convention of 1878, had been occupied and administered by Great Britain, though it had remained under the suzerainty of the sultan.

LAST-MINUTE NEWS

VERY LATEST RETURNS ON HOUSE.

New York, Nov. 5.—With four congressional districts still uncertain, results of Tuesday's election show that the democrats elected to the house 228, republicans 194, progressives 7, socialists 1, independents 1. This would give the democrats a majority in the lower house of 25. Republicans claim the election of James J. Britt over J. M. Gunger in the Tenth district of North Carolina; N. M. McLean, republican-progressive in the Third Colorado district, and C. B. Timberlake in the Second Colorado. The democrats claim the election of G. Thelvering in the Fifth of Kansas. In that event there would be a democratic majority of 23.

ENGLAND FEARS LOSS OF NOTED NAVAL MAN

London, Nov. 5.—Naval news looms large in London. The British public is seeking further details of the action last Sunday off the coast of Chile, but no continued efforts are being made to minimize this disaster. Great anxiety is felt concerning Rear Admiral Sir Christopher Cradock, whose fate probably will not be known until it has been definitely determined what has become of his flagship, the cruiser Good Hope. The British public, however, is not left without some crumbs of comfort, as Berlin officially admits the loss of the cruiser Yorck, blown up by a mine near Jade, one of the outlying defenses of Wilhelmshaven, while in shipping circles in London it is declared that the career of the German cruiser Koenigsberg, in the Indian ocean, has been ended.

Sir Percy Scott, England's greatest gunnery expert, and a champion of the use of submarines, as against dreadnoughts, has rejoined the admiralty. As he has been known in the past as a supporter of Baron Fisher, it is expected he will uphold the new policies already inaugurated by the first sea lord of the admiralty.

Russian Forward Movement.

Further details from the scene of fighting in the east indicate, in the opinion of English observers, that the forward movement of the Russians has become general. Even the Russian left wing which has been held stubbornly by the Austrians for weeks past, has joined in the advance. This is admitted by a conservatively worded official report given out in Vienna, which declares that the Austrians, having maintained their position on the Lysagora mountain, where the Teutonic allies pivoted in order to let the rest of the army complete its wheeling movement to a new line, are now retiring. At the same time Austria sets forth certain minor successes along the line from the river San to Jaroslau.

Petrograd, however, makes positive assertion that the Austrian movement is a retreat, amounting to a rout, in which the Russians have taken many prisoners and much booty. According to reports in the Russian capital Gen. von Hindenberg, the German commander, is continuing his retiring movement in Russian Poland, while desperate fighting along the frontier of East Prussia has enabled the Russians to cross the border at several points. A significant phase of the eastern campaign is indicated by a report from Rotterdam that the ninth German army corps has been transferred from Belgium to East Prussia.

Two Points in West.

In the west attention is concentrated on two points: Ypres, where much of the hardest fighting of the war already has taken place, but where it is expected the Germans are yet to deliver the full fury of their assault in the effort to gain the French coast and Soissons, where the Germans have gained some positions captured by the British when they first crossed the river Aisne. Along this line a tremendous attack probably already is under way. The outcome may be of the greatest importance. The Turkish ambassador left London today and Great Britain gave formal announcement of a state of war between the empire and Turkey. These events, coupled with the action of British cruisers in bombarding Turkish ports, constitute the extent of the known activities this morning in the Turkish situation.

VON KLUCK DEAD, RUMOR IN HAVRE

Paris, Nov. 5.—(3:55 a. m.)—The correspondent of the Excelsior at Havre says he has from a source which he cannot designate, news of the death of Gen. von Kluck ten days ago in a hospital at Namur, where he was treated for a wound in the head. The news of the alleged death, the correspondent says, has been carefully concealed in Belgium and Germany.

Gen. von Kluck, who led the dash of the German right wing which got to within a few miles of Paris in the first month of the fighting has been reported within the last few days in official communications as directing his army in the fighting on the river Aisne. When the zone of severe fighting shifted to Belgium and the German right wing was extended into that territory Gen. von Kluck, following his skillful retreat from the vicinity of Paris remained in the position he had taken on the Aisne. The fighting there recently has been overshadowed by the operations in Belgium and Gen. von Kluck and his army, according to reports, have been given a much needed rest.

MAKE GAIN IN SENATE

While Democratic House Majority Dwindles to About 25.

LEADERS SAY IT IS "SUBSTANTIAL"

Republicans Also Able to Find Much Cause for Jubilation.

Washington, Nov. 5.—Democratic administration leaders today claimed a "substantial majority" in the house and continued control of the senate as a result of the elections for the next congress.

On returns which were not yet complete the democrats asserted that their majorities in the senate had been increased from ten to fifteen. In the house the returns indicate that the present overwhelming democratic majority of 148 had dwindled to about 25.

With this the democratic leaders profess themselves satisfied, declaring that it was the greatest majority "ever returned by any party in an off year following a tariff revision."

The democrats also asserted that the returns showed that the progressive party had practically disappeared and that therefore the democratic victory was a triumph over a reunited republican party.

Republicans Jubilant.

Republicans, however, were jubilant over the results. They asserted that the progressives were returning to the fold and that by 1916 the way would be cleared for a sweeping republican victory. They were prepared to welcome "Uncle Joe" Cannon and many of his erstwhile followers who had fought their way back to seats in the house, after their defeat in 1912.

Three breaks in the solid south which democrats have held for so many years were pointed to as indications of democratic weakness. Republicans elected from Maryland and North Carolina, and a progressive seated in the third Louisiana district gave aid and comfort to the opponents of the administration.

House Will Reorganize.

The next congress will see a general reorganization of the house. Speaker Clark, who was returned by a goodly majority from his district, will undoubtedly be the democratic choice for speaker. But the election of Representative Underwood to the senate from Alabama will provide a contest for the democratic leadership in which Representative Kitchen, of North Carolina, ranking member of the ways and means committee, will take the leading part.

The reduced majority of the democrats will also necessitate many changes in the reorganization of the powerful house committees. In the senate even a slight increase in the present narrow democratic majority, will strengthen the administration which during the present congress has at times been somewhat embarrassed by the slender margin of control.

SHERMAN IS VICTOR.

Republican Senator in Illinois by About 6,000 Votes.

Chicago, Nov. 5.—Senator Lawrence Y. Sherman, republican, was re-elected in Tuesday's election by 6,000 or more plurality over Roger C. Sullivan, democrat, according to almost complete returns available today. The missing precincts are scattered in rural regions of the state and are about equally divided between democratic and republican territory. Senator Sherman early today declared his plurality should total 10,000 or more, while Sullivan still contended that the official count would make him winner.

Edward M. Santry, who a few years ago was known to followers of the prize ring as one of the leading featherweight boxers, has been elected to the Illinois legislature from Chicago, according to latest returns today. He plans to favor a boxing bill for Illinois.

DRY MAJORITY INCREASES.

Anti-Saloon Forces Emphasize Victory in Washington.

Seattle, Wash., Nov. 5.—Outlying precincts of the big counties reported in force early today and rolled up a majority for the initiative prohibition law. Fourteen hundred and eighty precincts gave for prohibition 126,965 against 116,688.

The new law will go into effect January 1, 1916. It forbids sale or shipment of liquor, even by clubs, but provides that users of liquor may have limited quantities shipped to them for their own consumption, under stringent restrictions. A proposed constitutional amendment to permit aliens to own property in cities was defeated by a large majority. It was alleged that a joker in it would have enabled aliens to hold farming land.

SIX MEN PERISH IN A NEW YORK BLAZE

New York, Nov. 5.—Six men were burned to death in a fire which swept through a four-story lodging house at 352 Eighth avenue this morning. Fifty were sleeping in the structure when the fire was discovered. Firemen made many thrilling rescues.

Most of the forty-four men who were saved were carried to the street by firemen. A score of sleepers were overcome in bed. The bodies of the six men who perished were found on the bedsprings—the mattresses had been burned—so charred that they could not be recognized. More than a dozen unconscious men were carried down the fire escapes and extension ladders.

Fifteen panicky men on the top floor were quieted by firemen and they crawled along a narrow ledge to a window of a building adjoining. Others from this floor and the one beneath were carried down extension ladders to the street. Within thirty minutes the fire was out. The origin was traced to a storeroom on the second floor which contained benzine used for cleaning.

SEE NO DANGER OF MEAT FAMINE

Packers Say Closing of Chicago Yards Will Not Cause It.

Chicago, Nov. 5.—Danger of a meat famine resulting from the closing tomorrow of the Union stock yards, the largest live stock market in the world for the purpose of eradicating foot and mouth disease, is remote, officials of leading packing companies announced today.

Prices of meat will not be perceptibly affected, they said, and even if the prices are slightly raised the advance will be so small that dealers and butchers will not take advantage of them. Storage houses are well supplied with meat, it was announced, and many of the Chicago packing companies are operating plants in other cities where there has been no infection among cattle of foot and mouth disease—the malady which caused federal and state officials to order the Chicago yards closed.

"There has been no cases of the disease reported in the west," A. G. Leonard, president of the Union Stock Yards and Transit company, said, "and the west is the biggest source of supply of meat animals. The packers are well supplied to handle shipments at Omaha Kansas City and other western plants.'

Orders closing the Chicago yards will go into effect at the close of business tomorrow and continue until the opening of business on the second Monday thereafter, or Nov. 16. Business will be suspended, therefore, for nine days. The immediate effect of the suspension order will be to stop the shipment of cattle sheep and hogs to the Chicago market which amounts to almost 100,000 head daily and a daily business outside of the meat packing industry of $1,200,000 The order affects directly and indirectly 35,000 employes. A great majority of them will be idle during the suspension

The closing of the yards was ordered yesterday following the finding of six infected steers among a herd of 600 "feeders" and eleven infected Holstein cows, which were exhibited at the recent national dairy show. In nine days, government experts predicted, the yards will be thoroughly rid of contagion. The process of elimination of the disease will include the destruction of infected cattle, the disinfection of cattle pens and cars and the killing of all rats.

QUIT CHASE FOR ESCAPED LUNATIC

New Brunswick, N. J., Nov. 5.—Richard von Krebs, the escaped lunatic who was hunted by posses in the woods near here last night as the assailant of Mrs Mary Rheit, who was shot and killed and her husband, Henry, who was mortally wounded, was still at large. The hunt was called off as it is believed he fled the state.

The police, going back over von Krebs record, said that one of their first experiences with him was in 1911 when he tried to approach Woodrow Wilson who was addressing a political meeting here. This was when Mr. Wilson was governor of New Jersey. Von Krebs nearly broke up the meeting, the police said, and was ejected. He said afterward, according to the police, that he wanted to get to the platform to ask Mr. Wilson a few questions.

PISTOL IN COAT HE STOLE.

Prisoner Frankly Tells Judge How He Came to Posses Revolver.

New York, Nov. 5.—After William Poisker, of 125 East Fiftieth street, had pleaded guilty to the charge of possessing a revolver before Judge Rosalsky in general sessions, he was asked where he got the revolver.

"Must I tell that?" Poisker asked.

"Yes," said Judge Rosalsky.

"I stole an overcoat from a First avenue restaurant and the pistol was in the coat pocket. I had it only a day when the police arrested me."

Poisker was remanded for sentence pending an investigation of his story.

No Charge for Examination.

INDIANA PUTS UP STOCK BAR

Indianapolis, Nov. 5.—Importations of cattle, sheep or swine into Indiana from either Michigan, Illinois, Ohio or Pennsylvania, were forbidden by a proclamation issued by Governor Samuel M. Ralston, of this state, late yesterday. The importation of hay, straw or fodder from those states also is prohibited as a means to check the spread of the foot and mouth disease among cloven hoof animals.

The governor sets forth in his proclamation that shipments of stock from the states named "would be prejudical to the health of the domestic animals of this state and a menace to its entire animal industry as well as to the health of the people and their food supply."

The four states, together with Indiana, are all under quarantine, established by the federal bureau of animal industry, because of the disease.

As a matter of precaution, it was explained, a quarantine similar to the one in force on the Chicago stock yards, was placed on the Indianapolis stock yards. No cases of the foot and mouth disease has been discovered in the local yards.

BERLIN DENIES RUSSIAN CLAIMS

Berlin, Nov. 5.—It is declared officially in Berlin today that the Russian troops on the eastern front have not recently been successful in taking prisoners. Nor have any German wounded fallen into their hands. Furthermore the authorities have no knowledge of the loss of German machine guns to the Russians.

Information was given out to the press in Berlin today from official quarters as follows:

"The director of the Swedish Shipping association declares that the English blocking of the North sea by mines is a blow to the shipping of neutral powers, especially Scandinavian.

"The Politiken, the organ of the Danish government, says this action on the part of Great Britain is a heavy blow to British shipping."

DYSPEPSIA GONE! NO INDIGESTION, GAS, SOURNESS--PAPE'S DIAPEPSIN

Time it! In five minutes your sick, upset stomach feels fine.

When your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.—Adv.

NEWS OF FORT WAYNE'S NEIGHBORS

SHOOTS UP HIS KITCHEN.

Bluffton Man Warms Box of Shotgun Cartridges on Stove.

Bluffton, Ind., Nov. 5.—There was great excitement for a time at the home of Mr. and Mrs. Lewis Johnston, just at the west edge of the city, due to the discharge of a dozen shotgun shells which had been placed on a kitchen stove and then forgotten until a fire built in the stove awakened the powder to activity.

Fortunately there was no one in the kitchen at the time and no one was injured, but the walls and ceiling of the room are peppered full of No. 8 shot with which the shells were loaded.

Ben Carlisle, a son of John Carlisle came to the house Tuesday to borrow his shotgun, and he gave him the box of shells, to take what he wished. After Carlisle got what shells he wanted Mr. Johnston set the box with the remaining shells on the kitchen stove, in which the family had not been keeping fire still having a stove going in the summer kitchen. He forgot the box of shells and later in the evening, when it became cool, decided there should be a fire in the kitchen stove, and started a fire and then went to the barn to do his evening chores.

While he was in the barn and his wife was in the cellar the box of shells caught fire and began to explode.

ENTERTAINS A CELEBRITY.

Hartford City, Ind., Nov. 5.—Miss Ethel Tarr-Clark, of Chicago, is the guest of friends in this city. Miss Clark is the young woman who staked her future happiness on the outcome of the recent world's series between Boston and Philadelphia by telegraphing to her fiance, "Hank" Gowdy, catcher for the Braves, that unless Boston won the championship their love affair would be called off. What effect this ultimatum may have had on Gowdy's playing is, of course, conjecture, but the fact remains that the sturdy catcher played the best ball of his career.

RECOVERING FROM ACID.

Hartford City, Ind., Nov. 5.—The two-year-old daughter of Mr. and Mrs. Clyde Friend, living in East Oak street, is recovering from the effects of being poisoned by permanganate of potash, a quantity of which she ate Sunday afternoon. The little girl was playing out in the yard when she found the purplish substance which she immediately began to eat. She was discovered a short time later and Dr. Sexauer was called, who succeeded in ridding the child's stomach of the poisonous chemical before it was too late to save her life. As it was, the little girl was very ill for a time.

BIG BROTHERS TO MEET.

Bluffton, Ind., Nov. 5.—The Elks will have a big meeting on Thursday evening under the auspices of the standing committee on the Big Brother Movement. There will be eats and other things of interest. Further announcement of committee for the big minstrel show will be made and all the members will find something of interest to repay them for attendance.

FIGHTS THE CORN SHREDDER.

Delphos, O., Nov. 5.—Harmon Hesseling, a well known Marion township farmer, met with a serious accident at the farm of his brother, John Hesseling, south of Delphos, when his right hand was caught in a corn husker and fodder shredder, and the member so badly crused that the amputation of the first three fingers at the knuckles and the thumb at the first joint was necessary Mr. Hesseling was assisting in operating the machine and when ears of corn became clogged up and refused to deliver he inserted his right hand to pull out the corn.

LAGRANGE PASTOR LEAVES.

Lagrange, Ind., Nov. 5.—Rev. R. S Hubbard has left for Kansas City, Mo. where he will spend the winter with his son, R. Clark Hubbard, who is now a resident of that city. The many friends of Rev. Hubbard will wish him a pleasant journey and continued good health in his homing place for the winter. He is one of the oldest residents of Lagrange and has been prominently connected in the early business affairs of the city.

TRIFLE IS PROVING SERIOUS.

Auburn, Ind., Nov. 5.—Because he thought that his injuries were not of a serious nature, Charles Graves, a member of the B. & O. railway section gang and a resident of Auburn Junction, is suffering from an attack of blood-poisoning. Mr. Graves a few days ago had the misfortune to crush a finger and believing that his injuries were only minor he did not secure the services of his physician.

FATHER AND SON BURIED.

Decatur, Ind., Nov. 5.—In the United Brethren church at Wren, Ohio, just over the state line east of here, services were held today for George Faylor Stewart, aged 51 years, and his son, Hugh, aged 11 years. Both died of typhoid fever—the boy on Monday and his father the day following. A widow and two other sons survive. John Stewart, of Fort Wayne, is a brother of George F. Stewart.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

If cross, feverish or bilious give "California Syrup of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhœa, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."—Adv.

New Treatment for Croup and Colds

Relieves by Inhalation and Absorption. No Stomach Dosing.

Plenty of fresh air in the bedroom and a good application of Vick's "Vap-O-Rub" Croup and Pneumonia Salve over the throat and chest will relieve all cold troubles quicker than internal medicines. Just apply Vick's and cover with a warm flannel cloth. Leave the covering loose around the neck so that the vapors of Eucalyptol, Thymol, Camphor, and Menthol, released by the body warmth, may be inhaled all night long. Next morning the head is clear and phlegm loosened. In addition, Vick's is absorbed through the skin, taking out the tightness and soreness. Entirely external—the ideal treatment for the little folks. Three sizes—25c, 50c, and $1.00, at all dealers.

IS YOUR HAIR RIGHT FOR THE NEW FALL STYLES?

You will delight in arranging your hair in the new and interesting modes of this season if you keep it perfectly soft and fluffy so that it appears naturally heavy. This will be a simple matter if you use the right shampoo. It is not advisable to use a makeshift, but always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of canthrox from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Adv.

HAL HAZZARD'S GOLD SEAL 5¢ CIGAR

This Blunder Has Proved Costly

To Many Builders--and Some Architects

The strongest evidence that we can advance in support of our contention that every Building should be piped for gas during construction can be found in our records, showing that we are sooer or later called upon to furnish gas to occupants of most every building in the city.

We can prove that the builder who for special reasons leaves gas out of his specifications, eventually uses or rents his buildings for a purpose it was not originally built for.

When it is finally necessary to install gas, it means a lot of tearing up of floors and walls, and a loss of time and money to all concerned

For this reason it is clearly a matter of plain economy to have every building piped for gas during process of construction.

We will be pleased to send one of our engineers free of charge to consult with any architect or builder in regard to special requirements, proper appliance or installation problems.

With Least Exertion

To do one's best work with comfort, body and brain must be in good condition. That requires proper food—food that contains all the elements that build brain and brawn.

Grape-Nuts

Is that kind of food!

Made of wheat and barley, it contains all the nutriment of these most nourishing grains, including those vital mineral salts—phosphate of potash, etc—that are discarded in making white flour.

Long baking breaks down the starch cells of the grain and makes this food easily digestible by the most delicate stomach.

Economical, appetizing.

THE SENTINEL'S DAILY SCRIPTURE READING.

II Chronicles 31:1-8.

1 Now when all this was finished, all Israel that were present went out to the cities of Judah, and brake the images in pieces, and cut down the groves, and threw down the high places and the altars out of all Judah and Benjamin, in Ephraim also and Manasseh, until they had utterly destroyed them all. Then all the children of Israel returned, every man to his possession, into their own cities.

2 And Hezekiah appointed the courses of the priests and the Levites after their courses, every man according to his service, the priests and Levites for burnt offerings and for peace offerings, to minister, and to give thanks, and to praise in the gates of the tents of the Lord.

3 He appointed also the king's portion of his substance for the burnt offerings, to wit, for the morning and evening burnt offerings, and the burnt offerings for the sabbaths, and for the new moons, and for the set feasts, as it is written in the law of the Lord.

4 Moreover he commanded the people that dwelt in Jerusalem to give the portion of the priests and the Levites, that they might be encouraged in the law of the Lord.

5 And as soon as the commandment came abroad, the children of Israel brought in abundance the firstfruits of corn, wine, and oil, and honey, and of all the increase of the field; and the tithe of all things brought they in abundantly.

6 And concerning the children of Israel and Judah, that dwelt in the cities of Judah, they also brought in the tithe of oxen and sheep, and the tithe of holy things which were consecrated unto the Lord their God, and laid them by heaps.

7 In the third month they began to lay the foundations of the heaps, and finished them in the seventh month.

8 And when Hezekiah and the princes came and saw the heaps, they blessed the Lord, and his people Israel

Prohibition and Equal Suffrage.

Unusual interest marked returns from the elections this year by reason of the fact that the ballot for women and the banishment of the saloon were proposals to be passed upon in a number of states in addition to the usual political contests. It constituted perhaps the most pretentious battle ever waged in this country on these two issues.

On the question of equal suffrage, two states—Montana and Nevada—have on the face of what appear to be definite returns voted to enfranchise their female citizens. Nebraska may yet be found in this column also, while Missouri, Ohio and the two Dakotas refused to grant the ballot to women.

The question of the sale of alcoholic beverages was not so square-cut a fight by reason of the fact that in the various states compromise contingencies or one sort and another served to prevent a flat alignment of the voters for or against the saloon. This was seen in Ohio where a "home rule" amendment came in as a liquor measure, and in Washington where the prohibition provision does not intervene against the citizen shipping into the state alcoholic beverages for his ow consumption. The general result, however, shows that four out of the six states voting on the issue decided to forbid the sale of liquors—Washington, Colorado, Oregon and Arizona. In two instances—Ohio and California—the saloons were retained.

Doubtless there are those advocates of both equal suffrage and of the elimination of the saloon who will be bitterly disappointed at the general outcome, and yet the showing is a remarkable one. It would have been impossible a few years ago for the friends of prohibition and of votes for women to have even approximated the victory they have just won.

Commenting on the result in New York state, Former Governor Sulzer, who brought up the rear as a candidate for governor of the Empire state, declares he made Colonel Roosevelt "look like thirty cents." It must be admitted that the results generally give the colonel's cause the general appearance of that monetary designation, but a lot of other ambitious political enemies of the former president are going to dispute Sulzer's claim to credit for the accomplishment.

The American embassy in London has now taken over the affairs of the Turkish embassy there and for the time being is the sultan's official representative in Great Britain. With British, German, French, Rusian, Austrian, Japanese and Servian interests to conserve in various localities of the world's battlefield, it needed only the addition of the job of diplomacy from Turkey to make the assortment complete. Also, to keep our representatives in foreign lands out of idleness.

Indianapolis advices are to the effect that the mother of Homer L. Cook, newly-elected democratic secretary of state, was so overjoyed at her son's victory that when informed over the telephone of the good news she was unable to speak. Doubtless the same news rendered a good many of Mr. Cook's political foes speechless, also, but for an entirely different reason.

Fifteen hundred men in one South Bend concern have been put to work manufacturing vehicles on a war order. More of that sort of thing spread over the country will constitute about the only phase of the tremendous conflict from which anybody is able to extract any sort of good whatever.

Now that the election is a dead issue, it is high time for

A CARD FROM MR. BITTLER.

Editor Sentinel:

I wish to express my keen appreciation and deep gratitude to the voters of Allen county for the hearty, loyal support accorded my candidacy at Tuesday's election.

The expression of confidence as evidenced by the election returns, is a source of the greatest personal satisfaction and pleasure to me.

It seems a cold, formal and wholly inadequate payment for all this loyalty and zeal to simply say, "I thank you." —If there were aught else that I could say or do, it would be done—until the measure of my gratitude was pressed down and running over.

"Fort Wayne" headquarters will be established at the state capitol on the 10th day of next February. It shall be my constant aim to so conduct the affairs of the office that my supporters at home will never have cause to regret their manifestation of interest in my candidacy.

If I can be of service to the taxpayers in the future, they will only have to command me for any service I may be able to render.

During my incumbency as treasurer of state, a hearty welcome awaits all of the good people of this county. The latch-string will be out to them at all times.

GEO. A. BITTLER.

FOREIGN BORN CITIZENS.

(New York Times.)

There are in the United States today approximately 13,515,000 citizens of foreign birth. In other words, of the 92,000,000 persons who make up the population of the United States, not including, of course, the inhabitants of our colonial possessions, one person in every seven who enjoys the protection of the American flag was born in a foreign land. The foreign population of this country is equal to the total combined population of Holland and Belgium, or of Norway, Sweden, Denmark and Switzerland combined.

These facts are brought out in the last issue of the National Geographical magazine, the official publication of the National Geographic Society of the United States.

"We have," says the National Geographic magazine, "one-sixth as many Canadians as there are in Canada and one-half million more Germans than the city of Berlin; enough Irish to make four Dublins, and enough Italians to make three Romes.

"Five million two hundred and fifty thousand persons came to the United States to make a permanent home in the ten years from 1900-1910. History contains no similar movement of population which in rapidity or volume can equal this. Compared to it the hordes that invaded Europe from Asia, great and enormous as they were, were insignificant."

The Geographic magazine states that its figures are based on reports just made public by the census bureau, and in explanation of the many tables that are published it is said that the terms "Germans," "Austrians," or "Russians" are avoided because of the fact that confusion would follow an attempt to give the race or nationality with the country of birth. Persons born in Germany, for instance, are not all Germans, but include many Poles and peoples of other races, and the same is true of other countries, particularly Russia, Austria and Switzerland.

"A great change," the article continues, "has taken place in the source of our immigrants. In recent years they have been coming from southern and eastern Europe, instead of from the northwestern part of the continent. The natives of Germany, although still the largest element in our foreign-born population, showed in 1910 a decrease of 312,295 from the figures of 1900, and the number of persons who were born in Ireland decreased 263,208. This decrease was due to the fact that the number of newcomers from these countries were outbalanced by the deaths of many who had come over in the fifties and sixties.

In the last ten census years the number of foreign born has increased by 3,174,610 persons. Also 1,209 of our citizens were born at sea.

"While the total foreign-born population of the United States in 1910 amounted to 13,345,545," the article says in conclusion, "it is interesting to note that the people born in this country, one or both of whose parents were of foreign birth, reached a total of 18,897,837. Thus 32,000,000 or more than one-third of the people in the United States are foreign-born or have one or two parents who were foreign-born.

Ends Dry, Hoarse or Painful Coughs Quickly

A Simple, Home-Made Remedy, Inexpensive but Unequaled

The prompt and positive results given by this pleasant tasting, home-made cough syrup has caused it to be used in more homes than any other remedy. It gives almost instant relief and will usually overcome the average cough in 24 hours.

Get 2½ ounces Pinex (50 cents worth) from any drug store, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. This makes a full pint—a family supply—of the most effective cough remedy at a cost of only 54 cents or less. You couldn't buy as much ready-made cough medicine for $2.50. Easily prepared and never spoils. Full directions with Pinex.

The promptness, certainty and ease with which this Pinex Syrup overcomes a bad cough, chest or throat cold is truly remarkable. It quickly loosens a dry, hoarse or tight cough and heals and soothes a painful cough in a hurry. With a persistent loose cough it stops the formation of phlegm in the throat and bronchial tubes, thus ending the annoying hacking.

Pinex is a highly concentrated compound of genuine Norway pine extract, rich in guaiacol and is famous the world over for its splendid effect in bronchitis, whooping cough, bronchial asthma and winter coughs.

To avoid disappointment in making this, ask your druggist for 2½ ounces of Pinex, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this. The Pinex Co., Toronto, Ont.

NO HEADACHE OR NEURALGIA PAIN

WAYNE TOWNSHIP LARGEST GIVER

County Sunday Schools in Good Condition, Says Annual Report.

Wayne township led all the other townships of Allen county in the amount contributed to the county Sunday school organization as was brought out in the report of the treasurer, Mrs. Flora Poole, of this city, at the county convention in session at the West Jefferson Street Church of Christ. The contributions of the townships are as follows:

Aboit	$ 5.80
Adams	9.00
Cedar Creek	18.00
Eel River	4.25
Jackson	5.00
Jefferson	5.00
Lake	6.00
Lafayette	6.75
Madison	6.50
Maumee	6.00
Monroe	8.95
Milan	5.00
Marion	5.25
Perry	10.00
Pleasant	6.00
St. Joe	5.00
Graded Union	5.00
Springfield	15.14
Wayne	60.00
Washington	3.00

Allen county paid to the state treasury during the past year the sum of $145, which makes it a star county of the state organization.

The county secretary, Mrs. Nettie Hubler, submitted her report at the Thursday morning's session in which she told of the splendid work done in the past year by the various county organizations. All townships but two held conventions during the year and every one contributed toward the county fund with the exception of one and that was paid at the county convention She reported that in the county up to date there are 13,915 teachers and scholars. She closed her report by stating that she hopes that in the next year Allen county would become a crown county, which means that she would contribute three cents per member to the state association.

The president, M. A. Mason, of Fort Wayne, appointed committees who reported at the afternoon session. The nominating committee was composed of Solomon Doty, of Milan township; William Hosler, of Eel River; Rev. Charles Metts, of Aboit; Rev. L. W. Nordick, of Springfield, and A. O. Hadley, of Marion. The auditing committee members were: George Philbrick, of this city; M. M. Wellbaum, of Pleasant township, and William Youse, of Madison township.

The convention opened Wednesday evening with a large number of delegates present, Scipio township being the banner township in attendance with 22 delegates present. Miss Pearl Weaver gave an interesting address on "Efficiency," and George N. Burnie, state secretary, spoke in the place of E. T Albertson, who could not come on account of sickness.

SKIN TROUBLE ON HANDS AND FEET

Similar to Ringworm. Tiny Clear Blisters. Skin Rough and Cracked Open. Could Scarcely Use Hands. Used Cuticura Soap and Ointment. Completely Rid of Trouble.

Cassville, Me.—"My hands and feet were affected with a trouble similar to ringworm for a number of years. It first appeared as tiny clear blisters and in places the blisters were so close together that they almost formed one large blister. The skin was rough and cracked open. At times it was so bad that it disabled me; my hands became so sore that I could scarcely use them.

"I used every remedy that I could find but nothing seemed to do any good. Finally I sent for a sample of Cuticura Soap and Ointment and I then got a cake of Cuticura Soap and a box of Cuticura Ointment which completely rid me of the trouble." (Signed) Ray Bryant, Mar. 14, 1914.

Samples Free by Mail

A generation of mothers has found no soap so well suited for cleansing and purifying the skin and hair of infants and children as Cuticura Soap. Its absolute purity and refreshing fragrance alone are enough to recommend it above ordinary skin soaps, but there are added to these qualities delicate yet effective emollient properties derived from Cuticura Ointment, which render it most valuable in overcoming a tendency to distressing eruptions and promoting skin and hair health. Cuticura Soap and Ointment sold everywhere. Liberal sample of each mailed free, with 32-p. book. Address post-card "Cuticura, Dept. T, Boston."

STATE OF WAR IS PROCLAIMED

London, Nov. 5.—(11:35 a. m.)—It was officially announced in London today that a state of war exists between Great Britain and Turkey.

The proclamation to this effect, which subsequently was gazetted reads as follows:

"Owing to hostile acts committed by Turkish forces under German officers, a state of war exists between Great Britain and Turkey from today and all proclamations and orders in council issued with reference to the state of war between Great Britain and Germany and Austria shall apply to the state of war between Great Britain and Turkey."

A privy council was held in Buckingham palace this morning to discuss this action. At its conclusion King George signed the documents proclaiming the state of war, and the announcement was made.

Tracy Jay Kingman will present at the Majestic theater on Monday evening, Nov. 30, two of the world's great artists in joint recital. The artists will be Leopold Godowsky, the world-famed pianist, and Louis Siegel, an Indiana boy, who as a violinist has attained great fame in European countries, and who was Mr. Godowsky's choice as assisting artist in this recital.

At the regular meeting of the Morning Musical society in Elks hall on Friday morning at 10:30 the program will be given by Mrs. Clara Zollars-Bond who is chairman for the morning; Miss Adelia Reynolds, who is an assistant on the committee; Mrs. Florence Huegner-Dukes and Mrs. Smith, who will play a piano concerto, and Messrs. Nussbaum and Koeppla and Miss Reynolds, who will play a trio for violin, piano and cello.

A surprise of the week was the party given on Miss Wilma Hornberger on Tuesday evening by a company of young friends. Games and an impromptu musicale were the chief things of interest after the surprise part of the entertainment wore off. A supper had been planned that gave pleasure to everyone. In the company were Misses Reada Smith, Cecil Pooler, Marie Miller, Sidonia Clark, Ethel Wenk, Margaret Bowman and Franklin Hornberger, Hazen Clark, Eldon Redding, Robert Enslen Ralph Smith and Harry Fruechtenicht

Miss Mabel and Clarence Figel, who live on the Leo road and who are pupils at the High school, entertained several of their friends on Saturday evening. All spent a delightful time and were driven home in an auto 'bus engaged by Miss Mabel's parents for that purpose. The guests were Della Hibler Edna Robinson, Beulah Zobaugh, Gladys Halley, Mary Williams, Lillian Smith Margaret Welker, Zilpha Carter, Margaret Strieder, Helen Stopher, Kathleen Rohan, Richard Stone, Carl Brokaw Stuart Herring, Lawrence Smith, Robert Burns, Noel Risk, D. Meyers and Norman Kendall.

The Friendly Few Pedro club met with Mrs. Charles B. Rundell on Tuesday evening and enjoyed a merry time at the game and otherwise in the enjoyment of the hospitality of the hostess The club members are Mesdames Peter Eggeman, Martin E. Rundell, Clem Reckers, Thomas Greer, Mart Cleary George Tiggs, Fred Hostman, Francis McDarby, Tina Waltemath, Misses Tillie Eggeman, Nan Connell. The guests of the evening were Mrs. H. A. Wiebke Mrs. J. A. Winegart and Misses Laura and Marie Scheffer. Prizes were won by Mrs. C. Reckers, Mrs. Waltemath and Mrs. J. A. Winegart.

Praises Mrs. Dukes, Pianist.

Mrs. Florence Huebner-Dukes played before the Marion Morning Musical club on Tuesday and the Leader-Tribune of that city accords here the following high praise: "The applause accorded Mrs Dukes' numbers was unmistakable proof that her success was instantaneous with the Marion audience. With never a false note to break the harmony and with accurate and amazing technique and keen interpretation Mrs. Dukes played some of the most brilliant and most difficult numbers of the musical world Her tone has a singing quality and she is altogether a human and satisfactory artist. In spite of intellectually, Mrs Dukes' temperament is abundant. Her last number, an arrangement of 'The Blue Danube,' by Schulz-Ever, probably won for her the greatest enthusiasm."

WOMAN'S LEAGUE CHARITY WORK.

Philanthropic Department Starts New Line of Doing Good.

The philanthropic department of the Woman's League is branching out on a new line of work and seeks to interest the farmers of the county to give of their stores of potatoes, pumpkins, turnips, beets, carrots, cabbage, grains and preserved fruits of any form, to the use of the Associated Charities for the winter dispensation as calls come in. The room to hold these food products is loaned for use in the city hall building and O. E. Mohler, superintendent of the Associated Charities work, will have the things in charge and see that they are distributed to only the worthy. The league would also like to have names of persons who are willing to read to the sick in hospitals and take driving the convalescent or sick who have no friends or relatives to do that beneficial and kindly act for them.

AT THE MAJESTIC.

Louise Dunbar Closes Fort Wayne Engagement Tonight.

The size of the audiences at the Majestic this week certainly attest the popularity of Miss Dunbar in this city and there is little wonder. It is a long time since a play of such qualities in every respect has been offered to our theater-goers at popular prices, and time and again the Majestic has housed dollar shows that did not equal the production she and her company are offering this week.

"Driftwood" is certainly one of the sterling old dramas. It is such a strong play that one wonders why it is not in the repertoire of some of our best emotional actresses today.

* * *

Maude Adams at Majestic Monday.

"The Legend of Leonora," in which Maude Adams is to be seen here, is the fifth of Barrie's plays in which the actress has been the central figure in this country. While Barrie has known Miss Adams for a number of years it was only at the beginning of the present season that he saw her act for the first time in one of his plays. The Scotch dramatist promised the little actress when she visited his place in London last July and the surprise came in his visit to this country in September. The author attended the rehearsals of the company and expressed himself as being delighted with what he saw The company surrounding Miss Adams this season is made up of well-known and competent players.

Lauder Tells How He Hit Upon "I Love a Lassie."

It was as a wee mill-boy in Arbroath that Harry Lauder sang his first song in competition, and as he outsang all contestants he received a keyless match as a prize. He worked in a mine until he was able to leave the pit and "go in for the stage." He relates how his famous song, "I Love a Lassie," first came to him. One night, as he was leaving the Palace theater, at Manchester, England, a letter from his wife was handed to him by the attendant, who remarked: "A lady's handwriting, Harry—I suppose you love the lassies?"

"I'm fond of them a'," replied Lauder "but I love only yin."

On his way home he began to hum the words, "I Love a Lassie," and soon afterwards Gerald Grafton collaborated with him in writing the songs that have become so enormously popular.

Not a Federal League Contract This Time.

Fiske O'Hara is considering the offer of an Australian manager for a tour of the Antipodes next summer. The project requires the carrying of an entire American company and the scenery and effects for all of Mr. O'Hara's plays It is quite probable that the contract will be signed in the near future.

AT THE TEMPLE.

Temple's Anniversary Bill.

A thronged house greeted the first performance of the Temple's thirtieth anniversary bill this afternoon and the rounds of enthusiastic applause that greeted every act on the program evidences conclusively that the Temple management's efforts to bring a bill unusually good even for this house of top notchers, to the city for anniversary week have been crowned with success. "Marked Money," a short story classic from the pen of John J. O'Connor, a well known writer, is presented by Frank Readick and Miss Milly Freeman, assisted by Lester Mitchell. Ernie and Ernie's novel skit "The Merry Monopede and the German Girl in Three Feet of Comedy," has plenty to commend it, aside from its absolute uniqueness. The big laugh of the bill will be found in Goldsmith and Pinard's clever act "The Traveling Salesman." Mills and Williams have a remarkable offering called the "Red the Fed and the Fid." It takes at least one acrobatic act of class to balance a vaudeville bill properly and on the current bill Ernest Yerax supplies a regular one. The Temple's usual high grade movie show will round out this high grade bill.

AT THE EMPRESS.

One of the best tenors in the world is headlined at the Empress for the last half of the week, beginning with the matinee this afternoon. He is Frank Morrell, the California boy, formerly the star attraction of the famous "That Quartette." "That Quartette" was the most famous aggregation of singers ever known to vaudeville and Morrell was its most famous member.

The most remarkable one-legged man in the world is featured on this new bill at the Empress. Paul Stephens is a famous equilibrist and he does gymnastic feats with one leg that are beyond the power of some two legged individuals.

The other dandy act on this bill are McDermott and Wallace, singers and dancers, who present an entertaining oddity entitled, "A Little Bit of Everything;" Trovello, the famous ventriloquist, and Mennetti and Sidello, agile envoys from funland, who, with six tables, keep laughter coming continuously from the audiences.

THE ORPHEUM.

"LET US HAVE PEACE."

Timely Dramatic Offering Revolving About Present European Crisis.

The present European strife provided the Rex company with a theme that has manifested itself in one of the best dramatic offerings of the season, and what is assuredly the most timely. "Let Us Have Peace" tells a story of two old men who are veterans of the Franco-Prussian war. At the outbreak of the present trouble, Marteau, the Frenchman, in a burst of patriotic enthusiasm, dons his old uniform, but is seen garbed thus by Schmitt. A quarrel ensued, and the bonds of friendship are severed. The [illegible] the old men, and their supplications fail to bring about a reconciliation.

At a later period a circumstance arises that brings the old friends together once more in a beautiful climax and the fading picture shows them, with hands clasped standing beneath the inscription that is cut upon the tomb of General Grant, "Let Us Have Peace."

The co-feature on the bill is a Sterling release, bearing the title, "Dot's Chaperone," a humorous subject of much merit. The orchestra has selected for today two popular songs that have had quite a vogue lately, the first being the everlasting "National Emblem," while the second will serve to present a hit that was made extremely popular by the noted society dancers, Maurice and Walton, and captioned the "Maurice Glide." Miss Lyon will sing "Forgotten."

AT THE LYRIC.

The Mutual Girl at Lyric.

"Our Mutual Girl," who for weeks has been an attraction that turned the toes of thousands of Fort Wayne movie fans to the Lyric is booked for another series of adventures at this playhouse this afternoon and evening. The usual movie program is being augmented for the last portion of the week by a colored minstrel troupe that stages an unique series of hoe downs, coon songs and comedy features. This minstrel show supplants the usual vaudeville program for the week-end, but the first portion of the coming week will see another trio of big time acts at this theater.

"The Anglers," a Keystone comedy, and "Her Duty," an interest compelling Princess drama are other big features on the movie program for today.

AT THE JEFFERSON.

"THE WOLF."

Eugene Walter's Masterpiece Projected at the Jefferson.

Brilliantly acted and staged, with a fidelity that has never been equalled in a moving picture production seen in this city, "The Wolf," Eugene Walter's powerful drama of the Canadian north woods, came to the Jefferson yesterday, scoring one of the most significant hits ever registered at this popular playhouse. The wild beauty of the primitive north woods was reflected in all its primal beauty and against this picturesque background was enacted one of the greatest dramas ever written. Truly it is a magnificent picture—one reflecting the highest ideals held by the world of photo-drama, and no true lover of what is beautiful and what is effective will miss this splendid treat.

The central figure of the story is McDonald, surnamed "The Wolf," a repulsive man, whose path through life is strewn with the wreckage his lawless habits have created. He is like a butterfly that flits from one exquisite blossom to another, plucking the life-cords and leaving the blossom to wither and die upon the stem. McDonald's character is reflected perfectly in his boastful statement, "I know women too well—they are all alike, and they all fall for me sooner or later." McDonald is the devil on earth in a dress suit, and what he is and what is wrought by his hand is the moving power of this tremendous drama.

The Newest Things in Blouses Are These Black Velvet Jumpers

The newest and most captivating jumpers of black velvet, to be worn over a guimpe of shadow lace or a lingerie blouse, the whole effect being delightfully charming. Shown first at this store, needless to say!

A special collection of black velvet jumpers went on sale this morning at $2.50. The model is made of a splendid quality of velvet, with all edges bound with silk braid. Satin faced revers and sash and tiny jet buttons form the only trimming.

They come in black only and all sizes at the special price, $2.50.

Black Lace Blouses, New and Lovely, at $3.95

It is difficult to describe in cold type the beauty and charm of these lovely little black lace blouses! Their very charm lies in their simplicity of design, yet they are the most fashionable models of the season.

The black shadow lace is built over a foundation of white wash silk. The sleeves are full length, gathered at the wrist, and the high wired collar is in keeping with the fad of the moment. Just a touch of black velvet is used as a trimming on these charming blouses.

All sizes and extraordinary values at $3.95.

TOTTERS FEEBLY TO COURT ROOM

William Rockefeller Enters Not Guilty Plea in New Haven Case.

New York, Nov. 5.—William Rockefeller, Standard Oil multi-millionaire, appeared today in the criminal branch of the United States district court and entered a plea of not guilty to the indictment charging him with conspiracy in connection with his acts as a former director of the New York, New Haven and Hartford Railroad company. He was placed under $5,000 bond to insure his appearance for trial.

Mr. Rockefeller appeared feeble as he walked unsteadily from his automobile into the buiding and to the elevator. He leaned heavily upon a stout stick and his personal counsel, John A. Garver, steadied him by grasping his arm. Neither spoke until they entered the court room. In a husky whisper, audible hardly ten feet away, Mr. Rockefeller said: "Not guilty," after the clerk had asked him how he desired to plead.

Mr. Garver asked the court for the customary period of grace in which the ulea might be withdrawan or changed—a formal request that has been made in the case of each of the sixteen other former defendants who were indicted last Monday. Judge Foster replied that Mr. Rockefeller would be given until Nov. 23, the date that has been fixed in the case of the other defendants, who have already pleaded. Of the twenty-one men indicted, Mr. Rockefeller was the seventeenth to plead.

For the first time in the memory of New York newspaper photographers Mr. Rockefeller consented to pose for his photograph. After he had stood patiently in the sunlight until the photographers had finished, he was asked if he had anything to say. He shook his head and pointed to his throat.

"I can't talk," he whispered.

Mr. Garver walked beside him back to the automobile and together they were driven back up town to Mr. Rockefeller's home on Fifth avenue.

Recipe for Mincemeat

Cut up in a Universal Food Chopper (see illustration), using the medium cutter, 2 pounds of lean fresh beef, boiled and cold, 5 pounds of apples pared and cored, 2 pounds of seeded raisins and ¾ pound of citron. With the fine cutter, pulverize 1 pound beef suet, 1 nutmeg, 1 tablespoonful of cloves and 2 of cinnamon. Add all together with one pound of sultana raisins, 2 pounds of currants, 2 tablespoonsful of mace, 1 of allapica, 1 of fine salt, 2½ pounds brown sugar 1 quart of brown sherry and 1 pint of brandy. Mix all thoroughly together, and stand in a cool place. It will last all winter. Wash the fruit, especially the currants and sultanas, most thoroughly.

The Seavey Hardware Co. furnishes, with each Universal Food Chopper a recipe book of scores of splendid American and German dishes of special interest at this time of the year.

"Universal" Food Chopper

$1

To purchase a "Universal" Food Chopper at this low price is a privilege every housewife should grasp. It is a small size, of course, but it will do the work as well as the larger sizes, which we can furnish, also.

In these days of economizing in the household expenses, a food chopper is absolutely essential for the preparaton of the choicest of foods from "left-overs." Each chopper is provided with four kinds of cutters for preparing meats and vegetables for soups, puddings, salads, cakes, sausage, Scotch collops, Vienna steak, croquettes, omelettes, sandwiches, etc.

SHOP AND RAILROAD NEWS

ORDER FOR BOILER SHOP PRODUCTS

Bass Foundry and Machine Works to Build Thirty-one Steel Tanks.

William C. Slater, of the Bass Foundry and Machine works, returned from New York last night with a contract for thirty-one large steel tanks, which is the largest boiler work contract secured by the company for some time. Work upon the order will be taken up immediately and it comes at an opportune time, as the boiler shop is just completing a contract and would soon have been short on work. The order secured by Mr. Slater also includes parts on which there will be considerable work for the machine shop. This is the second big contract secured by Fort Wayne manufacturers this week, the other being the $50,000 contract secured by the Western Gas Construction company, mentioned by The Sentinel yesterday. If the remaining weeks of November do as well, December will find some of the industries of Fort Wayne in a much more flourishing condition than they have been for two or three months.

AUTOMATIC FIREBOX DOORS.

Indiana Roads Must Have Them in Use January 1.

The Indiana law compelling the installation of automatic firebox doors on all locomotives in the state by the first of next January is just now making a lot of extra work in all the shops of the steam roads operated in the state. Every one is affected and all were slow in getting started at the work. The Pennsylvania Western division has about 200 engines in service and all must be equipped with the automatic doors. Some have them already and the others are receiving them just as rapidly as they can be sent through the shops. These doors are operated by air by means of a pedal so placed that the fireman can place his foot upon it as he is in the act of throwing the coal into the firebox and the door flies open, closing again as soon as the pedal is released.

DISCOVERY PREVENTS ACCIDENT.

Crevice in Embankment Warns Workmen of Danger.

At 6:30 o'clock this morning, as the men engaged in making excavation for the G. R. & I. bridge abutment at Main street, were about to enter the hole to go to work, a crevice was discovered in the embankment to the north, indicating that several tons of earth were preparing to slide down. With a board the landslide was hastened and nobody was caught beneath it. The result might have been different, had not the discovery of the crevice been made. It makes lots of extra work for the men, as the loose earth has to be removed.

GOES ON THE PENSION LIST.

Charles C. Adams, Pennsylvania engineer, has been advised that his application for retirement to the pension system has been accepted and becomes effective at once. Mr. Adams took employment with the Pennsylvania in the capacity of brakeman March 1, 1865, and has been in the service ever since, though in different capacity. Eighteen months later he was transferred to fireman and in July, 1885, became a yard engineer which position he held up to the time of his retirement. He was born in Germany in 1846 and came to America just previous to the outbreak of the civil war and enlisted in the United States navy, serving with Admiral George Dewey when that officer was an ensign.

ENGINEER DICKENS RETURNS.

Engineer R. R. Dickens, of the Pennsylvania, and his wife, have returned from England, where they went three or four months ago to visit relatives and friends, that country being their native land. Mr. Dickens will soon report for duty on a switch engine at Middlepoint, Ohio, which place has been his home for the past year. He says conditions in the old country are most deplorable because of the war, though he was not in the part of the country which is now the scene of a vast battle field.

ENGINEERS MAKE A CHANGE.

C. W. Larimore, one of the extra passenger engineers of the Pennsylvania, who was put back to the freight service a week ago, has taken charge of the switching engine at Plymouth, releasing Engineer John L. Gebert. The latter is taking a week off duty, but next Monday he will take charge of the switch engine at the stone quarries at Middlepoint.

BEST TREATMENT FOR ALL COMPLEXION ILLS

I'll tell you my panacea for all complexion troubles. If the skin be colorless, sallow, muddy, over-red, if it be rough, chapped, blotchy, pimply, or freckled, there's nothing that will so surely overcome the condition as ordinary mercolized wax. The wax literally takes off a bad complexion—absorbs the dead and near-dead particles of surface skin, so gently, gradually, you experience no inconvenience at all. A new complexion is then in evidence, one so clear, spotless, delicately soft and beautiful, you look many years younger. One ounce of this wax, procurable at any drug store, will rejuvenate even the worst complexion. It is smeared on like cold cream before retiring and removed mornings with warm water. The mercolized wax habit is a healthier and more economical one than the cosmetic habit.

If the skin be wrinkled or creased, bathe it daily in a solution made by dissolving an ounce of powdered saxolite in a half pint witch hazel. This acts immediately, effecting even the deepest wrinkle.—Elsie Desmond, in Beauty's Queen.

TO CINCINNATI ON BUSINESS.

Chief Clerk W. L. Wilt, of the Pennsylvania Northwest motive power department, and General Car Inspector O J. Parks left last night for Columbus O., on business for the company.

INDUSTRIAL NOTES.

Pennsylvania Machinist C. L. Hornet is preparing for a visit to Van Wert, O Nick Miller, C. Starke and Fred Geerken, of the Pennsylvania shops, are off duty on account of sickness.

C. E. Wells and A. F. King, trainmaster and assistant trainmaster of the Wabash, respectively, were in the city yesterday.

Two carloads of passengers from England, en route to Utah, were on westbound Nickel Plate train No. 5 Tuesday morning.

R. W. Mitchener, superintendent of transportation of the Nickel Plate, was in the city, calling on the division officials, yesterday.

Engineer E. M. Stokes, of G. R. & I. trains 7 and 8, and Engineer A. R. Downing, of the Pennsylvania, are sick and off duty.

Gerald Traxler and L. J. Woenker, linemen, are at Lima extending the electric lighting system at the Pennsylvania freight depot and yards.

E. R. Mitchell, claim agent of the Lake Shore & Michigan Southern, with headquarters in Jackson, Mich., was a Fort Wayne visitor yesterday.

Elza Shoemaker, trucker in the Lake Erie and Lake Shore freight house, is off duty for a few days and his place is being taken by George Schumann.

Brakeman W. S. Brown, of the Nickel Plate, pitched headlong into a pile of cinders yesterday when he alighted from a moving car. His face was badly cut and bruised.

The troupe that has been playing at the Empress theater left last night on train No. 6, Grand Rapids & Indiana for Grand Rapids, Mich. They traveled in a special sleeper.

Passenger Conductor A. J. Dawson of Pennsylvania trains 42 and 21, Fort Wayne and Crestline, is temporarily off duty on account of an injured eye He got a hot cinder in the optic.

A. B. Criswell, of the Baltimore and Ohio, inspected 200 wheels at the Bass foundry today and tomorrow S. W. Hall, of the New York Central, will inspect an equal number at the foundry.

D. W. Sidall, assistant engineer at the Pennsylvania power station, resumed work this morning. He is engaged in raising poultry as a side issue and was off duty putting his coops in shape for winter.

Mrs. Strawn and Scott Strawn, wife and son of Machinist B. A. Strawn, of the Wabash shops, returned yesterday from St. Louis, where they spent two weeks with her brother, W. S. Cooper and his family.

James A. Lechler, who had been out in the state two or three weeks in the interest of the constitutional amendment voted upon last Tuesday, resumed his place at the lathe in the Wabash shops this morning.

The Mutual Benefit association of the Fort Wayne Electric works will hold its monthly meeting in the assembly hall at 8 o'clock this evening. The association continues to grow and now has 792 names on its membership roll.

Foreman Art Shetzer and his gang have completed some steel construction work for the Baltes Stone company at Montpelier and returned home, after an absence of several weeks. The Fort Wayne Foundry and Machine company had the contract.

Charles A. Bowman, Nickel Plate local freight conductor who had an ankle badly sprained while running to throw a switch at South Whitley ten days ago, is recovering and will soon be at work. Conductor Bowman called at the Nickel Plate offices yesterday for the first time since he was injured. He was accompanied by his little daughter, who had an arm broken some time ago by falling from a window.

The Nickel Plate "Service News" for November contains a page of "Electric Line Information" that will be appreciated by travelers over that steam line and the interurbans. It mentions every electric line crossed by the Nickel Plate between Chicago and Buffalo and many of the towns that can be reached by them. In the list of towns reached by the Fort Wayne electric roads are Bluffton, Delphi, Huntington, Lafayette Logansport, Peru, Wabash, Bellefontaine, Delphos, Lima, Van Wert, Springfield, Decatur, Auburn, Waterloo and Kendallville.

When some Lake Shore cars that were making a flying switch at Angola Tuesday night hit the main string of the train on which Ora Ramey was a brakeman, he was knocked from a car alighting on his head and shoulders in the middle of the tracks. He was not seriously injured, though his train comrades expected to find him dead when they went to his assistance. Bruises on the head and shoulders with the

Property owners in Oakwood Place are urged to join the association. All property owners on Dayton avenue from Beaver avenue to Broadway and those residing on Oakdale and Oakwood are asked to be present.

FARM PITFALLS FOR CITY MAN

Government Advises Him to Try It as Hand Before Investing.

Washington, D. C., Nov. 5.—The department of agriculture receives many letters from city people who have read glowing accounts of the wealth that may be made on the farm. A large percentage of these people have already bought farm land. Some of them appear to believe that the reason all farmers are not rich is because of extravagance, wastefulness, ignorance, and a lack of business ability. To these letters the department's specialists reply much as follows:

"As a matter of fact, farmers as a class are intelligent, industrious, and economical, and many of them are men of good business judgment. Further those who have made a thorough study of the business side of farming know that it is not an easy matter to make money on the farm. Only the most practical and experienced farmers are making any considerable profit out of their business. Most of the money that has been made on the farm in recent years has been made, not by farming but by the rise of price on farm lands. In the nature of things this rise cannot continue indefinitely, and someone will own this land when the price becomes practically stationary or perhaps starts to decline.

"While it is true that occasionally a city-bred family makes good on the farm, this is the exception and not the rule. It is always a risk to invest in a business without first making a thorough study of that business. Many city people who have saved up a few hundred dollars and who have had little or no farm experience, but who are imbued with a rosy vision of the joys and profits in farming, buy poor land at high prices and thereby lose the savings they have been years in accumulating. One city family paid $10,000 cash and assumed a $12,000 mortgage on a farm worth only about $11,000. Another paid $2,000 cash and signed a mortgage for $6,000 on a farm that was later appraised at $3,000. A city family that had saved $2,000 used this money to make a first payment on cheap farm land, and when their eyes were opened found they still owed considerably more than the farm was worth. For seven years they have worked almost night and day to meet the interest, without being able to reduce the principal. These instances could be multiplied almost indefinitely.

"In purchasing a farm great care should be taken to get a good farm at a fair price. To pay or agree to pay more than the farm is worth is to invite failure. From a business standpoint no farm that does not pay interest on the total investment, depreciation on equipment, and wages for all labor performed on that farm is successful.

"Even when great care is taken in making the investment only in exceptional cases should the city-bred family attempt farming. Generally the best advice that can be given to the city-bred man who desires to become a farmer is that before purchasing a farm he work as a farm hand for two or three years. This will give him an opportunity to learn at first hand many things about the business, as well as the practical side, of farming. In no other way, as a rule, can he get good farm training and experience at less trouble and expense or without danger from financial disaster."

Nothing So Clean and Sanitary
So Saving in Fuel
So Everlastingly in Comfort and Durability

As a Favorite Base Burner. If you believe in making every penny count---if you are tired of living in an unhealthy, unsanitary, half frozen house, inefficiently heated by a wasteful, chimney-heating common stove, you should put in a

Favorite Base Burner
For Winter Comfort Burns least fuel—

and at one stroke cut your fuel bills in half and transform your house into a home.

A Favorite Base Burner saves so much in fuel, needs so little care, protects the family health, does away with repair bills, gives vastly longer life to the furnishings and decorations of the rooms, because of absence of ash dust and coal gases—that it can't possibly pay you to buy an inferior stove that would cost you just as much as a Favorite.

Don't put off action on this matter—economize now by making the right investment and insure a clean, sanitary, and comfortably warmed home this winter for your wife and children.

FOUR OFFICIALS TO RUN CONTEST

Friars Have Engaged Best Obtainable to Aid in the Sport.

In order to put on the game scheduled at League park with Evanston supplying the opposition, the Friar athletic management has engaged four officials for Sunday afternoon with a view of avoiding any slips and the list includes A. H. "Cotton" Berndt, referee; Al Feeney, center for Notre Dame varsity team, of 1913, umpire; Sprague, formerly a Yale player, field judge, and Walter Kennedy, of Chicago, who needs no introduction, as head linesman.

Berndt says that he was never "shown" up as badly in his life as he was here on Sunday, when he gave the Wabash team the best of a decision that eventually netted a touchdown, but says that these mistakes occur now and then, but that with him "never again."

There will be four men on the field, all absolutely impartial and all with college foot ball educations and this ought to result in running the game without either annoying disputes and delays and in a manner to preclude any kicks after the affair is all over.

This Evanston team is the cream of the middle west. Last Sunday it won the A. G. Spalding and Brothers' trophy in a game at Comisky park, in Chicago, by beating the Hamburg-Cornell aggregation, the club that has this big White Sox park engaged for every Sunday during the foot ball season.

This has not affected the Friars. The club has found its weak spots in the games with South Bend and Wabash and all the players have been working hard to strengthen up and to be ready to give the Fort Wayne spectators a run for their money in the next clash.

William LeWasha, who played here with Wabash last Sunday, has signed with the Friars and will be pitted against Evanston. Before the season started the Friars were after him and Wabash barely beat the locals to the former Carlisle Indian school player. He played with Island at Carlisle and it is expected that he will greatly help the local club in its future battles.

LeWasha was a famed base ball player in his college days and was once a member of Connie Mack's Athletics, where he was training for the first base position now held by McInnis, but the youngster developed so rapidly that he cinched the place and the Indian was turned loose.

Tuesday afternoon the Friars worked out hard at League park to get Chris Chambers in touch with all the plays and on Thursday night they will get at it again promptly at 7:30 o'clock. The coaches are working like beavers to inject enough foot ball into the squad to insure a good showing against Evanston, as this is regarded as one of the best of the clubs looked for the present season.

GLEASON BOOKED FOR A BIG TASK

Probably Will Be the Next Manager of the White Sox Team.

Philadelphia, Nov. 5.—"Kid" Gleason may be the next manager of the Chicago American league club. There is talk in Chicago of the former Camdenite, who now lives in this city, being appointed to head the White Sox players in 1915.

For some time rumors have been coming out of Chicago that there is going to be a decided change made in the manner of running the American league club there. Charlie Comiskey, the "Old Roman," realized one of the ambitions of his life last winter when he took a team of baseball players around the world.

Comiskey has got about everything else out of the game. He was wonderfully successful as manager of the old St. Louis Browns in the days of the American association. From a minor league magnate he helped Johnson and Somers to organize the American league and put it on a successful basis. His team won the American league pennant in 1901 and in 1906 it landed the American league championship and defeated the Cubs in the world's series.

Since then Comiskey has built one of the finest baseball parks in the country. He has a mighty loyal following in the stock yard district of Chicago and even in such a "lean" year as this for baseball his club made money. While on the world's tour last winter Comiskey's health failed and he was forced to make a short cut to Paris to recuperate.

It is said that Comiskey now desires to turn part of the work over to younger hands and that Jimmy Callahan, who has managed the team for several seasons, will be elected vice president of the club. If this plan goes through it is said to be the intention to make "Kid" Gleason manager of the White Sox.

For several seasons Gleason has been Callahan's right-hand man in the running of the White Sox on the field. Gleason is a great man for getting work out of the players. He was a star pitcher and second baseman for many years. He was Billy Murray's right bower when the latter was manager of the Phillies. There never is any loafing to speak of when the Kid was around.

After a year or two of retirement after Murray left the Phillies, Gleason became head coach for the White Sox. In this position he has been a great success. The Kid certainly should be the logical choice for manager of the Chicago Americans, if any change is to be made in the leadership of the team.

YANKEE TEAM IS THE MAIN ISSUE

Peace Talk Probably Will Be Indulged in At the American Conflab.

Chicago, Nov. 5.—Placing the ownership of the New York club of the American league into new hands was to be the principal issue to come before the club owners attending the annual fall meeting of the league here today. Regarding the predicted change in the ownership of the New York Americans, President B. B. Johnson would only say that the subject would come up for discussion before the meeting adjourned, and that a transfer of the club into new hands might take place. President Johnson declined to disclose the identity of the probable new owners.

It was said, however, that pressure would be brought to bear in the hope of giving New York a winning combination. The appointment of an aggressive manager to fill the place discarded by Frank Chance and a general shake up of the club was forecast.

Discussing the probable attitude of the American league toward "peace" with the Federal organization, President Johnson was quoted as saying that the sentiment of the club owners toward the attempts being made to settle the existing tangles in base ball was favorable, but indifferent.

"Efforts to make it appear that the American league is opposed to peace in base ball have not been based on fact," President Johnson said. "It certainly will not throw any obstacle in the way of those who are endeavoring to find a satisfactory remedy for conditions which every one will admit are bad for the game."

FARRELL ON HIS WAY.

He is Without a Manager and Has Bought No New Players for Club.

New York, Nov. 5.—The departure last night of Frank Farrell, owner of the New York Yankees, for Chicago, to attend the meeting there today of the American league was followed by predictions here that a change in the ownership of the club would be one of the important questions up for discussion by the league club owners.

It was pointed out in support of the prediction that Farrell has no manager for next season, and that no player has been drafted or bought for the 1915 pennant race. From this course it is believed that Farrell fears a fight to retain his connection with the American league and that he does not wish to sign a new manager, or to secure new players until he is certain of his own status in the league.

ELEVEN DEAD IS SEASON'S RECORD

Comparatively Few Hurt So Far in Playing Foot Ball.

BY HUGH S. FULLERTON.

Is football a dangerous game?

Have the rulemakers, in their safety-first efforts to reform the game, succeeded?

The list of casualties since the 1914 season started embraces 11 dead, two fatally injured, 26 severe injuries and about 80 minor injuries. All broken bones are classed as "severe." At first glance it seems a terrible sacrifice to the sport.

Of the 11 dead, six were students, all, save one, in minor schools; the others on outside teams. Of these 11, according to the printed newspaper reports, three were hurt by tackles, three in scrimmage, and the other five by being bowled over by runners not carrying the ball. Of the three injured by tackles both are reported as being injured AFTER making the tackle, by piling or being kicked by runners rushing in after the tackle.

The manner of injuries is significant. They prove that there yet remains the necessity for changes in the rules.

Studied in the light of proportion of players injured in football games, the number of casualties appears small. Taking the proportion of 1914 injuries to the number playing and comparing it with the injuries of 1904 (final report of the season) and it looks as if the rulemakers have been extremely successful in safe-guarding players from injuries.

Newspaper files for 1904 show that about 45 colleges and prep. schools reported games each week. It is doubtful whether there were 240 organized football teams.

The final report for that season was that seven were killed and about 112 injured (class of injuries not stated).

On Nov. 1, 1914, in newspapers from five cities are given the scores of games played by 84 of the larger colleges and by 212 minor colleges and preparatory schools. From these same five papers are taken scores showing 148 high school, grammar school and independent teams. In Chicago alone on November 1 there were reports of more than 40 prairie games and nearly as many on the Sunday following. It would not be surprising if, on November 1 there were played in the United States fully 1,800 games of football by regularly organized teams.

That would mean that nearly 50,000 boys, representing schools, colleges, high schools, preparatory schools and athletic clubs were actively engaged in the sport, which probably was five times the number that were playing it ten years ago.

In reports of forty-two games played by representative colleges not one serious injury is mentioned.

Discussing the question of injuries, it would seem that the rules should be made stricter in two respects. Penalties for "piling" after a down might cure that prolific source of injuries.

The second cause of injuries appears to be from runners who are not actually engaged in advancing the ball. The effort to make interference milder appears of little avail. If runners are out to protect the man with the ball, they practically are out to hurt some one.

The few injuries from actual tackling indicate that open-field tackling is not nearly so dangerous as it was feared it would be with the more open style of play.

SEEKING A GOOD BOXER FOR BOUT

George A. Biemer is seeking a good boy for his November Summit City Athletic club bout and has gone as far as making a try for the services of Charley White, Mike Gibbons and other boxers of fame as he believes that the Fort Wayne public is ripe for the staging of a big show in the next card.

Lewis, White's manager, says that if his boxer wins by a knockout over Freddie Welch at Milwaukee next Monday night there will be no chance for Fort Wayne as this will make him the champion of the lightweights and he will be looking for bigger game.

If he is held to a draw or is defeated he will be open for engagements and there will be no lack of lads in his class who will jump at the opportunity to meet him.

ASKS RECEIVER TO SAVE CONCERN

Sprang Clay Products Company is Said to Be Insolvent.

In a suit filed in the superior court by the Fort Wayne Oil & Supply company against the Sprang Clay Products company for $200 on note and account, the plaintiff asks for the appointment of a receiver for the defendant, which is engaged in the manufacture of drain tile at Sheldon and Aboite stations, in Allen county. The complaint sets out that the defendant owes $16,000, has no means to pay, is about to be sued by other creditors; has $4,000 finished products on hand for which there is a market and is a growing business that will be much better off if kept going than if raided by creditors.

Upon petition from Charles H. Worden, receiver for the Indiana Printing company, to borrow $5,000 to meet wage claims, purchase stock to fulfill contracts, to meet the payroll for the present month, to pay back taxes on the plant and to make some necessary repairs to the building, the superior court has authorized the receiver to procure such a loan and to issue certificates for the indebtedness.

In the superior court the Champlain Realty company has sued Elmer E. Williams for $350 on a note.

Mrs. Thomas Geake Seeks Divorce.

In the circuit court Hazel H. Geake has begun action against Martin Thomas Geake for divorce, custody of two children, aged 7 years and 18 months, respectively, and $3,000 alimony. The complaint says they were married May 26, 1906, and separated the first of this month. The plaintiff alleges that the defendant began a course of cruel and inhuman treatment shortly after their marriage in that he has repeatedly and without cause urged her to get a divorce.

Notes of the Courts.

In the superior court Joseph S. Phillips has begun action against George W. and James J. Adams for $2,000 on a note.

Henry F. Schnelker has brought suit in the circuit court against Emmet Bandelier and others to quiet title to real estate.

Charles E. Vought brings suit in the circuit court against George Dager and others to foreclose a mechanic's lien, demanding $110.

In the suit of Henry E. Eberswine against the Fort Wayne and Northern Indiana Traction company and Ernest K. Allen for $6,000 damages, the circuit court has given the plaintiff judgment for $600 against Allen. A little son of the plaintiff was killed two years ago at the corner of Broadway and Main streets when struck by Allen's automobile just as the lad had alighted from a street car.

Lake Shore Road Wants $5 Year Rental for Sewer Right of Way.

The Lake Shore Railroad company wants the city to pay it $5 yearly rental for a sewer right-of-way across and under its tracks. The city has no authority in law to pay such a rental, but the road insists that it has a hard and fast rule to charge that much and wants Fort Wayne to pay $5 annually to have the sewer lying 150 feet east of St. Mary's avenue cross the railroad right-of-way. The city can do no more than to condemn tthe sewer right-of-way and pay the railroad a lump sum in damages and assess the amount against the property owners. Judge Walter Olds, counsel for the Lake Shore, and Engineer Mosier, of the Lake Shore's Cleveland offices, are conferring on the matter Thursday afternoon.

This is the first time in its history that the city of Fort Wayne has ever been asked to pay for a sewer right-of-way across railway property.

During the conference the question of a sidewalk subway under the Lake Erie tracks at the western end of Boone street was discussed. There is no objection to the opening, but the railroad will stand no part of the cost.

BOARD OF WORKS MEETING.

St. Joe Dike Wall Principal Matter for Consideration.

The principal matter to come before the board of works at the Thursday evening meeting will be the confirmation of the resolution for building a two-foot concrete wall along the St. Joe boulevard dike from Columbia street to Forest avenue and the hearing of remonstrances on that proposal. It is said there will be objection made by some of the property owners in the assessment district.

Other matters to come before the board are the confirmation of assessment rolls for the paving of Putnam street and for cement sidewalks on both sides of Fox avenue, Creighton to Home; sidewalks on both sides of Melita street, Harrison to Webster, and sidewalks on the north side of St. Martin street, Lafayette to Warsaw.

NO. 2 STATION READY TO GO.

Breaks Repaired and Operations Will Be Resumed.

Repairs to waterworks pumping station No. 2 have been completed and Friday morning the pumps will resume operations after several weeks of idleness, occasioned by a break in one of the pumps and the bursting of the huge intake pipe. The repairs have taken longer than was anticipated and other betterments have been made while the pumps were idle. There has been no inconvenience to the public by reason of the shutdown, stations No. 1 and No. 3 having been equal to the task of furnishing an abundance of water.

TO ATTEND PURDUE MEETING.

Mayor William J. Hosey, board of Works Chairman Frank E. Singrey and City Attorney Guy Colerick will go to Lafayette Friday morning to attend the flood prevention meeting at Purdue university in the afternoon. The conference is under auspices of the Upper Wabash and Maumee Valleys Flood Prevention association, of which Mayor Hosey is president. Members of the Indiana flood prevention commission appointed by Governor Ralston will be in attendance and the principal matter for consideration will be what action the Indiana legislature shall be asked to take.

FIGHT PISTOL DUEL IN STORE

New York, Nov. 5.—Two men entered the jewelry store of Max Ernest this afternoon and with a flourish of revolvers ordered him to throw up his hands. His answer was to run to a cash drawer, get his own pistol and open fire. In the duel that followed he was wounded in the arm. The highwaymen fled.

Outside a crowd that heard the shots caught one of the men.

The other leaped to a seat beside the driver of a butcher's wagon and pressing his pistol to the driver's head, ordered him to drive fast. For two blocks the driver whipped up his horse, with the revolver pressing against his head. Finally the pursuing crowd caught up and dragged the highwayman down. The two men told the police they were Tony Rogski and Joseph Dunne, of Brooklyn. Ernest was not seriously wounded.

DECATUR NEWS.

CLOSING OF THE YARDS FELT HERE

Fort Wayne is threatened with a beef famine on account of the closing for nine days of the Union stockyards at Chicago as a big per centage of the beef cattle slaughtered in Fort Wayne is purchased there.

Plenty of hogs can be purchased in Allen and the surrounding counties, and for a time at least it looks like a pork diet for most of Fort Wayne, although some of the packers are engaged in an effort to purchase cattle elsewhere in the state and are confident they will be able to obtain a fair supply.

The Laurents and Hartshorn Packing company has been receiving about fifty head of cattle each week from Chicago and it is trying to locate another market.

At the Fred Eckart Packing company's office the officers of the concern were optimistic, although they admitted they were at sea as to what the result will be.

They have lines out for cattle, but stated that until Friday they could make no autoritative statement of what might be expected. The Leikauf Packing company buys largely in Allen county and says it will be able to get some stock.

The shipment of refrigerated meats into Fort Wayne will probably be curtailed.

RIGHT OUT IN THE STREET.

Coal Company Puts Its Yard Upon a Public Thoroughfare.

The board of works at noon Thursday notified the management of the Home Supply company that it would have to vacate thirty feet of the west end of Grand street that it has occupied with its coal yards. Coal was being placed in the bins when the board got on the ground. Permission was given the Home company by the Wabash railroad to occupy the ground and such permission was based on the misunderstanding of the Wabash people of the rights it got when a part of Grand street was vacated for Wabash freight terminal purposes. The resolution gave the railroad no such right to assign a privilege and the coal company will have to move.

After your daily prayer, "Give Us This Day Our Daily Bread," did you ever stop to think of what importance to our industrial realm, a delicious pie is? Pie is an American institution; if made right, it is the one delicate American pastry that makes the whole country kin. Rich and poor, urban and rural, east and west know it, revere it, devour it. It graces mansion and hovel, banquet table and lunch counter; it is the dessert of millions; in the course of its long and honorable career it has been the friend of the hungry and the mainstay of the hurried. It has followed our flag, advanced with troopers to the front, served in peace and war, fed soldier and preacher; it has oiled the wheels of commerce by permeating its delicious flavor on the palates of traveling salesmen. It has brought fortune to some, fame to others and glory to the name of Mother; it has proved a blessing and the burden it has placed on the shoulders of mother has been relieved by W. F. Geller, who is now furnishing this delicacy from the Geller Bakeries.

FORESTS ARE THREATENED.

European Pine Shoot Moth Introduced Into United States.

Washington, Nov. 5.—Pine forests of the United States are threatened with serious damage as the result of the introduction of the European pine shoot moth, the department of agriculture announced today. Immediate treatment of trees attacked by the moth is urged as a means of stamping out the new pest and thus preventing widespread losses.

The new insect is a small orange-red moth, the young larvae of which came into this country within the buds of imported pine seedlings from France, England, Holland, Belgium or Germany. It has been found thus far in only six localities, in six states from Massachusetts to Pennsylvania. At present the problem of its elimination is [illegible] mainly to nurseries, but if it [illegible] into the native pine forests [illegible] think it would be [illegible]

State Department Denies That It Gave Permission to Produce Film.

Washington, Nov. 5.—The state department has issued and requested publication of the following statement:

"The department of state has been advised that a war picture entitled, 'The Ordeal' is to be presented in motion pictures in New York, and that it is being represented that special permission has been obtained from the secretary of state to allow its presentation. The department desires to state that on October 22 a representative of the Life Photo Film company called at the department and offered to exhibit the film for the department's review, whereupon the representative was informed, in writing, that while appreciating the courtesy, the department could not undertake to act as censor for productions of this character. In these circumstances the department desires to make public that any announcement that the secretary of state has permitted the presentation of this picture is false."

GOING INTO BIG MISSOURI CLAIM

High Court Will Hear Man's Plea for Cool Million.

Washington, Nov. 5.—David Yost's story of his efforts to collect on a judgment of more than one million dollars against Dallas county, Missouri, moved the supreme court to announce it would review the prolonged litigation that had its beginning in the early days of railroad building across the plains. A possible result might be the dispatch of a commissioner, accompanied by federal marshals, to the Missouri county to collect the money.

Yost obtained his judgment in the federal district court in Missouri, directing Dallas county to redeem bonds it issued in 1870 to invest in new railroads. The supreme court was informed that each time the federal district court has issued orders to the county officials to levy and collect a tax to meet the debt, they have refused to obey or gone into hiding.

On Yost's motion to have a commissioner of the courts appointed to make the levy, the case finally reached the supreme court. Yost lives in Pennsylvania.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush kidneys if bladder bothers you.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.

OWES HIS LIFE TO A CRUCIFIX

Tales of Narrow Escapes Come Steadily from Battle Lines.

London, Oct. 25.—(Correspondence of the Associated Press.)—Many narrow escapes and deeds of wonderful bravery have been made by the injured British and Belgian soldiers now recovering in English hospitals. A young lance corporal of the King's Royal Rifles, who is recovering from a bullet wound in his knee owes his life to a crucifix which he picked up in an empty house where he was billeted. A strange impulse compelled him to pick up the crucifix and put it in his haversack.

During an engagement a few days later many of the corporal's comrades were killed by bullets which were almost spent. The young corporal was hit in the knee and later found when taken to a hospital that one of the spent bullets had also passed completely through his knapsack, but had been deflected from his body by the crucifix, one of the arms of which had been broken off by the bullet.

Private W. Hinton, of the First East Lancers, poses as the luckiest man in the army. He was hit by three bullets within a minute without serious injury. One bullet flattened five rounds of ammunition in his belt. Another smashed the magazine of his rifle and a third passed through his cap.

A letter from one of the royal engineers describes the remarkable pluck of Lieutenant R. Pottinger, of Tedmouth. Pottinger and his section were attempting to blow up a bridge under fire. They laid the charge and the section retired. Lieutenant Pottinger and a sapper remained behind to light the fuse. The charge did not explode. The sapper then fired ten rounds of ammunition at the charge without success. Pottinger then said: "I'll make the thing go off." He shook hands with the sapper and walked to the bridge. There he put the muzzle of his revolver into the charge and fired all six cartridges. Even then the charge did not go off and the men had to flee leaving the bridge intact. If the charge had gone off the young lieutenant would have disappeared completely, but the approaching Germans would have been robbed of an easy entry into the allies' territory.

One of the officers on the ill-fated Cressy which was sunk by the German submarines, was severely injured on the head, had both his legs broken and his feet crushed as he was thrown into the air by the explosion. His body was sucked under the water by the sinking cruiser, but was picked up by one of the rescue ships.

Twenty-four hours afterwards the injured officer regained consciousness and his first words were: "Are we downhearted? No!"

A sergeant of the line was made adjutant for his coolness and bravery in one of the engagements in Lorraine. With three men the sergeant was sent across an open field to attract the fire of the Germans so the colonel could tell where the enemy's trenches were and what their probable strength was. A hail of bullets was directed at the four men. They made their way to a small farm house where they climbed up on a tile roof and from the shelter of a chimney began firing at the Germans. Angered by the imprudence of the four soldiers the Germans directed one of their batteries on the house and razed it.

"My smartest patrol leader is gone," the colonel remarked, as he saw the building crumble. The three privates were no more, but the little sergeant was soon seen running across the field toward his command. When the sergeant arrived breathless at headquarters the colonel asked with mock severity why he did not stay to continue the fire.

"Sorry, sir, but the pigs knocked my house down," was the reply.

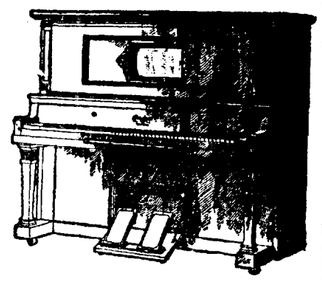
Foley's Honey and Tar Compound for Croup.

Croup scares you. The loud hoarse croupy cough, choking and gasping for breath, labored breathing, call for immediate relief. The very first doses of Foley's Honey and Tar Compound will master the croup. It cuts the thick mucus, clears away the phlegm and opens up and eases the air passages. Harold Berg, Mass, Mich., writes: "We give Foley's Honey and Tar to our children for croup and it always acts quickly." Every user is a friend.—Dreier Drug Co.—Adv.

The Piano



Is the only instrument that the Ages have produced to inspire the love of Music in all---you should secure a piano or player of which you may be proud for a life time.

HOAGLAND NEWS.

Hoagland, Ind., Nov. 5.—Russel Gresley, whose leg was broken several weeks ago when an automobile ran over him, is now able to walk around again and expects to return to school soon.

Mrs. Venis and son, Glen, of Decatur, spent Sunday in Hoagland.

Mr. and Mrs. Paul Smitley are moving in with the latter's mother, Mrs. Barkley, this week. They will rent their property to Mr. and Mrs. Richard Houser.

The date of the box social given under the auspices of the Hoagland school has been postponed till November 25th. There will be entertainment for young and old, and everybody is invited to come.

An accident which proved to be quite painful though not as serious as was at first feared, happened when Kenneth Tucker jumped off a wagon directly in front of an approaching automobile. Frank Drage, of Fort Wayne, who was driving the machine, managed to stop before the hind wheels of the machine went over the boy. No bones were broken, but the boy was badly bruised and will be laid up for some time.

Charlie Hoeppner went to Fort Wayne Saturday to undergo an operation for the removal of his eyeball, which became affected several months ago from a piece of steel lodging there.

Judson Ruckman entered the business college at Fort Wayne yesterday to resume his studies which he began last year.

Earl Smitley made an auto trip to Bryant Saturday.

Enos Harrod has lately purchased a large auto truck for use in the poultry business.

For traffic on Lake Okanogan, British Columbia, the Canadian Pacific railway has launched a steamer two hundred feet long and forty feet wide, steam heated and electrically lighted, and with a passenger capacity of four hundred.

NOVEL MASSAGE CREAM.

Perfect Skin Food That Removes Wrinkles and Clears Complexion.

The most delicate skin will quickly respond to the soothing and tonic effects of Hokara and when this pure skin cream is used, pimples are soon a thing of the past.

As a massage cream or after shaving it is unequaled, removing all irritations, and making the skin soft and velvety.

Apply a little to the hands or face after washing and surprise yourself with the dead skin that comes off.

Hokara is the only antiseptic massage cream, and pimples, eczema and all skin blemishes soon disappear when it is used.

Although far superior to the ordinary massage creams and sold on a guarantee of "best you ever used or money back," yet the price is a trifle, only 25c for a liberal jar; larger size 50c.

Sold on a guarantee by Meyer Bros. Co.—Adv.

It's Up to You—Sentinel Wants are here—at your service—but "it's up to you" whether or not you realize the most out of them for yourself. If you read them religiously every day you will benefit largely—but you will profit to a much greater extent if you will employ them for your own use. Remember—every day is a good Want Ad day. We have heard folks advance theories in favor of every day from Monday to Saturday—but The Sentinel goes to the same people **every day**; and many people get many different kinds of results every day. The best way is to insert your Ad with instructions to run **every day** until you get results. **—Phone 173**

CHICAGO GRAIN AND PROVISIONS.

Chicago, Nov. 5.—Wheat developed fresh strength today on account of continued brisk export demand. After opening ¼ off to ⅛ up quotations gained a trifle and then rose well above last night's level.

The close was unsettled, a shade to ⅞c under last night.

Corn was steadied by the strength of wheat. The opening which was unchanged to ¼ higher was followed by a slight setback.

The close was steady at ⅜c to ¾c under last night.

There seemed to be no urgent call for oats.

Provisions advanced sharply, owing to a big advance in the price of hogs, the result of closing the stock yards here. The greatest upturn was in pork, which on some sales showed a rise of as much as 45 cents. On the bulge, however, packers were sellers and some reaction ensued.

COOK'S VOTE SHOWS A CUT

(Continued from Page 1.)

it was believed only the official count would indicate the winner.

Late returns made little change in previous estimates on state officials, including governor, which indicated the election of the republican state ticket by pluralities of from 15,000 to 30,000.

M'GOVERN IN WISCONSIN.

Milwaukee, Nov. 5.—The Milwaukee Journal's tabulation of Wisconsin's election returns for United States senator at 1:30 this afternoon on all but four counties gives McGovern, republican, a plurality over Husting, democrat, of about 600 votes. The counties yet to be heard from should favor McGovern and it would seem that McGovern is elected.

PRIZE-FIGHTING DOOMED.

San Francisco, Nov. 5.—Prize-fighting is doomed in California on the face of returns from Tuesday's election as compiled today. The proposed law doing away with the fistic sport had been given a majority of votes in the precincts reporting and as votes were distributed throughout the state it seemed probable that later figures would maintain the same ratio against the measure.

Latest returns on the senatorial contest increase James D. Phela's lead materially and virtually removed all doubt of a strong democratic majority. Francis J. Heeney, progressive, was running close to Joseph R. Knowland republican, for second place.

Governor Johnson's plurality over John D. Fredericks, republican, continued to grow as returns came in. Counting of the vote on fifty legislative measures on the ballot proceeded throughout the day.

DIES OF BUCKSHOT WOUNDS.

THE WEATHER

OFFICIAL FORECASTS.

For Fort Wayne and vicinity: Fair tonight and Friday; not much change in temperature.
For Indiana: Fair tonight; Friday fair and warmer.
For Ohio and Lower Michigan: Fair tonight and Friday.

WEATHER CONDITIONS.

A storm which is moving down the St. Lawrence valley has given some rains from the Lake Superior region eastward to northern New England; over practically all other sections of the country fair weather has prevailed during the last twenty-four hours.
While slightly cooler weather has overspread the central states, no very cold weather is reported from any section, the only freezing temperatures reported this morning being from the northern border states and parts of the Rocky Mountain and Plateau regions.
In this section fair weather will continue tonight and Friday with but slight changes in temperature.

MOTORIST WHO HIT CHILD GETS FINE

Albert Blombach Failed to Furnish Notice of His Identity.

Upon his plea of guilty to the charge, Albert Blombach was fined $25 and costs and given a suspended sentence of thirty days in jail on a charge of having caused an accident while driving his automobile and failing to make known his identity. Wednesday Blombach, who resides at 2689 Indiana avenue, ran down and injured six-year-old Alice Bennett, of Melita street, at the corner of Calhoun and Highland streets, and after turning the child over to a stranger, got in his auto and sped away. He was arrested by Detectives Brennan and Rundell. In court he said he thought when he saw the child taken care of by another his responsibility ceased. He had made no effort to procure a physician and made no report of the accident, as the law requires.

Negro Waiter Gets Jail Sentence.

Robert L. Wilkinson, a colored waiter at the Anthony hotel, was fined $20 and costs and given forty days in jail on a charge of petit larceny. To the court's satisfaction it was established by testimony that Wilkinson after being overpaid $10 on a check for $32.50 cashed by A. B. Jackson, the liquor dealer at Calhoun and Harrison streets, refused to make restitution. His attorney took an appeal to the circuit court and Wilkinson furnished bond.

Little Margie Again Appears.

As a fugitive from justice, Mrs. Margaret Bertilla was turned over to an officer from Bluffton and returned to that city to answer a charge of larceny preferred by her husband, a foreigner, who charges that she ran away after stealing some of his clothes. Margie is no stranger to the Fort Wayne police, having twice before been arrested here. Her home is in Huntington. Margie is a strapping, upstanding female, framed like a white hope, with an arm like a blacksmith, while her spouse is a Hop-o-My-Thumb sort of wop whose head goes somewhere above his wife's belt, but falls much short of her collar. They were married September 28. Mrs. Bertilla says she ran away from her husband because he forced her to sell herself to foreigners, while he collected and kept the proceeds of her shame. She was arrested by Officer Galentine.

Joy Riders Assault Man.

Upon complaint of Fred Gaskins, local manager of the Auburn Auto company's sales department, Al McKee, who is flattered by the allegation that he is a prize fighter, and George Lockwood, a chauffeur, are held under bond of $100 each for assault and battery. Lockwood is also under $100 bond on a charge of driving his auto while he was drunk. Mrs. Arthur Swope and a woman who gives the name of Mrs. Smith are under $100 bond for disorderly conduct. McKee and Lockwood and the two women were out joy-riding Wednesday night. They were fixing their machine on Maumee avenue when Mr. Gaskins came along. He resented an insulting remark and was beaten up by McKee, Lockwood and a third man who has not yet been narrested. Officers Brown, Fry and Buuck arrested McKee, Lockwood and the two women. The cases will be heard Friday morning.

Other City Court Cases.

John Connors, a youth of 24, who tried to work the deaf and dumb racket on the south side and was arrested by Officer James Smith, drew $5 and costs for vagrancy.

James McDermot, John Bryan and John Stewart, drunks, drew $1 and costs each, while Charles Miller, a drunk, and Edward Abbott, a loiterer, were turned loose.

ANTWERP NEWS.

Antwerp, Ohio, Nov. 5.—Clide Filley, of Fort Wayne, visited relatives at this place Tuesday.

Charley Herser, who is employed at Fort Wayne, but yet holds his residence here as a voter, came down and put his little X where he thought it would do the most good Tuesday.

Mrs. John Tubbs, of Oak Harbor, O., is spending the week at this place, her old home, the guest of her niece, Mrs. B. A. Zeigler and family.

Reed Groom was a passenger to Defiance Tuesday, called there on business.

The election passed off quietly here, no fights and but few heated arguments. Everybody appearing to have made up their mind to about what they would do when occupying the voting booth. The returns now available indicate a republican victory in the county, this party having elected eight out of twelve candidates on the county ticket. The democrats electing four and Judge Snook on the judicial ticket. The democrats that are elected are clerk of court, treasurer, coroner and sheriff. The county has gone dry by 200 majority, is the latest report.

Floyd Atwill, employed in the office of the secretary of state, at Columbus, Ohio, was shaking the hands of his old friends here Monday.

Mrs. Charles Kigar and daughter, Mary Belle, of Payne, are visiting here this week, the guests of her parents, Dr. and Mrs. G. M. Bratton.

North G. Osborn, of Bellevue, Ohio, was an Antwerp visitor Monday, the guest of Mr. and Mrs. Geo. White and family.

Charley Yager, of Fort Wayne, was a visitor at this place Monday, the guest of his sister, Mrs. Gravills Langham and family.

Mrs. William Coffiet was a passenger to New Waverly, Ind., Monday, where she will visit this week, the guest of her daughter, Mrs. A. H. Davis and family.

Berthelot officiating. Mr. and Mrs. Fred Hertle, of this place, acting as best man and lady.

J. P. Mooney, of Fort Wayne, returned to the home of his youth Tuesday, where he exercised his right of suffrage, having always held this as his voting place.

Mrs. Adam Beadle, one of the pioneers on the Maumee, died at her home in Crane township Monday at the advanced age of 79.

Russell Banks, who is teaching in the schools of Marysville, O., was the guest of his parents, Mr. and Mrs. R. S. Banks, at this place Tuesday, returning to his school duties again Tuesday evening.

W. F. Fleck, who has been spending the past week at Columbus, Ohio, where

LECTURES BY DR. MOLLAN.

United States Veterinarian Talks on Subject of Hog Cholera.

Much interest is being taken in the hog cholera educational campaign being conducted in Allen county by Dr. Paul A. Mollan, United States veterinarian, who is co-operating with Purdue university. Dr. Mollan spoke Tuesday evening in the Maysville hall to a large audience of farmers.

Wednesday morning Dr. Mollan gave a vaccination demonstration at the farm of Andrew J. Surface, one mile east of Huntertown. Another demonstration was given in the afternoon at the I. S. F. M. Y. farm, three miles from the city, on the St. Joe road. At this time he vaccinated eight hogs.

Dr. Mollan left Thursday morning for Markle, Huntington county, where he is scheduled to give a demonstration under the supervision of the Markle Community association. He is expected to return to Fort Wayne Thursday afternoon to hold a conference with C. Henry, county agent. Demonstrations will be given in this county Friday and Saturday.

WARSHIPS STILL MISSING

NO ENGLISH CRUISERS REACH CHILEAN PORTS

London, Nov. 5.—(2:00 p. m.—Although England continued today to await with some uneasiness official news as to the fate of certain of her warships in the Pacific coast which were engaged last Sunday with a German fleet off the coast of Chile, this anxiety has been in a measure counterbalanced by the apparently favorable situation of the allied arms, both in the eastern and western arenas.

The first German rush for the French coast having been checked, the news of the next few days will determine the truth or falsity of predictions as to the seriousness of the renewed German attempt to get to the coast by a more southerly route.

There was nothing in the reports from West Flanders during the forenoon to indicate the trend of the new German attack, although Ypres continued to figure in the dispatches as the military key against which the Germans proposed to deliver their hardest blows.

Opinion here is divided as to whether this fresh attempt to open a way to the channel will rival in intensity the struggle along the Yser. Some British optimists hold that the apparent exhaustion of the Germans is an indication that they are really planning to fall back, as they did before Paris, on the entrenchments they have been so carefully preparing everywhere back of their lines. If this does occur it will mean another period of siege warfare along the entire front in Belgium and France, a condition which probably will persist until one side or the other starts off on a new tangent.

Meanwhile indications are that naval operations will become daily more prominent, particularly as Turkey's entrance into the situation widens the field for such warfare.

FIGHTING INCH BY INCH.

Renewed German Attack Expected in Region of Dixmunde.

Paris, Nov. 5.—Renewed violent attacks on the part of the Germans were expected today in the region of Dixmunde. The recent efforts of the enemy in this section of the country in spite of the fact that they have been reinforced by new contingents of reserves as well as by active troops are believed here to have been unsuccessful.

According to the latest review of the situation made in Paris both the allies and the Germans are fighting hard for every inch of this territory. The Germans, for the time being, appear to have abandoned their advance on the channel ports. This being accepted as correct the Germans are preparing to try other tactics. The French and English commanders in the opinion of French observers, are satisfied with the result of the efforts they made yesterday as well as with the general situation.

The question of the duration of the war is being continually asked in France and as often answered. One of the latest estimates is made by Gen Berthaut, who predicts that hostilities will end in three months. The general admits that the siege of Sebastopol lasted two years, but says there is no reason to conclude that the present war will run such a protracted course. The relatively small armies engaged in the Crimean war made possible such prolonged contests. The general argues today that one will see Germany confronted by the necessity of placing enormous forces of men on two fronts, reaching the point of exhaustion before either France or Russia, and that this period of exhaustion may be expected in three months. France also may be expected to reach the limit of her resources but not so quickly as Germany.

NOT IN CHILEAN PORTS.

No Trace of British Ships Since Battle With Germans.

Santiago, Chile, Nov. 5.—No further news has been received here concerning the naval engagement off the coast of Chile last Sunday in which German and British warships participated. No British warship has arrived so far as is known here at any Chilean port, nor has any wreckage been found on the coast.

The only information in the hands of the British legation here is that from German sources.

Today's War News Given in Summary.

No British warships are in Chilean ports. The fate of the three British cruisers that engaged five German warships off the coast of Chile and the transport that accompanied them remains a mystery.

On this mystery is based the British hope that one or more of their vessels survived the action. A dispatch from Santiago today disposes of an earlier report that the British cruiser Glasgow and the transport Otranto had been bottled up in Chilean waters by the German cruisers Leipzig and Bremen. The whereabouts of the two latter cruisers is also in doubt. Of the nine vessels that figured in the naval battle only the German warships Scharnhorst, Gneisenau and Nurnberg have been definitely accounted for. After coming into Valparaiso they again sailed.

Great Britain has declared war on Turkey and the Ottoman government, despite dissentions in the cabinet, is definitely committed to hostilities against Great Britain, Russia, France and Servia. While Turkey becomes in effect an ally of the Teutonic allies, she is strictly speaking, waging an independent war upon Russia, because of an alleged attack upon her by the Russian navy, nd upon the other countries involved because of their espousal of the Russian cause.

The new drive for the seacoast of the heavily reinforced German forces in Belgium has been met by a counter offensive of the allies in the vicinity of Ypres.

"The Franco-British lines have at no point drawn back," says the afternoon French official statement," and our troops undertaking the offensive have made notable progress in several directions."

It is declared that the allies have made slight progress to the east of sians claim that the Germans are tacks from Dixmude to the Lys are being made with less energy. Renewed German activity is reported on center without notable change and on the right of the allies the situation remains deadlocked.

Great Britain has formally annexed the island of Cyprus in the Mediterranean, which has remained long under the suzerianty of the Turkish sultan, though with a British administration.

The Russian war office announces that Russian troops have entered Turkish Armenia, defeated the Turks and occupied four towns. The Russians claimf that the Germans are falling back, not only in Russian Poland, but also on the east Prussian frontier and that Russian troops have penetrated at points on the east Prussian border.

ZION CITY BOWS TO QUARANTINE

Chicago, Nov. 5.—With thirty-five cases of smallpox in their midst, the religious colony of Zion City, Ill., founded by the late John Alexander Dowie, with faith healing the most notable feature of belief, bowed today to strict quarantine measures.

Wilbur Glenn Voliva, present head of the cult, has fought the use of ordinary precautionary measures since the malady became epidemic, but he is said to have given way on all points today except vaccination. Compulsory innoculation against the disease is not permitted by law, but 300 non-church members employed in a factory there, bared their arms to the surgeons.

CONTEST RESULT AT TERRA HAUTE

Terre Haute, Ind., Nov. 5.—Charles L. Pulliam, republican candidate for judge of the circuit court here and who was defeated by ten votes by Eli H. Redman, democratic candidate, announced today that he had taken steps to contest the election of Redman.

Republicans will ask that several precincts be thrown out of the totals on the ground that fraud was committed. It is probable that other defeated candidates also will file contests.

COOK'S VOTE SHOWS CUT

Secretary of State Has Run 25,000 Behind Senator Shively.

TOTALS CHANGE BUT NOT RESULTS

Constitution and Centennial Meet Overwhelming Defeat.

Indianapolis, Ind., Nov. 5.—Official and more complete unofficial returns from the election in Indiana Tuesday, may make considerable change in the totals of the leading candidates. Returns from many of the strong democratic precincts were among the latest to come in, but they swelled the vote of B. F. Shively for United States senator and Homer L. Cook, for secretary of state.

According to these official and unofficial returns from 2,849 precincts out of 3,171 in the state, Shively, for senator, has a plurality of 55,592, and Cook, for secretary of state, 31,466. Cook seemingly has run nearly 25,000 behind Shively.

Reports from 2,489 precincts in Indiana, including 157 precincts in Marion county, give a total for senator of: Shively, 247,287; Miller, 191,695; Beveridge, 91,237.

Returns from 2,540 precincts in Indiana, including 157 precincts in Marion county, give for secretary of state: Cook, 217,168; Jackson, 185,702; Pierson, 77,831.

Scattering and far from complete returns from over the state indicated an overwhelming defeat of the two constitutional amendment propositions, one for a constitutional convention and the other for the establishment of a state tentennial memorial.

The following vote was recorded: Constitutioinal convention, yes, 22,888; no, 64,533. State memorial, yes, 74,991; no, 126,059.

There was no change in the returns on Indiana's congressional vote, the democrats having re-elected their men in the First, Second, Third, Fourth Fifth, Sixth, Eighth, Ninth, Eleventh Twelfth and Thirteenth districts, while losing to the republicans the Seventh and Tenth districts. Merrill Moores, a former classmate of President Taft, and Will Wood of Lafayette were the republican victors in the Seventh and Tenth districts, respectively.

CURTIS LEADS IN KANSAS.

Topeka, Kas., Nov. 5.—With the returns practically complete in all but three counties in Kansas early today, former Senator Charles Curtis, republican, appeared to be leading in the race for the United States senatorship by about 1,000 votes over Representative George A. Neeley, democrat. By many

BITTLER MAY HAVE 45,000

George A. Bittler, of Fort Wayne, victorious democratic candidate for treasurer of state, may have a plurality of 45,000 votes, according to enthusiastic friends who wired him from Indianapolis to that effect Thursday afternoon.

Mr. Bittler, however, believes 35,000 will be nearer the correct figure when the count is complete. He has been flooded with messages of congratulation, among them being one from Vice President Marshall.

COPPER KING LEFT NO WILL

Saratoga, N. Y., Nov. 5.—F. Augustus Heinze, the copper mine owner, who died here last night, left no will. This became known this afternoon when Mr. Heinze's lawyers obtained from Surrogate Ostrander anorder appointing Mrs. Lyda M. Feitmann, of New York city, Mr. Heinze's sister, administratrix of his estate. The papers filed with the court placed the nominal valuation of "more than $10,000, on his estate. The lawyers intimated that the estate's affairs are somewhat complicated and that public estimates which have been made heretofore are largely in excess of its actual value.

Mr. Heinze's body was taken this afternoon to New York city, where the funeral will be held tomorrow.

PEACE TALK IN BASE BALL WAR

Chicago, Nov. 5.—Behind closed doors, directors of the American league went into annual session here today with peace in the world of base ball and the possible change in ownership of the New York American league team, their principal topics for discussion. The directors' meeting preceded the annual league meeting and when called to order by President Johnson those attending were Benjamin S. Minor, of the Washington club; Frank J. Navin, of Detroit, and B. F. Shibe, of Philadelphia. Robert L. Hedges, of St. Louis, the fourth director, was expected later.

FIGHTING NEAR AMERICAN LINE

Del Rio, Tex., Nov. 5.—There was fighting yesterday near the American border between Carranza and Villa troops about fifteen miles up the Rio Grande from here, according to American hunters arriving here today.

Attempting to hunt in Mexico, they were ordered back by Mexicans, who informed them there was a battle in progress.

GOV. RALSTON MAKES APPEAL

Asks Indiana Aid for Sufferers from the War in Europe.

UTTERANCE IN A PROCLAMATION

Governor Declares Call is in Behalf of Common Humanity.

Indianapolis, Nov. 5.—Governor Ralston today issued an appeal for funds to aid the sufferers from the European war. His proclamation follows:

"Whereas, Urgent appeals have come to the people of the United States, and the state of Indiana, for material aid and assistance for the sufferers from the present European war; and

"Whereas, This is a call in behalf of common humanity—to feed the hungry and clothe naked victims of the most destructive war in all history—and as such is paramount to any and all other considerations; and

"Whereas, The people of the United States and of Indiana, in past times of trouble and distress, have been the beneficiaries of the sympathy and generosity of the people outside our borders;

"Now, therefore, I, Samuel M. Ralston, governor of the state of Indiana and ex-officio president of the Indiana Red Cross, do hereby make an earnest appeal to all the people of the state for money contributions or donations of cured meats and other non-perishable food and medical, hospital and all needed supplies. This fund and these supplies are to be collected and forwarded by the American Red Cross which will distribute them impartially among the European war victims, regardless of nationality or locality; provided, however, that all contributions

Charles Manchester; missionary, Mrs. Charles Youse, of Monroeville; temperance, Mrs. Nettie Hubler, of Hoagland, and press committee, Zola Davis, of R. R. 15, Fort Wayne.

400 FLEE FROM FIRE AT QUEBEC

Quebec, Nov. 5.—Fire in the factory of Gale Brothers, shoe manufacturers, menaced the entire factory section of Quebec this forenoon and brought all the fire fighting apparatus in the city to the scene.

The flames were quickly quelled. Four hundred workmen in the factory escaped although for a time it was feared that many would be cut off by the flames. The damage will approximate $80,000.

SUCCESSOR NOT CHOSEN.

President Accepts Resignation of Mint Direcor Roberts.

Washington, Nov. 5.—President Wilson today accepted the resignantion of George E. Roberts, director of the mint, to take effect Nov. 15, but has not decided upon his successor. Mr. Roberts goes to the National City bank of New York.

BOTH GET AN ADVERSE VOTE

Allen County Opposed to New Constitution and Memorial Building.

PROJECTS ARE HARD HIT HERE

Official Totals Computed on Various County Candidates.

Voters of Allen county went on record at Tuesday's election as opposed to a constitutional convention for Indiana by a vote of 10,061 to 6,363.

They also registered their emphatic disapproval of the project to erect a centennial memorial building by a vote of 12,430 to 3,318.

The official figures show that Senator Shively's plurality over Miller is 2,530, which is more than the earlier figures indicated. Shively's total vote in the county is 8,107, Miller 5,577 and Beveridge, 1,689. Reynolds, the socialist candidate, received a total of 982 and Haynes, the prohibition candidate, 340, which show the strength of these two parties in the county.

Cook, democratic candidate for secretary of state, received a total of 8,035 over Jackson, republican, who received

ENGLAND ANNEXES ISLE OF CYPRUS

London, Nov. 5.—(11:38 a. m.)—Great Britain today formally annexed the Island of Cyprus in the Mediterranean, which nominally formed a part of the Turkish empire.

The defensive alliance between Great Britain and Turkey having become annulled by the outbreak of war, the British government decided it was necessary to appropriate the island in order that proper provision might be made for its government and for its protection.

The island, since the Anglo-Turkish convention of 1878, had been occupied and administered by Great Britain, though it had remained under the suzerainty of the sultan.

LAST-MINUTE NEWS

VERY LATEST RETURNS ON HOUSE.

New York, Nov. 5.—With four congressional districts still uncertain, results of Tuesday's election show that the democrats elected to the house 228, republicans 194, progressives 7, socialists 1, independents 1. This would give the democrats a majority in the lower house of 25. Republicans claim the election of James J. Britt over J. M. Gunger in the Tenth district of North Carolina; N. M. McLean, republican-progressive in the Third Colorado district, and C. B. Timberlake in the Second Colorado. The democrats claim the election of G. Thelvering in the Fifth of Kansas. In that event there would be a democratic majority of 23.

STOCK YARDS TO CLOSE NINE DAYS

Chicago, Nov. 5.—The closing of the local stock yards will last nine days beginning next Saturday, it was announced today.

The foot and mouth disease has broken out in the luxurious stalls outside the stock yards where 1,100 fancy cattle gathered from Canada and twenty-eight states of the union are quartered.

Eighteen cases were found among them, and, according to B. J. Shanley, chairman of the Illinois Live Stock commission, infection of the others is feared. Six hundred common cattle were killed inside the yards today and laborers were at work on the long trenches in which the carcasses will be covered with quick lime, the eighteen bovine aristocrats with their plebian brothers.

ENGLAND FEARS LOSS OF NOTED NAVAL MAN

London, Nov. 5.—Naval news looms large in London. The British public is seeking further details of the action last Sunday off the coast of Chile, but no continued efforts are being made to minimize this disaster. Great anxiety is felt concerning Rear Admiral Sir Christopher Cradock, whose fate probably will not be known until it has been definitely determined what has become of his flagship, the cruiser Good Hope. The British public, however, is not left without some crumbs of comfort, as Berlin officially admits the loss of the cruiser Yorck, blown up by a mine near Jade, one of the outlying defenses of Wilhelmshaven, while in shipping circles in London it is declared that the career of the German cruiser Koenigsberg, in the Indian ocean, has been ended.

Sir Percy Scott, England's greatest gunnery expert, and a champion of the use of submarines, as against dreadnoughts, has rejoined the admiralty. As he has been known in the past as a supporter of Baron Fisher, it is expected he will uphold the new policies already inaugurated by the first sea lord of the admiralty.

Russian Forward Movement.

Further details from the scene of fighting in the east indicate, in the opinion of English observers, that the forward movement of the Russians has become general. Even the Russian left wing which has been held stubbornly by the Austrians for weeks past, has joined in the advance. This is admitted by a conservatively worded official report given out in Vienna, which declares that the Austrians, having maintained their position on the Lysagora mountain, where the Teutonic allies pivoted in order to let the rest of the army complete its wheeling movement to a new line, are now retiring. At the same time Austria sets forth certain minor successes along the line from the river San to Jaroslau.

Petrograd, however, makes positive assertion that the Austrian movement is a retreat, amounting to a rout, in which the Russians have taken many prisoners and much booty. According to reports in the Russian capital Gen. von Hindenberg, the German commander, is continuing his retiring movement in Russian Poland, while desperate fighting along the frontier of East Prussia has enabled the Russians to cross the border at several points. A significant phase of the eastern campaign is indicated by a report from Rotterdam that the ninth German army corps has been transferred from Belgium to East Prussia.

Two Points in West.

In the west attention is concentrated on two points: Ypres, where much of the hardest fighting of the war already has taken place, but where it is expected the Germans are yet to deliver the full fury of their assault in the effort to gain the French coast and Soissons, where the Germans have gained some positions captured by the British when they first crossed the river Aisne. Along this line a tremendous attack probably already is under way. The outcome may be of the greatest importance. The Turkish ambassador left London today and Great Britain gave formal announcement of a state of war between the empire and Turkey. These events, coupled with the action of British cruisers in bombarding Turkish ports, constitute the extent of the known activities this morning in the Turkish situation.

VON KLUCK DEAD, RUMOR IN HAVRE

Paris, Nov. 5.—(3:55 a. m.)—The correspondent of the Excelsior at Havre says he has from a source which he cannot designate, news of the death of Gen. von Kluck ten days ago in a hospital at Namur, where he was treated for a wound in the head. The news of the alleged death, the correspondent says, has been carefully concealed in Belgium and Germany.

Gen. von Kluck, who led the dash of the German right wing which got to within a few miles of Paris in the first month of the fighting has been reported within the last few days in official communications as directing his army in the fighting on the river Aisne. When the zone of severe fighting shifted to Belgium and the German right wing was extended into that territory Gen. von Kluck, following his skillful retreat from the vicinity of Paris remained in the position he had taken on the Aisne. The fighting there recently has been overshadowed by the operations in Belgium and Gen. von Kluck and his army, according to reports, have been given a much needed rest.

MAKE GAIN IN SENATE

While Democratic House Majority Dwindles to About 25.

LEADERS SAY IT IS "SUBSTANTIAL"

Republicans Also Able to Find Much Cause for Jubilation.

Washington, Nov. 5.—Democratic administration leaders today claimed a "substantial majority" in the house and continued control of the senate as a result of the elections for the next congress.

On returns which were not yet complete the democrats asserted that their majorities in the senate had been increased from ten to fifteen. In the house the returns indicate that the present overwhelming democratic majority of 148 had dwindled to about 25.

With this the democratic leaders profess themselves satisfied, declaring that it was the greatest majority "ever returned by any party in an off year following a tariff revision."

The democrats also asserted that the returns showed that the progressive party had practically disappeared and that therefore the democratic victory was a triumph over a reunited republican party.

Republicans Jubilant.

Republicans, however, were jubilant over the results. They asserted that the progressives were returning to the fold and that by 1916 the way would be cleared for a sweeping republican victory. They were prepared to welcome "Uncle Joe" Cannon and many of his erstwhile followers who had fought their way back to seats in the house, after their defeat in 1912.

Three breaks in the solid south which democrats have held for so many years were pointed to as indications of democratic weakness. Republicans elected from Maryland and North Carolina, and a progressive seated in the third Louisiana district gave aid and comfort to the opponents of the administration.

House Will Reorganize.

The next congress will see a general reorganization of the house. Speaker Clark, who was returned by a goodly majority from his district, will undoubtedly be the democratic choice for speaker. But the election of Representative Underwood to the senate from Alabama will provide a contest for the democratic leadership in which Representative Kitchen, of North Carolina, ranking member of the ways and means committee, will take the leading part.

The reduced majority of the democrats will also necessitate many changes in the reorganization of the powerful house committees. In the senate even a slight increase in the present narrow democratic majority, will strengthen the administration which during the present congress has at times been somewhat embarrassed by the slender margin of control.

SHERMAN IS VICTOR.

Republican Senator in Illinois by About 6,000 Votes.

Chicago, Nov. 5.—Senator Lawrence Y. Sherman, republican, was re-elected in Tuesday's election by 6,000 or more plurality over Roger C. Sullivan, democrat, according to almost complete returns available today. The missing precincts are scattered in rural regions of the state and are about equally divided between democratic and republican territory. Senator Sherman early today declared his plurality should total 10,000 or more, while Sullivan still contended that the official count would make him winner.

Edward M. Santry, who a few years ago was known to followers of the prize ring as one of the leading featherweight boxers, has been elected to the Illinois legislature from Chicago, according to latest returns today. He plans to favor a boxing bill for Illinois.

DRY MAJORITY INCREASES.

Anti-Saloon Forces Emphasize Victory in Washington.

Seattle, Wash., Nov. 5.—Outlying precincts of the big counties reported in force early today and rolled up a majority for the initiative prohibition law. Fourteen hundred and eighty precincts gave for prohibition 126,965 against 116,688.

The new law will go into effect January 1, 1916. It forbids sale or shipment of liquor, even by clubs, but provides that users of liquor may have limited quantities shipped to them for their own consumption, under stringent restrictions. A proposed constitutional amendment to permit aliens to own property in cities was defeated by a large majority. It was alleged that a joker in it would have enabled aliens to hold farming land.

WILL FINISH SATURDAY.

Transit Work on Southern Route of Canal Nearing an End.

The transit work on the southern route of the proposed Toledo, Fort Wayne and Chicago barge canal will probably be completed by next Saturday night by W. B. Cheek and his party. Cheek stated Thursday that he is within six miles of Lake Michigan.

The survey on the southern route of the proposed canal has already been started by L. B. Glasgow and his force. Glasgow expects to have this work completed within the next six weeks.

Leonard G. Thomas and Allen W. Green, who are making investigations in the Maumee river, are trying hard to complete their work before cold weather.

A carpet-rag social and an oyster supper will be given next Saturday evening, November 7, at the Scarlet schoolhouse in Washington township.

The Store That Does Things

SIX MEN PERISH IN A NEW YORK BLAZE

New York, Nov. 5.—Six men were burned to death in a fire which swept through a four-story lodging house at 362 Eighth avenue this morning. Fifty were sleeping in the structure when the fire was discovered. Firemen made many thrilling rescues.

Most of the forty-four men who were saved were carried to the street by firemen. A score of sleepers were overcome in bed. The bodies of the six men who perished were found on the bedsprings—the mattresses had been burned—so charred that they could not be recognized. More than a dozen unconscious men were carried down the fire escapes and extension ladders.

Fifteen panicky men on the top floor were quieted by firemen and they crawled along a narrow ledge to a window of a building adjoining. Others from this floor and the one beneath were carried down extension ladders to the street. Within thirty minutes the fire was out. The origin was traced to a storeroom on the second floor which contained benzine used for cleaning.

SEE NO DANGER OF MEAT FAMINE

Packers Say Closing of Chicago Yards Will Not Cause It.

Chicago, Nov. 5.—Danger of a meat famine resulting from the closing tomorrow of the Union stock yards, the largest live stock market in the world for the purpose of eradicating foot and mouth disease, is remote, officials of leading packing companies announced today.

Prices of meat will not be perceptibly affected, they said, and even if the prices are slightly raised the advance will be so small that dealers and butchers will not take advantage of them. Storage houses are well supplied with meat, it was announced, and many of the Chicago packing companies are operating plants in other cities where there has been no infection among cattle of foot and mouth disease—the malady which caused federal and state officials to order the Chicago yards closed.

"There has been no cases of the disease reported in the west," A. G. Leonard, president of the Union Stock Yards and Transit company, said, "and the west is the biggest source of supply of meat animals. The packers are well supplied to handle shipments at Omaha Kansas City and other western plants."

Orders closing the Chicago yards will go into effect at the close of business tomorrow and continue until the opening of business on the second Monday thereafter, or Nov. 16. Business will be suspended, therefore, for nine days. The immediate effect of the suspension order will be to stop the shipment of cattle sheep and hogs to the Chicago market which amounts to almost 100,000 head daily and a daily business outside of the meat packing industry of $1,200,000 The order affects directly and indirectly 35,000 employes. A great majority of them will be idle during the suspension

The closing of the yards was ordered yesterday following the finding of six infected steers among a herd of 600 "feeders" and eleven infected Holstein cows, which were exhibited at the recent national dairy show. In nine days, government experts predicted, the yards will be thoroughly rid of contagion. The process of elimination of the disease will include the destruction of infected cattle, the disinfection of cattle pens and cars and the killing of all rats.

For secretary of state—Cook (D.), 2,341; Jackson (R.), 2,310; Pierson (Prog.), 1,496. For congressman—Rauch (D.), 2,509; Stricler (R.), 2,345; Shively (Prog.), 1,463. All but four officers on county ticket elected by democrats.

QUIT CHASE FOR ESCAPED LUNATIC

New Brunswick, N. J., Nov. 5.—Richard von Krebs, the escaped lunatic who was hunted by posses in the woods near here last night as the assailant of Mrs Mary Rheit, who was shot and killed and her husband, Henry, who was mortally wounded, was still at large. The hunt was called off as it is believed he fled the state.

The police, going back over von Krebs record, said that one of their first experiences with him was in 1911 when he tried to approach Woodrow Wilson who was addressing a political meeting here. This was when Mr. Wilson was governor of New Jersey. Von Krebs nearly broke up the meeting, the police said, and was ejected. He said afterward, according to the police, that he wanted to get to the platform to ask Mr. Wilson a few questions.

PISTOL IN COAT HE STOLE.

Prisoner Frankly Tells Judge How He Came to Posses Revolver.

New York, Nov. 5.—After William Poisker, of 125 East Fiftieth street, had pleaded guilty to the charge of possessing a revolver before Judge Rosalsky in general sessions, he was asked where he got the revolver.

"Must I tell that?" Poisker asked.

"Yes," said Judge Rosalsky.

"I stole an overcoat from a First avenue restaurant and the pistol was in the coat pocket. I had it only a day when the police arrested me."

Poisker was remanded for sentence pending an investigation of his story.

No Charge for Examination.

INDIANA PUTS UP STOCK BAR

Indianapolis, Nov. 5.—Importations of cattle, sheep or swine into Indiana from either Michigan, Illinois, Ohio or Pennsylvania, were forbidden by a proclamation issued by Governor Samuel M. Ralston, of this state, late yesterday. The importation of hay, straw or fodder from those states also is prohibited as a means to check the spread of the foot and mouth disease among cloven hoof animals.

The governor sets forth in his proclamation that shipments of stock from the states named "would be prejudical to the health of the domestic animals of this state and a menace to its entire animal industry as well as to the health of the people and their food supply."

The four states, together with Indiana, are all under quarantine, established by the federal bureau of animal industry, because of the disease.

As a matter of precaution, it was explained, a quarantine similar to the one in force on the Chicago stock yards, was placed on the Indianapolis stock yards. No cases of the foot and mouth disease has been discovered in the local yards.

BERLIN DENIES RUSSIAN CLAIMS

Berlin, Nov. 5.—It is declared officially in Berlin today that the Russian troops on the eastern front have not recently been successful in taking prisoners. Nor have any German wounded fallen into their hands. Furthermore the authorities have no knowledge of the loss of German machine guns to the Russians.

Information was given out to the press in Berlin today from official quarters as follows:

"The director of the Swedish Shipping association declares that the English blocking of the North sea by mines is a blow to the shipping of neutral powers, especially Scandinavian.

"The Politiken, the organ of the Danish government, says this action on the part of Great Britain is a heavy blow to British shipping."

"WET" MAJORITY IN WASHINGTON

With a majority of eighteen the voters of Washington township Wednesday decided in favor of the saloons. The election was held in precincts B and C affecting that section of the township from the Goshen road north to Wallen. Four hundred and sixty votes were cast. Following are the figures:

Precinct B: "Wets," 152; "drys," 95. Precinct C: "Wets," 85; "drys," 124. The "wets" received 137 votes and the "drys" 110.

ONE FATALLY WOUNDED.

Another Suffering From Knife Wounds Received in Fight.

Bedford, Ind., Nov. 5.—Jefferson Jones was shot and fatally wounded and Sol. Regino is suffering from a number of knife wounds as a result of a fight with Elmer Howell yesterday. Howell, who was arrested, said that he found his wife in company with Regino and attacked Regino. Then Jones engaged in the fight, it was said, to aid Regino. The trouble occurred on a public road.

DYSPEPSIA GONE! NO INDIGESTION, GAS, SOURNESS--PAPE'S DIAPEPSIN

Time it! In five minutes your sick, upset stomach feels fine.

When your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.—Adv.

NEWS OF FORT WAYNE'S NEIGHBORS

SHOOTS UP HIS KITCHEN.

Bluffton Man Warms Box of Shotgun Cartridges on Stove.

Bluffton, Ind., Nov. 5.—There was great excitement for a time at the home of Mr. and Mrs. Lewis Johnston, just at the west edge of the city, due to the discharge of a dozen shotgun shells which had been placed on a kitchen stove and then forgotten until a fire built in the stove awakened the powder to activity.

Fortunately there was no one in the kitchen at the time and no one was injured, but the walls and ceiling of the room are peppered full of No. 8 shot with which the shells were loaded.

Ben Carlisle, a son of John Carlisle came to the house Tuesday to borrow his shotgun, and he gave him the box of shells, to take what he wished. After Carlisle got what shells he wanted Mr. Johnston set the box with the remaining shells on the kitchen stove, in which the family had not been keeping fire still having a stove going in the summer kitchen. He forgot the box of shells and later in the evening, when it became cool, decided there should be a fire in the kitchen stove, and started a fire and then went to the barn to do his evening chores.

While he was in the barn and his wife was in the cellar the box of shells caught fire and began to explode.

ENTERTAINS A CELEBRITY.

Hartford City, Ind., Nov. 5.—Miss Ethel Tarr-Clark, of Chicago, is the guest of friends in this city. Miss Clark is the young woman who staked her future happiness on the outcome of the recent world's series between Boston and Philadelphia by telegraphing to her fiance, "Hank" Gowdy, catcher for the Braves, that unless Boston won the championship their love affair would be called off. What effect this ultimatum may have had on Gowdy's playing is, of course, conjecture, but the fact remains that the sturdy catcher played the best ball of his career.

RECOVERING FROM ACID.

Hartford City, Ind., Nov. 5.—The two-year-old daughter of Mr. and Mrs. Clyde Friend, living in East Oak street, is recovering from the effects of being poisoned by permanganate of potash, a quantity of which she ate Sunday afternoon. The little girl was playing out in the yard when she found the purplish substance which she immediately began to eat. She was discovered a short time later and Dr. Sexauer was called, who succeeded in ridding the child's stomach of the poisonous chemical before it was too late to save her life. As it was, the little girl was very ill for a time.

BIG BROTHERS TO MEET.

Bluffton, Ind., Nov. 5.—The Elks will have a big meeting on Thursday evening under the auspices of the standing committee on the Big Brother Movement. There will be eats and other things of interest. Further announcement of committee for the big minstrel show will be made and all the members will find something of interest to repay them for attendance.

FIGHTS THE CORN SHREDDER.

Delphos, O., Nov. 5.—Harmon Hesseling, a well known Marion township farmer, met with a serious accident at the farm of his brother, John Hesseling, south of Delphos, when his right hand was caught in a corn husker and fodder shredder, and the member so badly crused that the amputation of the first three fingers at the knuckles and the thumb at the first joint was necessary. Mr. Hesseling was assisting in operating the machine and when ears of corn became clogged up and refused to deliver he inserted his right hand to pull out the corn.

LAGRANGE PASTOR LEAVES.

Lagrange, Ind., Nov. 5.—Rev. R. S Hubbard has left for Kansas City, Mo. where he will spend the winter with his son, R. Clark Hubbard, who is now a resident of that city. The many friends of Rev. Hubbard will wish him a pleasant journey and continued good health in his homing place for the winter. He is one of the oldest residents of Lagrange and has been prominently connected in the early business affairs of the city.

TRIFLE IS PROVING SERIOUS.

Auburn, Ind., Nov. 5.—Because he thought that his injuries were not of a serious nature, Charles Graves, a member of the B. & O. railway section gang and a resident of Auburn Junction, is suffering from an attack of blood-poisoning. Mr. Graves a few days ago had the misfortune to crush a finger and believing that his injuries were only minor he did not secure the services of his physician.

FATHER AND SON BURIED.

Decatur, Ind., Nov. 5.—In the United Brethren church at Wren, Ohio, just over the state line east of here, services were held today for George Fuyler Stewart, aged 51 years, and his son, Hugh, aged 11 years. Both died of typhoid fever—the boy on Monday and his father the day following. A widow and two other sons survive. John Stewart, of Fort Wayne, is a brother of George F. Stewart.

VOTED DEATH PENALTY, ALSO.

Unusual Question Was at Issue in Arizona Elections.

Phoenix, Ariz., Nov. 5.—While voting their state "dry" in the election the men and women of Arizona sentenced to death fifteen condemned murderers who have been held in the Florence penitentiary under reprieve pending the vote on the proposal to abolish capital punishment. The proposal to limit railroad passenger fares to three cents per mile was approved. All other propositions were defeated.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

If cross, feverish or bilious give "California Syrup of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."—Adv.

New Treatment for Croup and Colds

Relieved by Inhalation and Absorption. No Stomach Dosing.

Plenty of fresh air in the bedroom and a good application of Vick's "Vap-O-Rub" Croup and Pneumonia Salve over the throat and chest will relieve all cold troubles quicker than internal medicines. Just apply Vick's and cover with a warm flannel cloth. Leave the covering loose around the neck so that the vapors of Eucalyptol, Thymol, Camphor, and Menthol, released by the body warmth, may be inhaled all night long. Next morning the head is clear and phlegm loosened. In addition, Vick's is absorbed through the skin, taking out the tightness and soreness. Entirely external—the ideal treatment for the little folks. Three sizes—25c, 50c, and $1.00, at all dealers.

To Many Builders--and Some Architects

The strongest evidence that we can advance in support of our contention that every Building should be piped for gas during construction can be found in our records, showing that we are sooner or later called upon to furnish gas to occupants of most every building in the city.

We can prove that the builder who for special reasons leaves gas out of his specifications, eventually uses or rents his buildings for a purpose it was not originally built for.

When it is finally necessary to install gas, it means a lot of tearing up of floors and walls, and a loss of time and money to all concerned

For this reason it is clearly a matter of plain economy to have every building piped for gas during process of construction.

We will be pleased to send one of our engineers free of charge to consult with any architect or builder in regard to special requirements, proper appliance or installation problems.

IS YOUR HAIR RIGHT FOR THE NEW FALL STYLES?

You will delight in arranging your hair in the new and interesting modes of this season if you keep it perfectly soft and fluffy so that it appears naturally heavy. This will be a simple matter if you use the right shampoo. It is not advisable to use a makeshift, but always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of canthrox from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Adv.

THE SENTINEL'S DAILY SCRIPTURE READING.

II Chronicles 31:1-8.

1 Now when all this was finished, all Israel that were present went out to the cities of Judah, and brake the images in pieces, and cut down the groves, and threw down the high places and the altars out of all Judah and Benjamin, in Ephraim also and Manasseh, until they had utterly destroyed them all. Then all the children of Israel returned, every man to his possession, into their own cities.

2 And Hezekiah appointed the courses of the priests and the Levites after their courses, every man according to his service, the priests and Levites for burnt offerings and for peace offerings, to minister, and to give thanks, and to praise in the gates of the tents of the Lord.

3 He appointed also the king's portion of his substance for the burnt offerings, to wit, for the morning and evening burnt offerings, and the burnt offerings for the sabbaths, and for the new moons, and for the set feasts, as it is written in the law of the Lord.

4 Moreover he commanded the people that dwelt in Jerusalem to give the portion of the priests and the Levites, that they might be encouraged in the law of the Lord.

5 And as soon as the commandment came abroad, the children of Israel brought in abundance the firstfruits of corn, wine, and oil, and honey, and of all the increase of the field; and the tithe of all things brought they in abundantly.

6 And concerning the children of Israel and Judah, that dwelt in the cities of Judah, they also brought in the tithe of oxen and sheep, and the tithe of holy things which were consecrated unto the Lord their God, and laid them by heaps.

7 In the third month they began to lay the foundations of the heaps, and finished them in the seventh month.

8 And when Hezekiah and the princes came and saw the heaps, they blessed the Lord, and his people Israel

Prohibition and Equal Suffrage.

Unusual interest marked returns from the elections this year by reason of the fact that the ballot for women and the banishment of the saloon were proposals to be passed upon in a number of states in addition to the usual political contests. It constituted perhaps the most pretentious battle ever waged in this country on these two issues.

On the question of equal suffrage, two states—Montana and Nevada—have on the face of what appear to be definite returns voted to enfranchise their female citizens. Nebraska may yet be found in this column also, while Missouri, Ohio and the two Dakotas refused to grant the ballot to women.

The question of the sale of alcoholic beverages was not so square-cut a fight by reason of the fact that in the various states compromise contingencies or one sort and another served to prevent a flat alignment of the voters for or against the saloon. This was seen in Ohio where a "home rule" amendment came in as a liquor measure, and in Washington where the prohibition provision does not intervene against the citizen shipping into the state alcoholic beverages for his ow consumption. The general result, however, shows that four out of the six states voting on the issue decided to forbid the sale of liquors—Washington, Colorado, Oregon and Arizona. In two instances—Ohio and California—the saloons were retained.

Doubtless there are those advocates of both equal suffrage and of the elimination of the saloon who will be bitterly disappointed at the general outcome, and yet the showing is a remarkable one. It would have been impossible a few years ago for the friends of prohibition and of votes for women to have even approximated the victory they have just won.

Commenting on the result in New York state, Former Governor Sulzer, who brought up the rear as a candidate for governor of the Empire state, declares he made Colonel Roosevelt "look like thirty cents." It must be admitted that the results generally give the colonel's cause the general appearance of that monetary designation, but a lot of other ambitious political enemies of the former president are going to dispute Sulzer's claim to credit for the accomplishment.

The American embassy in London has now taken over the affairs of the Turkish embassy there and for the time being is the sultan's official representative in Great Britain. With British, German, French, Rusian, Austrian, Japanese and Servian interests to conserve in various localities of the world's battlefield, it needed only the addition of the job of diplomacy from Turkey to make the assortment complete. Also, to keep our representatives in foreign lands out of idleness.

Indianapolis advices are to the effect that the mother of Homer L. Cook, newly-elected democratic secretary of state, was so overjoyed at her son's victory that when informed over the telephone of the good news she was unable to speak. Doubtless the same news rendered a good many of Mr. Cook's political foes speechless, also, but for an entirely different reason.

Fifteen hundred men in one South Bend concern have been put to work manufacturing vehicles on a war order. More of that sort of thing spread over the country will constitute about the only phase of the tremendous conflict from which anybody is able to extract any sort of good whatever.

Now that the election is a dead issue, it is high time to begin to think about doing your Christmas shopping early.

A CARD FROM MR. BITTLER.

Editor Sentinel:

I wish to express my keen appreciation and deep gratitude to the voters of Allen county for the hearty, loyal support accorded my candidacy at Tuesday's election.

The expression of confidence as evidenced by the election returns, is a source of the greatest personal satisfaction and pleasure to me.

It seems a cold, formal and wholly inadequate payment for all this loyalty and zeal to simply say, "I thank you." —If there were aught else that I could say or do, it would be done—until the measure of my gratitude was pressed down and running over.

"Fort Wayne" headquarters will be established at the state capitol on the 10th day of next February. It shall be my constant aim to so conduct the affairs of the office that my supporters at home will never have cause to regret their manifestation of interest in my candidacy.

If I can be of service to the taxpayers in the future, they will only have to command me for any service I may be able to render.

During my incumbency as treasurer of state, a hearty welcome awaits all of the good people of this county. The latch-string will be out to them at all times.

GEO. A. BITTLER.

FOREIGN BORN CITIZENS.

(New York Times.)

There are in the United States today approximately 13,515,000 citizens of foreign birth. In other words, of the 92,000,000 persons who make up the population of the United States, not including, of course, the inhabitants of our colonial possessions, one person in every seven who enjoys the protection of the American flag was born in a foreign land. The foreign population of this country is equal to the total combined population of Holland and Belgium, or of Norway, Sweden, Denmark and Switzerland combined.

These facts are brought out in the last issue of the National Geographical magazine, the official publication of the National Geographic Society of the United States.

"We have," says the National Geographic magazine, "one-sixth as many Canadians as there are in Canada and one-half million more Germans than the city of Berlin; enough Irish to make four Dublins, and enough Italians to make three Romes.

"Five million two hundred and fifty thousand persons came to the United States to make a permanent home in the ten years from 1900-1910. History contains no similar movement of population which in rapidity or volume can equal this. Compared to it the hordes that invaded Europe from Asia, great and enormous as they were, were insignificant."

The Geographic magazine states that its figures are based on reports just made public by the census bureau, and in explanation of the many tables that are published it is said that the terms "Germans," "Austrians," or "Russians" are avoided because of the fact that confusion would follow an attempt to give the race or nationality with the country of birth. Persons born in Germany, for instance, are not all Germans, but include many Poles and peoples of other races, and the same is true of other countries, particularly Russia, Austria and Switzerland.

"A great change," the article continues, "has taken place in the source of our immigrants. In recent years they have been coming from southern and eastern Europe, instead of from the northwestern part of the continent. The natives of Germany, although still the largest element in our foreign-born population, showed in 1910 a decrease of 312,295 from the figures of 1900, and the number of persons who were born in Ireland decreased 263,208. This decrease was due to the fact that the number of newcomers from these countries were outbalanced by the deaths of many who had come over in the fifties and sixties.

In the last ten census years the number of foreign born has increased by 3,174,610 persons. Also 1,209 of our citizens were born at sea.

"While the total foreign-born population of the United States in 1910 amounted to 13,345,545," the article says in conclusion, "it is interesting to note that the people born in this country, one or both of whose parents were of foreign birth, reached a total of 18,807,837. Thus 32,000,000 or more than one-third of the people in the United States are foreign-born or have one or two parents who were foreign-born.

Ends Dry, Hoarse or Painful Coughs Quickly

A Simple, Home-Made Remedy. Inexpensive but Unequaled

The prompt and positive results given by this pleasant tasting, home-made cough syrup has caused it to be used in more homes than any other remedy. It gives almost instant relief and will usually overcome the average cough in 24 hours.

Get 2½ ounces Pinex (50 cents worth) from any drug store, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. This makes a full pint—a family supply—of the most effective cough remedy at a cost of only 54 cents or less. You couldn't buy as much ready-made cough medicine for $2.50. Easily prepared and never spoils. Full directions with Pinex.

The promptness, certainty and ease with which this Pinex Syrup overcomes a bad cough, chest or throat cold is truly remarkable. It quickly loosens a dry, hoarse or tight cough and heals and soothes a painful cough in a hurry. With a persistent loose cough it stops the formation of phlegm in the throat and bronchial tubes, thus ending the annoying hacking.

Pinex is a highly concentrated compound of genuine Norway pine extract, rich in guaiacol and is famous the world over for its splendid effect in bronchitis, whooping cough, bronchial asthma and winter coughs.

To avoid disappointment in making this, ask your druggist for "2½ ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

WAYNE TOWNSHIP LARGEST GIVER

County Sunday Schools in Good Condition, Says Annual Report.

Wayne township led all the other townships of Allen county in the amount contributed to the county Sunday school organization as was brought out in the report of the treasurer, Mrs. Flora Poole, of this city, at the county convention in session at the West Jefferson Street Church of Christ. The contributions of the townships are as follows:

Aboit	$ 5.80
Adams	9.00
Cedar Creek	18.00
Eel River	4.25
Jackson	5.00
Jefferson	5.00
Lake	6.00
Lafayette	6.72
Madison	6.50
Maumee	6.00
Monroe	8.95
Milan	5.00
Marion	5.25
Perry	10.00
Pleasant	6.00
St. Joe	5.00
Graded Union	5.00
Springfield	15.14
Wayne	60.00
Washington	3.00

Allen county paid to the state treasury during the past year the sum of $145, which makes it a star county of the state organization.

The county secretary, Mrs. Nettie Hubler, submitted her report at the Thursday morning's session in which she told of the splendid work done in the past year by the various county organizations. All townships but two held conventions during the year and every one contributed toward the county fund with the exception of one and that was paid at the county convention. She reported that in the county up to date there are 13,915 teachers and scholars. She closed her report by stating that she hopes that in the next year Allen county would become a crown county, which means that she would contribute three cents per member to the state association.

The president, M. A. Mason, of Fort Wayne, appointed committees who reported at the afternoon session. The nominating committee was composed of Solomon Doty, of Milan township; William Hosler, of Eel River; Rev. Charles Metts, of Aboit; Rev. L. W. Nordick, of Springfield, and A. O. Hadley, of Marion. The auditing committee members were: George Philbrick, of this city; M. M. Weilbaum, of Pleasant township, and William Youse, of Madison township.

The convention opened Wednesday evening with a large number of delegates present, Scipio township being the banner township in attendance with 22 delegates present. Miss Pearl Weaver gave an interesting address on "Efficiency," and George N. Burnie, state secretary, spoke in the place of E. T. Albertson, who could not come on account of sickness.

SKIN TROUBLE ON HANDS AND FEET

Similar to Ringworm. Tiny Clear Blisters. Skin Rough and Cracked Open. Could Scarcely Use Hands. Used Cuticura Soap and Ointment. Completely Rid of Trouble.

Cassville, Mo.—"My hands and feet were affected with a trouble similar to ringworm for a number of years. It first appeared as tiny clear blisters and in places the blisters were so close together that they almost formed one large blister. The skin was rough and cracked open. At times it was so bad that it disabled me; my hands became so sore that I could scarcely use them.

"I used every remedy that I could find but nothing seemed to do any good. Finally I sent for a sample of Cuticura Soap and Ointment and I then got a cake of Cuticura Soap and a box of Cuticura Ointment which completely rid me of the trouble." (Signed) Ray Bryant, Mar. 14, 1914.

Samples Free by Mail

A generation of mothers has found no soap so well suited for cleansing and purifying the skin and hair of infants and children as Cuticura Soap. Its absolute purity and refreshing fragrance alone are enough to recommend it above ordinary skin soaps, but there are added to these qualities delicate yet effective emollient properties derived from Cuticura Ointment, which render it most valuable in overcoming a tendency to distressing eruptions and promoting skin and hair health. Cuticura Soap and Ointment sold everywhere. Liberal sample of each mailed free, with 32-p. book. Address post-card "Cuticura, Dept. T, Boston."

STATE OF WAR IS PROCLAIMED

London, Nov. 5.—(11:35 a. m.)—It was officially announced in London today that a state of war exists between Great Britain and Turkey.

The proclamation to this effect, which subsequently was gazetted reads as follows:

"Owing to hostile acts committed by Turkish forces under German officers, a state of war exists between Great Britain and Turkey from today and all proclamations and orders in council issued with reference to the state of war between Great Britain and Germany and Austria shall apply to the state of war between Great Britain and Turkey."

A privy council was held in Buckingham palace this morning to discuss this action. At its conclusion King George signed the documents proclaiming the state of war, and the announcement was made.

Mrs. J. A. Durand and Mrs. J. W. Merritt, of Howe, are visiting Mrs. H. P. Moses, of Lakeside.

Miss Henriette Trauerman left today for Pittsburg, where she will remain until the first of next year.

Mrs. S. Kraus, of West Wayne street, left today for Pittsburg, where she will visit for three weeks.

Miss Henrietta Kintzele has returned to her home in Michigan City, after a few days' visit with Miss Vera Gocke.

Mrs. E. Buesking and Mrs. O. H. Bosselman and children have returned from Canon City, Colo., where they had been for several months.

A number of society young women are planning to give a cabaret benefit performance on the night before Thanksgiving. The Visiting Nurse league will be the beneficiary of the entertainment.

There will be a meeting of the College club tomorrow afternoon with Mrs. H. S. Voorhees, 804 Wildwood avenue. The program will be of a philanthropic character and Judge Eggeman will talk of "Juvenile Delinquency" and Dr. Weaver on "Relation of Pure Milk to Infant Mortality."

Mrs. J. W. Flickinger has started on her return to Tacoma, Wash., after a two months' visit with relatives in this city. Mrs. Flickinger visited her son Harry Flickinger, and her sisters, Mrs J. O. Brown and Mrs. Eva Rowland.

The ladies' of Branch 370, L. C. B. A. will give a pedro party tomorrow afternoon in the Lyceum of St. Patrick's church. The hostesses will be Mesdames Rose Miller, Ella Burns, Emma Kelly Margaret Danehy, Rose Boone and Anna Gorman.

Mrs. Harry L. Askew and Mrs. Robert Harding went to Indianapolis today to attend an executive board meeting of the state organization of King's Daughters. Mrs. Askew is president and Mrs. Harding is assistant president of the state society.

Tracy Jay Kingman will present at the Majestic theater on Monday evening, Nov. 30, two of the world's great artists in joint recital. The artists will be Leopold Godowsky, the world-famed pianist, and Louis Siegel, an Indiana boy, who as a violinist has attained great fame in European countries, and who was Mr. Godowsky's choice as assisting artist in this recital.

At the regular meeting of the Morning Musical society in Elks hall on Friday morning at 10:30 the program will be given by Mrs. Clara Zollars-Bond who is chairman for the morning; Miss Adelia Reynolds, who is an assistant on the committee; Mrs. Florence Huegner-Dukes and Mrs. Smith, who will play a piano concerto, and Messrs. Nussbaum and Koepple and Miss Reynolds, who will play a trio for violin, piano and cello.

A surprise of the week was the party given on Miss Wilma Hornberger on Tuesday evening by a company of young friends. Games and an impromptu musicale were the chief things of interest after the surprise part of the entertainment were off. A supper had been planned that gave pleasure to everyone. In the company were Misses Reada Smith, Cecil Pooler, Marie Miller, Sidonia Clark, Ethel Wenk, Margaret Bowman and Franklin Hornberger, Hazen Clark, Eldon Redding, Robert Enslen Ralph Smith and Harry Fruechtenicht.

Miss Mabel and Clarence Figel, who live on the Leo road and who are pupils at the High school, entertained several of their friends on Saturday evening. All spent a delightful time and were driven home in an auto 'bus engaged by Miss Mabel's parents for that purpose. The guests were Della Hibler Edna Robinson, Beulah Zobaugh, Gladys Halley, Mary Williams, Lillian Smith Margaret Welker, Zilpha Carter, Margaret Strieder, Helen Stopher, Kathleen Rohan, Richard Stone, Carl Brokaw Stuart Herring, Lawrence Smith, Robert Burns, Noel Risk, D. Meyers and Norman Kendall.

The Friendly Few Pedro club met with Mrs. Charles B. Rundell on Tuesday evening and enjoyed a merry time at the game and otherwise in the enjoyment of the hospitality of the hostess. The club members are Mesdames Peter Eggeman, Martin E. Rundell, Clem Beckers, Thomas Greer, Mart Cleary George Tiggs, Fred Hostman, Francis McDarby, Tina Waltemath, Misses Tillie Eggeman, Nan Connell. The guests of the evening were Mrs. H. A. Wiebke Mrs. J. A. Winegart and Misses Laura and Marie Scheffer. Prizes were won by Mrs. C. Beckers, Mrs. Waltemath and Mrs. J. A. Winegart.

Praises Mrs. Dukes, Pianist.

Mrs. Florence Huebner-Dukes played before the Marion Morning Musical club on Tuesday and the Leader-Tribune of that city accords here the following high praise: "The applause accorded Mrs Dukes' numbers was unmistakable proof that her success was instantaneous with the Marion audience. With never a false note to break the harmony and with accurate and amazing technique and keen interpretation Mrs. Dukes played some of the most brilliant and most difficult numbers of the musical world Her tone has a singing quality and she is altogether a human and satisfactory artist. In spite of intellectuality, Mrs Dukes' temperament is abundant. Her last number, an arrangement of 'The Blue Danube,' by Schulz-Ever, probably won for her the greatest enthusiasm."

WOMAN'S LEAGUE CHARITY WORK

Philanthropic Department Starts New Line of Doing Good.

The philanthropic department of the Woman's League is branching out on a new line of work and seeks to interest the farmers of the county to give of their stores of potatoes, pumpkins, turnips, beets, carrots, cabbage, grains and preserved fruits of any form, to the use of the Associated Charities for the winter dispensation as calls come in. The room to hold these food products is loaned for use in the city hall building and O. E. Mohler, superintendent of the Associated Charities work, will have the things in charge and see that they are distributed to only the worthy. The league would also like to have names of persons who are willing to read to the sick in hospitals and take driving the convalescent or sick who have no friends or relatives to do that beneficial and kindly act for them.

AT THE MAJESTIC.

Louise Dunbar Closes Fort Wayne Engagement Tonight.

The size of the audiences at the Majestic this week certainly attest the popularity of Miss Dunbar in this city and there is little wonder. It is a long time since a play of such qualities in every respect has been offered to our theater-goers at popular prices, and time and again the Majestic has housed dollar shows that did not equal the production she and her company are offering this week.

"Driftwood" is certainly one of the sterling old dramas. It is such a strong play that one wonders why it is not in the repertoire of some of our best emotional actresses today.

* * *

Maude Adams at Majestic Monday.

"The Legend of Leonora," in which Maude Adams is to be seen here, is the fifth of Barrie's plays in which the actress has been the central figure in this country. While Barrie has known Miss Adams for a number of years it was only at the beginning of the present season that he saw her act for the first time in one of his plays. The Scotch dramatist promised the little actress when she visited his place in London last July and the surprise came in his visit to this country in September. The author attended the rehearsals of the company and expressed himself as being delighted with what he saw The company surrounding Miss Adams this season is made up of well-known and competent players.

Lauder Tells How He Hit Upon "I Love a Lassie."

It was as a wee mill-boy in Arbroath that Harry Lauder sang his first song in competition, and as he outsang all contestants he received a keyless watch as a prize. He worked in a mine until he was able to leave the pit and "go in for the stage." He relates how his famous song, "I Love a Lassie," first came to him. One night, as he was leaving the Palace theater, at Manchester, England, a letter from his wife was handed to him by the attendant, who remarked: "A lady's handwriting, Harry—I suppose you love the lassies?"

"I'm fond of them a'," replied Lauder "but I love only yin."

On his way home he began to hum the words, "I Love a Lassie," and soon afterwards Gerald Grafton collaborated with him in writing the songs that have become so enormously popular.

Not a Federal League Contract This Time.

Fiske O'Hara is considering the offer of an Australian manager for a tour of the Antipodes next summer. The project requires the carrying of an entire American company and the scenery and effects for all of Mr. O'Hara's plays It is quite probable that the contract will be signed in the near future.

AT THE TEMPLE.

Temple's Anniversary Bill.

A thronged house greeted the first performance of the Temple's thirtieth anniversary bill this afternoon and the rounds of enthusiastic applause that greeted every act on the program evidences conclusively that the Temple management's efforts to bring a bill unusually good even for this house of top notchers, to the city for anniversary week have been crowned with success. "Marked Money," a short story classic from the pen of John J. O'Connor, a well known writer, is presented by Frank Readick and Miss Milly Freeman, assisted by Lester Mitchell. Ernie and Ernie's novel skit "The Merry Monopede and the German Girl in Three Feet of Comedy," has plenty to commend it, aside from its absolute uniqueness. The big laugh of the bill will be found in Goldsmith and Pinard's clever act "The Traveling Salesman." Mills and Williams have a remarkable offering called the "Red the Fed and the Fid." It takes at least one acrobatic act of class to balance a vaudeville bill properly and on the current bill Ernest Verax supplies a regular one. The Temple's usual high grade movie show will round out this high grade bill.

AT THE EMPRESS.

One of the best tenors in the world is headlined at the Empress for the last half of the week, beginning with the matinee this afternoon. He is Frank Morrell, the California boy, formerly the star attraction of the famous "That Quartette." "That Quartette" was the most famous aggregation of singers ever known to vaudeville and Morrell was its most famous member.

The most remarkable one-legged man in the world is featured on this new bill at the Empress. Paul Stephens is a famous equilibrist and he does gymnastic feats with one leg that are beyond the power of some two legged individuals.

The other dandy act on this bill are McDermott and Wallace, singers and dancers, who present an entertaining oddity entitled, "A Little Bit of Everything;" Trovello, the famous ventriloquist, and Mennetti and Sidello, agile envoys from funland, who, with six tables, keep laughter coming continuously from the audiences.

THE ORPHEUM.

"LET US HAVE PEACE."

Timely Dramatic Offering Revolving About Present European Crisis.

The present European strife provided the Rex company with a theme that has manifested itself in one of the best dramatic offerings of the season, and what is assuredly the most timely. "Let Us Have Peace" tells a story of two old men who are veterans of the Franco-Prussian war. At the outbreak of the present trouble, Marteau, the Frenchman, in a burst of patriotic enthusiasm, dons his old uniform, but is seen garbed thus by Schmitt. A quarrel ensued, and the bonds of friendship are severed. The daughter of Marteau and the son of Schmitt, who are lovers, are separated by the breach between the old men, and their supplications fail to bring about a reconciliation.

At a later period a circumstance arises that brings the old friends together once more in a beautiful climax and the fading picture shows them, with hands clasped standing beneath the inscription that is cut upon the tomb of General Grant, "Let Us Have Peace."

The co-feature on the bill is a Sterling release, bearing the title, "Dot's Chaperone," a humorous subject of much merit. The orchestra has selected for today two popular songs that have had quite a vogue lately, the first being the everlasting "National Emblem," while the second will serve to present a hit that was made extremely popular by the noted society dancers, Maurice and Walton, and captioned the "Maurice Glide." Miss Lyon will sing "Forgotten."

AT THE LYRIC.

The Mutual Girl at Lyric.

"Our Mutual Girl," who for weeks has been an attraction that turned the toes of thousands of Fort Wayne movie fans to the Lyric is booked for another series of adventures at this playhouse this afternoon and evening. The usual movie program is being augmented for the last portion of the week by a colored minstrel troupe that stages an unique series of hoe downs, coon songs and comedy features. This minstrel show supplants the usual vaudeville program for the week-end, but the first portion of the coming week will see another trio of big time acts at this theater.

"The Anglers," a Keystone comedy, and "Her Duty," an interest compelling Princess drama are other big features on the movie program for today.

AT THE JEFFERSON.

"THE WOLF."

Eugene Walter's Masterpiece Projected at the Jefferson.

Brilliantly acted and staged, with a fidelity that has never been equalled in a moving picture production seen in this city, "The Wolf," Eugene Walter's powerful drama of the Canadian north woods, came to the Jefferson yesterday, scoring one of the most significant hits ever registered at this popular playhouse. The wild beauty of the primitive north woods was reflected in all its primal beauty and against this picturesque background was enacted one of the greatest dramas ever written. Truly it is a magnificent picture—one reflecting the highest ideals held by the world of photo-drama, and no true lover of what is beautiful and what is effective will miss this splendid treat.

The central figure of the story is McDonald, surnamed "The Wolf," a repulsive man, whose path through life is strewn with the wreckage his lawless habits have created. He is like a butterfly that flits from one exquisite blossom to another, plucking the life-cords and leaving the blossom to wither and die upon the stem. McDonald's character is reflected perfectly in his boastful statement, "I know women too well—they are all alike, and they all fall for me sooner or later." McDonald is the devil on earth in a dress suit, and what he is and what is wrought by his hand is the moving power of this tremendous drama.

The Newest Things in Blouses Are These Black Velvet Jumpers

The newest and most captivating jumpers of black velvet, to be worn over a guimpe of shadow lace or a lingerie blouse, the whole effect being delightfully charming. Shown first at this store, needless to say!

A special collection of black velvet jumpers went on sale this morning at $2.50. The model is made of a splendid quality of velvet, with all edges bound with silk braid. Satin faced revers and sash and tiny jet buttons form the only trimming.

They come in black only and all sizes at the special price, $2.50.

Black Lace Blouses, New and Lovely, at $3.95

It is difficult to describe in cold type the beauty and charm of these lovely little black lace blouses! Their very charm lies in their simplicity of design, yet they are the most fashionable models of the season.

The black shadow lace is built over a foundation of white wash silk. The sleeves are full length, gathered at the wrist, and the high wired collar is in keeping with the fad of the moment. Just a touch of black velvet is used as a trimming on these charming blouses.

All sizes and extraordinary values at $3.95.

TOTTERS FEEBLY TO COURT ROOM

William Rockefeller Enters Not Guilty Plea in New Haven Case.

New York, Nov. 5.—William Rockefeller, Standard Oil multi-millionaire, appeared today in the criminal branch of the United States district court and entered a plea of not guilty to the indictment charging him with conspiracy in connection with his acts as a former director of the New York, New Haven and Hartford Railroad company. He was placed under $5,000 bond to insure his appearance for trial.

Mr. Rockefeller appeared feeble as he walked unsteadily from his automobile into the buiding and to the elevator. He leaned heavily upon a stout stick and his personal counsel, John A. Garver, steadied him by grasping his arm. Neither spoke until they entered the court room. In a husky whisper, audible hardly ten feet away, Mr. Rockefeller said: "Not guilty," after the clerk had asked him how he desired to plead.

Mr. Garver asked the court for the customary period of grace in which the plea might be withdrawn or changed—a formal request that has been made in the case of each of the sixteen other former defendants who were indicted last Monday. Judge Foster replied that Mr. Rockefeller would be given until Nov. 23, the date that has been fixed in the case of the other defendants, who have already pleaded. Of the twenty-one men indicted, Mr. Rockefeller was the seventeenth to plead.

For the first time in the memory of New York newspaper photographers Mr. Rockefeller consented to pose for his photograph. After he had stood patiently in the sunlight until the photographers had finished, he was asked if he had anything to say. He shook his head and pointed to his throat.

"I can't talk," he whispered.

Mr. Garver walked beside him back to the automobile and together they were driven back up town to Mr. Rockefeller's home on Fifth avenue.

Recipe for Mincemeat

Cut up in a Universal Food Chopper (see illustration), using the medium cutter, 2 pounds of lean fresh beef, boiled and cold, 5 pounds of apples pared and cored, 2 pounds of seeded raisins and ¾ pound of citron. With the fine cutter, pulverize 1 pound beef suet, 1 nutmeg, 1 tablespoonful of cloves and 2 of cinnamon. Add all together with one pound of sultana raisins, 2 pounds of currants, 2 tablespoonsful of mace, 1 of allspice, 1 of fine salt, 2½ pounds brown sugar 1 quart of brown sherry and 1 pint of brandy. Mix all thoroughly together, and stand in a cool place. It will last all winter. Wash the fruit, especially the currants and sultanas, most thoroughly.

The Seavey Hardware Co. furnishes, with each Universal Food Chopper a recipe book of scores of splendid American and German dishes of special interest at this time of the year.

"Universal" Food Chopper

$1

To purchase a "Universal" Food Chopper at this low price is a privilege every housewife should grasp. It is a small size, of course, but it will do the work as well as the larger sizes, which we can furnish, also.

In these days of economizing in the household expenses, a food chopper is absolutely essential for the preparaton of the choicest of foods from "left-overs." Each chopper is provided with four kinds of cutters for preparing meats and vegetables for soups, puddings, salads, cakes, sausage, Scotch collops, Vienna steak, croquettes, omelettes, sandwiches, etc.

SHOP AND RAILROAD NEWS

ORDER FOR BOILER SHOP PRODUCTS

Bass Foundry and Machine Works to Build Thirty-one Steel Tanks.

William C. Slater, of the Bass Foundry and Machine works, returned from New York last night with a contract for thirty-one large steel tanks, which is the largest boiler work contract secured by the company for some time. Work upon the order will be taken up immediately and it comes at an opportune time, as the boiler shop is just completing a contract and would soon have been short on work. The order secured by Mr. Slater also includes parts on which there will be considerable work for the machine shop. This is the second big contract secured by Fort Wayne manufacturers this week, the other being the $50,000 contract secured by the Western Gas Construction company, mentioned by The Sentinel yesterday. If the remaining weeks of November do as well, December will find some of the industries of Fort Wayne in a much more flourishing condition than they have been for two or three months.

AUTOMATIC FIREBOX DOORS.

Indiana Roads Must Have Them in Use January 1.

The Indiana law compelling the installation of automatic firebox doors on all locomotives in the state by the first of next January is just now making a lot of extra work in all the shops of the steam roads operated in the state. Every one is affected and all were slow in getting started at the work. The Pennsylvania Western division has about 200 engines in service and all must be equipped with the automatic doors. Some have them already and the others are receiving them just as rapidly as they can be sent through the shops. These doors are operated by air by means of a pedal so placed that the fireman can place his foot upon it as he is in the act of throwing the coal into the firebox and the door flies open, closing again as soon as the pedal is released.

DISCOVERY PREVENTS ACCIDENT.

Crevice in Embankment Warns Workmen of Danger.

At 6:30 o'clock this morning, as the men engaged in making excavation for the G. R. & I. bridge abutment at Main street, were about to enter the hole to go to work, a crevice was discovered in the embankment to the north, indicating that several tons of earth were preparing to slide down. With a board the landslide was hastened and nobody was caught beneath it. The result might have been different, had not the discovery of the crevice been made. It makes lots of extra work for the men, as the loose earth has to be removed.

GOES ON THE PENSION LIST.

Charles C. Adams, Pennsylvania engineer, has been advised that his application for retirement to the pension system has been accepted and becomes effective at once. Mr. Adams took employment with the Pennsylvania in the capacity of brakeman March 1, 1865, and has been in the service ever since, though in different capacity. Eighteen months later he was transferred to fireman and in July, 1885, became a yard engineer which position he held up to the time of his retirement. He was born in Germany in 1846 and came to America just previous to the outbreak of the civil war and enlisted in the United States navy, serving with Admiral George Dewey when that officer was an ensign.

ENGINEER DICKENS RETURNS.

Engineer R. R. Dickens, of the Pennsylvania, and his wife, have returned from England, where they went three or four months ago to visit relatives and friends, that country being their native land. Mr. Dickens will soon report for duty on a switch engine at Middlepoint, Ohio, which place has been his home for the past year. He says conditions in the old country are most deplorable because of the war, though he was not in the part of the country which is now the scene of a vast battle field.

ENGINEERS MAKE A CHANGE.

C. W. Larimore, one of the extra passenger engineers of the Pennsylvania, who was put back to the freight service a week ago, has taken charge of the switching engine at Plymouth, releasing Engineer John L. Gebert. The latter is taking a week off duty, but next Monday he will take charge of the switch engine at the stone quarries at Middlepoint.

BEST TREATMENT FOR ALL COMPLEXION ILLS

I'll tell you my panacea for all complexion troubles. If the skin be colorless, sallow, muddy, over-red, if it be rough, chapped, blotchy, pimply, or freckled, there's nothing that will so surely overcome the condition as ordinary mercolized wax. The wax literally takes off a bad complexion—absorbs the dead and near-dead particles of surface skin, so gently, gradually, you experience no inconvenience at all. A new complexion is then in evidence, one so clear, spotless, delicately soft and beautiful, you look many years younger. One ounce of this wax, procurable at any drug store, will rejuvenate even the worst complexion. It is smeared on like cold cream before retiring and removed mornings with warm water. The mercolized wax habit is a healthier and more economical one than the cosmetic habit.

If the skin be wrinkled or creased, bathe it daily in a solution made by dissolving an ounce of powdered saxolite in a half pint witch hazel. This acts immediately, affecting even the deepest wrinkles.—Elsie Desmond, in Beauty's Mirror.

Nick Miller, C. Starke and Fred Geerken, of the Pennsylvania shops, are off duty on account of sickness.

C. E. Wells and A. F. King, trainmaster and assistant trainmaster of the Wabash, respectively, were in the city yesterday.

Two carloads of passengers from England, en route to Utah, were on westbound Nickel Plate train No. 5 Tuesday morning.

R. W. Mitchener, superintendent of transportation of the Nickel Plate, was in the city, calling on the division officials, yesterday.

Engineer E. M. Stokes, of G. R. & I. trains 7 and 8, and Engineer A. R. Downing, of the Pennsylvania, are sick and off duty.

Gerald Traxler and L. J. Woenker, linemen, are at Lima extending the electric lighting system at the Pennsylvania freight depot and yards.

E. R. Mitchell, claim agent of the Lake Shore & Michigan Southern, with headquarters in Jackson, Mich., was a Fort Wayne visitor yesterday.

Elza Shoemaker, trucker in the Lake Erie and Lake Shore freight house, is off duty for a few days and his place is being taken by George Schumann.

Brakeman W. S. Brown, of the Nickel Plate, pitched headlong into a pile of cinders yesterday when he alighted from a moving car. His face was badly cut and bruised.

The troupe that has been playing at the Empress theater left last night on train No. 6, Grand Rapids & Indiana for Grand Rapids, Mich. They traveled in a special sleeper.

Passenger Conductor A. J. Dawson of Pennsylvania trains 42 and 21, Fort Wayne and Crestline, is temporarily off duty on account of an injured eye. He got a hot cinder in the optic.

A. B. Criswell, of the Baltimore and Ohio, inspected 200 wheels at the Bass foundry today and tomorrow S. W. Hall, of the New York Central, will inspect an equal number at the foundry.

D. W. Sidall, assistant engineer at the Pennsylvania power station, resumed work this morning. He is engaged in raising poultry as a side issue and was off duty putting his coops in shape for winter.

Mrs. Strawn and Scott Strawn, wife and son of Machinist B. A. Strawn, of the Wabash shops, returned yesterday from St. Louis, where they spent two weeks with her brother, W. S. Cooper and his family.

James A. Lechler, who had been out in the state two or three weeks in the interest of the constitutional amendment voted upon last Tuesday, resumed his place at the lathe in the Wabash shops this morning.

The Mutual Benefit association of the Fort Wayne Electric works will hold its monthly meeting in the assembly hall at 8 o'clock this evening. The association continues to grow and now has 792 names on its membership roll.

Foreman Art Shetzer and his gang have completed some steel construction work for the Baltes Stone company at Montpelier and returned home, after an absence of several weeks. The Fort Wayne Foundry and Machine company had the contract.

Charles A. Bowman, Nickel Plate local freight conductor who had an ankle badly sprained while running to throw a switch at South Whitley ten days ago, is recovering and will soon be at work. Conductor Bowman called at the Nickel Plate offices yesterday for the first time since he was injured. He was accompanied by his little daughter, who had an arm broken some time ago by falling from a window.

The Nickel Plate "Service News" for November contains a page of "Electric Line Information" that will be appreciated by travelers over that steam line and the interurbans. It mentions every electric line crossed by the Nickel Plate between Chicago and Buffalo and many of the towns that can be reached by them. In the list of towns reached by the Fort Wayne electric roads are Bluffton, Delphi, Huntington, Lafayette, Logansport, Peru, Wabash, Bellefontaine, Delphos, Lima, Van Wert, Springfield, Decatur, Auburn, Waterloo and Kendallville.

When some Lake Shore cars that were making a flying switch at Angola Tuesday night hit the main string of the train on which Ora Ramey was a brakeman, he was knocked from a car alighting on his head and shoulders in the middle of the tracks. He was not seriously injured, though his train comrades expected to find him dead when they went to his assistance. Bruises on the head and shoulders are the extent of his injuries and they will confine him to the house for a few days. The young man is the son of O. J. Ramey, a Lake Shore telegraph operator.

FARM PITFALLS FOR CITY MAN

Government Advises Him to Try It as Hand Before Investing.

Washington, D. C., Nov. 5.—The department of agriculture receives many letters from city people who have read glowing accounts of the wealth that may be made on the farm. A large percentage of these people have already bought farm land. Some of them appear to believe that the reason all farmers are not rich is because of extravagance, wastefulness, ignorance, and a lack of business ability. To these letters the department's specialists reply much as follows:

"As a matter of fact, farmers as a class are intelligent, industrious, and economical, and many of them are men of good business judgment. Further those who have made a thorough study of the business side of farming know that it is not an easy matter to make money on the farm. Only the most practical and experienced farmers are making any considerable profit out of their business. Most of the money that has been made on the farm in recent years has been made, not by farming but by the rise of price on farm lands. In the nature of things this rise cannot continue indefinitely, and someone will own this land when the price becomes practically stationary or perhaps starts to decline.

"While it is true that occasionally a city-bred family makes good on the farm, this is the exception and not the rule. It is always a risk to invest in a business without first making a thorough study of that business. Many city people who have saved up a few hundred dollars and who have had little or no farm experience, but who are imbued with a rosy vision of the joys and profits in farming, buy poor land at high prices and thereby lose the savings they have been years in accumulating. One city family paid $10,000 cash and assumed a $12,000 mortgage on a farm worth only about $11,000. Another paid $2,000 cash and signed a mortgage for $6,000 on a farm that was later appraised at $3,000. A city family that had saved $2,000 used this money to make a first payment on cheap farm land, and when their eyes were opened found they still owed considerably more than the farm was worth. For seven years they have worked almost night and day to meet the interest, without being able to reduce the principal. These instances could be multiplied almost indefinitely.

"In purchasing a farm great care should be taken to get a good farm at a fair price. To pay or agree to pay more than the farm is worth is to invite failure. From a business standpoint no farm that does not pay interest on the total investment, depreciation on equipment, and wages for all labor performed on that farm is successful.

"Even when great care is taken in making the investment only in exceptional cases should the city-bred family attempt farming. Generally the best advice that can be given to the city-bred man who desires to become a farmer is that before purchasing a farm he work as a farm hand for two or three years. This will give him an opportunity to learn at first hand many things about the business, as well as the practical side, of farming. In no other way, as a rule, can he get good farm training and experience at less trouble and expense or without danger from financial disaster."

FOUR OFFICIALS TO RUN CONTEST

Friars Have Engaged Best Obtainable to Aid in the Sport.

In order to put on the game scheduled at League park with Evanston supplying the opposition the Friar athletic management has engaged four officials for Sunday afternoon with a view of avoiding any slips and the list includes A. H. "Cotton" Berndt, referee; Al Feeney, center for Notre Dame varsity team, of 1913, umpire; Sprague, formerly a Yale player, head judge, and Walter Kennedy, of Chicago, who needs no introduction, as head linesman.

Berndt says that he was never "shown" up as badly in his life as he was here on Sunday, when he gave the Wabash team the best of a decision that eventually netted a touchdown, but says that these mistakes occur now and then, but that with him "never again."

There will be four men on the field, all absolutely impartial and all with college foot ball educations and this ought to result in running the game without either annoying disputes and delays and in a manner to preclude any kicks after the affair is all over.

This Evanston team is the cream of the middle west. Last Sunday it won the A. G. Spalding and Brothers' trophy in a game at Comisky park, in Chicago, by beating the Hamburg-Cornell aggregation, the club that has this big White Sox park engaged for every Sunday during the foot ball season.

This has not affected the Friars. The club has found its weak spots in the games with South Bend and Wabash and all the players have been working hard to strengthen up and to be ready to give the Fort Wayne spectators a run for their money in the next clash.

William LeWashu, who played here with Wabash last Sunday, has signed with the Friars and will be pitted against Evanston. Before the season started the Friars were after him and Wabash barely beat the locals to the former Carlisle Indian school player. He played with Island at Carlisle and it is expected that he will greatly help the local club in its future battles.

LeWashu was a famed base ball player in his college days and was once a member of Connie Mack's Athletics, where he was training for the first base position now held by Melanus but the youngster developed so rapidly that he cinched the place and the Indian was turned loose.

Tuesday afternoon the Friars worked out hard at League park to get Coach Chambers in touch with all the plays and on Thursday night they will get at it again promptly at 7:30 o'clock. The coaches are working like beavers to inject enough foot ball into the squad to insure a good showing against Evanston, as this is regarded as one of the best of the clubs booked for the present season.

ELEVEN DEAD IS SEASON'S RECORD

Comparatively Few Hurt So Far in Playing Foot Ball.

BY HUGH S. FULLERTON.

Is football a dangerous game?

Have the rule-makers, in their safety-first efforts to reform the game, succeeded?

The list of casualties since the 1914 season started embraces 11 dead, two fatally injured, 26 severe injuries and about 80 minor injuries. All broken bones are classed as "severe." At first glance it seems a terrible sacrifice to the sport.

Of the 11 dead, six were students, all, save one, in minor schools; the others on outside teams. Of these 11, according to the printed new-paper reports, three were hurt by tackles, three in scrimmage, and the other five by being bowled over by runners not carrying the ball. Of the three injured by tackles both are reported as being injured AFTER making the tackle, by piling or being kicked by runners rushing to utter the tackle.

The manner of injuries is significant. They prove that there yet remains the necessity for changes in the rules.

Studied in the light of proportion of players injured in football games, the number of casualties appears small. Taking the proportion of 1914 injuries to the number playing, and comparing it with the injuries of 1903 (final report of the season) and it looks as if the rule-makers have been extremely successful in safe-guarding players from injuries.

Newspaper files for 1904 show that about 45 colleges and prep schools reported games each week. It is doubtful whether there were 200 organized football teams.

The final report for that season was that seven were killed and about 112 injured (class of injuries not stated).

On Nov. 1, 1914, in newspapers from five cities are given the scores of games played by 84 of the larger colleges and by 212 minor colleges and preparatory schools. From these same five papers are taken scores showing 148 high school, grammar school and independent teams. In Chicago alone on November 1 there were reports of more than 40 prairie games and nearly as many on the Sunday following. It would not be surprising if, on November 1 there were played in the United States fully 1,800 games of football by regularly organized teams.

That would mean that nearly 50,000 boys, representing schools, colleges, high schools, preparatory schools and athletic clubs were actively engaged in the sport, which probably was five times the number that were playing it ten years ago.

In reports of forty-two games played by representative colleges not one serious injury is mentioned.

Discussing the question of injuries, it would seem that the rules should be made stricter in two respects. Penalties for "piling" after a down might cure that prolific source of injuries.

The second cause of injuries appears to be from runners who are not actually engaged in advancing the ball. The effort to make interference milder appears of little avail. If runners are out to protect the man with the ball, they practically are out to hurt some one.

The few injuries from actual tackling indicate that open-field tackling is not nearly so dangerous as it was feared it would be with the more open style of play.

THREE-MEN CLUBS TO PLAY.

Harry Brooks Elected President of New and Novel Bowling Team.

A three-men league, composed of clubs of three bowlers each, will open at the Star alleys on Tuesday, Nov. 10, with Harry Brooks at the head of the organization. Games will be played every Tuesday and Friday night during the season. Frank Farnan is secretary and Harry Mann treasurer.

The twelve captains of the clubs that will play in the league are: William Cragg, Pete King, Harry Mann, John Keelly, Sam Miller, Harry Brooks, R. J. Scott, S. A. Emrick, Les Laible, William Stechback and Edward Kappel.

SEEKING A GOOD BOXER FOR BOUT

George A. Biemer is seeking a good boy for his November Summit City Athletic club bout and has gone as far as making a try for the services of Charley White, Mike Gibbons and other boxers of fame as he believes that the Fort Wayne public is ripe for the staging of a big show in the next card.

Lewis, White's manager, says that if his boxer wins by a knockout over Freddie Welch at Milwaukee next Monday night there will be no chance for Fort Wayne as this will make him the champion of the lightweights and he will be looking for bigger game.

If he is held to a draw or is defeated he will be open for engagements and there will be no lack of lads in his class who will jump at the opportunity to meet him.

Field goals—Scott 5, Whorton 2, Herring 1, Heck 3, Schulze 3, Diffendorfer 5, Steup 3.

Goal on free throw—Scott 1.

The All-Stars challenge any team in the city averaging 135 pounds. Telephone 1214 green between 6 and 6:30 in the evening and ask for Howard Steup.

GLEASON BOOKED FOR A BIG TASK

Probably Will Be the Next Manager of the White Sox Team.

Philadelphia, Nov. 5.—"Kid" Gleason may be the next manager of the Chicago American league club. There is talk in Chicago of the former Camdenite, who now lives in this city, being appointed to head the White Sox players in 1915.

For some time rumors have been coming out of Chicago that there is going to be a decided change made in the manner of running the American league club there. Charlie Comiskey, the "Old Roman," realized one of the ambitions of his life last winter when he took a team of baseball players around the world.

Comiskey has got about everything else out of the game. He was wonderfully successful as manager of the old St. Louis Browns in the days of the American association. From a minor league magnate he helped Johnson and Somers to organize the American league and put it on a successful basis. His team won the American league pennant in 1901 and in 1906 it landed the American league championship and defeated the Cubs in the world's series.

Since then Comiskey has built one of the finest baseball parks in the country. He has a mighty loyal following in the stock yard district of Chicago and even in such a "lean" year as this for baseball his club made money. While on the world's tour last winter Comiskey's health failed and he was forced to make a short cut to Paris to recuperate.

It is said that Comi-key now desires to turn part of the work over to younger hands and that Jimmy Callahan, who has managed the team for several seasons, will be elected vice president of the club. If this plan goes through it is said to be the intention to make "Kid" Gleason manager of the White Sox.

For several seasons Gleason has been Callahan's right-hand man in the running of the White Sox on the field. Gleason is a great man for getting work out of the players. He was a star pitcher and second baseman for many years. He was Billy Murray's right bower when the latter was manager of the Phillies. There never is any loafing to speak of when the Kid was around.

After a year or two of retirement after Murray left the Phillies, Gleason became head coach for the White Sox. In this position he has been a great success. The Kid certainly should be the logical choice for manager of the Chicago Americans, if any change is to be made in the leadership of the team.

WANTS TO BE GOVERNOR

Frank Allen Gotch.

San Francisco, Cal., Nov. 5.—From the wrestling mat to the political arena is the jump contemplated by Frank Allen Gotch, champion catch-as-catch-can wrestler of the world, who is said to be in training for the governorship contest in Iowa two years hence.

The big wrestler has practically given his consent to the Corn State slate makers, and it is said that the republicans believe the champion athlete could put a democratic gubernatorial contender to the mat as easily as he has his old mat rivals.

No announcement has yet been made of Gotch's high political aspirations, but the news leaked out in a telegram sent to Chicago.

Meantime, it is said, Gotch will give no more exhibition bouts.

WEST ENDS PLAY BLUFFTON.

The West Ends will practice Friday evening at Swinney park and all players are requested to report at 7:30 p. m. This will be their last practice before Sunday's game with the Bluffton Maroons at that place. This team has not lost a game yet this year and the locals who also have their best defeat coming will try and turn the trick. Bauer, fullback, who was put on the injured list several weeks ago, will be on the regular lineup again.

CARRY OFF BALLOT BOX.

Huntington, W. Va., Nov. 5.—Two masked men entered a schoolhouse at Rockhouse, Mingo county, yesterday and at the point of revolvers carried off the ballot box of the precinct. The election officers had almost completed their work when the bandits entered. Every evidence that an election had been held was carried away. Federal and state officers are pursuing the men. The absence of a return from this district may invalidate the election.

YANKEE TEAM IS THE MAIN ISSUE

Peace Talk Probably Will Be Indulged in At the American Conflab.

Chicago, Nov. 5.—Placing the ownership of the New York club of the American league into new hands was to be the principal issue to come before the club owners attending the annual fall meeting of the league here today. Regarding the predicted change in the ownership of the New York Americans, President B. B. Johnson would only say that the subject would come up for discussion before the meeting adjourned, and that a transfer of the club into new hands might take place. President Johnson declined to disclose the identity of the probable new owners.

It was said, however, that pressure would be brought to bear in the hope of giving New York a winning combination. The appointment of an aggressive manager to fill the place discarded by Frank Chance and a general shake up of the club was forecast.

Discussing the probable attitude of the American league toward "peace" with the Federal organization, President Johnson was quoted as saying that the sentiment of the club owners toward the attempts being made to settle the existing tangles in base ball was favorable, but indifferent.

"Efforts to make it appear that the American league is opposed to peace in base ball have not been based on fact," President Johnson said. "It certainly will not throw any obstacle in the way of those who are endeavoring to find a satisfactory remedy for conditions which every one will admit are bad for the game."

FARRELL ON HIS WAY.

He is Without a Manager and Has Bought No New Players for Club.

New York, Nov. 5.—The departure last night of Frank Farrell, owner of the New York Yankees, for Chicago, to attend the meeting there today of the American league was followed by predictions here that a change in the ownership of the club would be one of the important questions up for discussion by the league club owners.

It was pointed out in support of the prediction that Farrell has no manager for next season, and that no player has been drafted or bought for the 1915 pennant race. From this course it is believed that Farrell fears a fight to retain his connection with the American league and that he does not wish to sign a new manager, or to secure new players until he is certain of his own status in the league.

Policemen will hereafter turn off the 16,148 street electric lights in Manhattan and Brooklyn, thus, saving $40,000 a year formerly paid to lighters.

ASKS RECEIVER TO SAVE CONCERN

Sprang Clay Products Company is Said to Be Insolvent.

In a suit filed in the superior court by the Fort Wayne Oil & Supply company against the Sprang Clay Products company for $200 on note and account, the plaintiff asks for the appointment of a receiver for the defendant, which is engaged in the manufacture of drain tile at Sheldon and Aboite stations, in Allen county. The complaint sets out that the defendant owes $10,000, has no means to pay, is about to be sued by other creditors, has $4,000 finished products on hand for which there is a market and is a growing business that will be much better off if kept going than if raided by creditors.

Upon petition from Charles H. Worden, receiver for the Indiana Printing company, to borrow $5,000 to meet wage claims, purchase stock to fulfill contracts, to meet the payroll for the present month, to pay back taxes on the plant and to make some necessary repairs to the building, the superior court has authorized the receiver to procure such a loan and to issue certificates for the indebtedness.

In the superior court the Champlain Realty company has sued Elmer E. Williams for $330 on a note.

Mrs. Thomas Geake Seeks Divorce.

In the circuit court Hazel H. Geake has begun action against Martin Thomas Geake for divorce, custody of two children, aged 7 years and 18 months, respectively, and $3,000 alimony. The complaint says they were married May 26, 1906, and separated the first of this month. The plaintiff alleges that the defendant began a course of cruel and inhuman treatment shortly after their marriage in that he has repeatedly and without cause urged her to get a divorce.

Notes of the Courts.

In the superior court Joseph S. Phillips has begun action against George W. and James J. Adams for $2,000 on a note.

Henry F. Schnelker has brought suit in the circuit court against Emmet Bandelier and others to quiet title to real estate.

Charles E. Vought brings suit in the circuit court against George Dager and others to foreclose a mechanic's lien, demanding $110.

In the suit of Henry E. Eberswine against the Fort Wayne and Northern Indiana Traction company and Ernest K. Allen for $6,000 damages, the circuit court has given the plaintiff judgment for $600 against Allen. A little son of the plaintiff was killed two years ago at the corner of Broadway and Main streets when struck by Allen's automobile just as the lad had alighted from a street car.

GOV. RALSTON MAKES APPEAL

(Continued from Page 1.)

or donations which may be designated by the donors for the aid of the war sufferers of any particular country will be so used.

"It is greatly desired that Indiana shall not be behind her sister states in meeting promptly and generously this just appeal for help for the innocent victims of a cruel and bloody war involving half the civilized nations of the world. I therefore urge the people of the various communities of the state to organize local societies for the furtherance of this movement.

"If it be true, that 'one touch of nature makes the whole world kin,' then how can we shut our eyes and our hearts to the tragedy of tears and suffering and the pathetic claims of that helpless humanity across the sea which is being crucified as a vicarious atonement for the sins of others?

"All contributions and donations should be sent to John H. Holliday, Indianapolis, treasurer of the Indiana Red Cross, who will keep a record of the same and will in connection with the other members of the state executive committee of that organization see that they are promptly forwarded to New York for shipment abroad."

Lake Shore Road Wants $5 Year Rental for Sewer Right of Way.

The Lake Shore Railroad company wants the city to pay it $5 yearly rental for a sewer right-of-way across and under its tracks. The city has no authority in law to pay such a rental, but the road insists that it has a hard and fast rule to charge that much and wants Fort Wayne to pay $5 annually to have the sewer lying 150 feet east of St. Mary's avenue cross the railroad right-of-way. The city can do no more than to condemn tthe sewer right-of-way and pay the railroad a lump sum in damages and assess the amount against the property owners. Judge Walter Olds, counsel for the Lake Shore, and Engineer Mosier, of the Lake Shore's Cleveland offices, are conferring on the matter Thursday afternoon.

This is the first time in its history that the city of Fort Wayne has ever been asked to pay for a sewer right-of-way across railway property.

During the conference the question of a sidewalk subway under the Lake Erie tracks at the western end of Boone street was discussed. There is no objection to the opening, but the railroad will stand no part of the cost.

BOARD OF WORKS MEETING.

St. Joe Dike Wall Principal Matter for Consideration.

The principal matter to come before the board of works at the Thursday evening meeting will be the confirmation of the resolution for building a two-foot concrete wall along the St. Joe boulevard dike from Columbia street to Forest avenue and the hearing of remonstrances on that proposal. It is said there will be objection made by some of the property owners in the assessment district.

Other matters to come before the board are the confirmation of assessment rolls for the paving of Putnam street and for cement sidewalks on both sides of Fox avenue, Creighton to Home; sidewalks on both sides of Melita street, Harrison to Webster, and sidewalks on the north side of St. Martin street, Lafayette to Warsaw.

NO. 2 STATION READY TO GO.

Breaks Repaired and Operations Will Be Resumed.

Repairs to waterworks pumping station No. 2 have been completed and Friday morning the pumps will resume operations after several weeks of idleness, occasioned by a break in one of the pumps and the bursting of the huge intake pipe. The repairs have taken longer than was anticipated and other betterments have been made while the pumps were idle. There has been no inconvenience to the public by reason of the shutdown, stations No. 1 and No. 3 having been equal to the task of furnishing an abundance of water.

TO ATTEND PURDUE MEETING.

Mayor William J. Hosey, board of Works Chairman Frank E. Singrey and City Attorney Guy Colerick will go to Lafayette Friday morning to attend the flood prevention meeting at Purdue university in the afternoon. The conference is under auspices of the Upper Wabash and Maumee Valleys Flood Prevention association, of which Mayor Hosey is president. Members of the Indiana flood prevention commission appointed by Governor Ralston will be in attendance and the principal matter for consideration will be what action the Indiana legislature shall be asked to take.

MAYOR TO PHILADELPHIA.

Mayor Hosey, accompanied by his daughter, Miss Jean, will leave next Tuesday over the Pennsylvania railroad for Philadelphia, in which city he will attend the conference of mayors called to discuss public utilities and to form an alliance of American cities to deal with those problems. Mayor Hosey and his daughter will visit Washington, Baltimore and New York while away. They will be absent ten days.

FIGHT PISTOL DUEL IN STORE

New York, Nov. 5.—Two men entered the jewelry store of Max Ernest this afternoon and with a flourish of revolvers ordered him to throw up his hands. His answer was to run to a cash drawer, get his own pistol and open fire. In the duel that followed he was wounded in the arm. The highwaymen fled.

Outside a crowd that heard the shots caught one of the men.

The other leaped to a seat beside the driver of a butcher's wagon and pressing his pistol to the driver's head, ordered him to drive fast. For two blocks the driver whipped up his horse, with the revolver pressing against his head. Finally the pursuing crowd caught up and dragged the highwayman down. The two men told the police they were Tony Rogski and Joseph Dunne, of Brooklyn. Ernest was not seriously wounded.

DECATUR NEWS.

Decatur, Ind., Nov. 5.—Mrs. Charles Knodle and daughter, Juanita, were called to the bedside of her mother, Mrs. George Ruckman, of Root township, who was operated upon for a cancerous affection.

Mr. and Mrs. George Miller, of Ulysses, Neb., who visited here with her sister, Mrs. Charles Murray, went to Waterloo and Hicksville, O., for a visit before returning home.

Mrs. Elizabeth Heidemann entertained at a chicken dinner for Mrs. H. H. Bremerkamp, Mrs. J. B. Meibers, Mrs. Ben Knapke and Mrs. V. Deininger.

James Fristoe returned to Roanoke, where he is beet weigher for the sugar company at their branch station there.

Thad Butler and daughter, Jean, left for their future home in Huntington.

Mrs. Earl Thompson and children returned to Grand Rapids, Mich., after a visit here with her brother, Emil Baumgartner.

Mr. and Mrs. Cal Peterson and Miss Madge Hite were Fort Wayne visitors.

Mrs. T. V. Johnson attended the Concord Lutheran Ladies' Aid society meeting at the home of her aunt, Mrs. Charles Johnson, at Monmouth.

Decatur friends have received word of the marriage of Anna Fahrenbach, formerly of this city, which took place in Fort Wayne to Francis Bortot.

Mrs. John Vail, Mrs. F. V. Mills, Mrs. Emma Daniels, Flora Fledderjohann and Florence Myers are at Logansport attending the North Indiana Methodist Woman's Home Missionary convention. The last two named represent the local Queen Esthers.

Will Lehne, of Tiffin, O., who visited here, was at Bluffton, where he called on the Charles Dunn family, formerly of this city. Preparations were being made for Mr. Dunn to undergo an operation for appendicitis. Their youngest daughter was also ill of catarrhal fever.

Mrs. Jacob Buhler entertained the Baptist Ladies' Aid society this afternoon.

Mrs. C. L. Meibers was a Fort Wayne business visitor.

Mrs. James Fristoe left today for Kokomo, where she will spend today, Friday and Saturday with her son, True Fristoe, and wife, who are with the company, "Whose Little Girl Are You?" of which True is musical director.

Mrs. Ida May Galloway, of Berne, changed cars here enroute to Fort Wayne for a visit.

Mrs. Al Gerard was a Fort Wayne visitor.

Kamloops, British Columbia, a town of about six thousand people, boasts the possession of the "longest street car system in the world." The Canadian Pacific railroad, which extends from the Atlantic to the Pacific, runs through the main street of the town.

CLOSING OF THE YARDS FELT HERE

Fort Wayne is threatened with a beef famine on account of the closing for nine days of the Union stockyards at Chicago as a big per centage of the beef cattle slaughtered in Fort Wayne is purchased there.

Plenty of hogs can be purchased in Allen and the surrounding counties, and for a time at least it looks like a pork diet for most of Fort Wayne, although some of the packers are engaged in an effort to purchase cattle elsewhere in the state and are confident they will be able to obtain a fair supply.

The Laurents and Hartshorn Packing company has been receiving about fifty head of cattle each week from Chicago and it is trying to locate another market.

At the Fred Eckart Packing company's office the officers of the concern were optimistic, although they admitted they were at sea as to what the result will be.

They have lines out for cattle, but stated that until Friday they could make no autoritative statement of what might be expected. The Lelkauf Packing company buys largely in Allen county and says it will be able to get some stock.

The shipment of refrigerated meats into Fort Wayne will probably be curtailed.

RIGHT OUT IN THE STREET.

Coal Company Puts Its Yard Upon a Public Thoroughfare.

The board of works at noon Thursday notified the management of the Home Supply company that it would have to vacate thirty feet of the west end of Grand street that it has occupied with its coal yards. Coal was being placed in the bins when the board got on the ground. Permission was given the Home company by the Wabash railroad to occupy the ground and such permission was based on the misunderstanding of the Wabash people of the rights it got when a part of Grand street was vacated for Wabash freight terminal purposes. The resolution gave the railroad no such right to assign a privilege and the coal company will have to move.

After your daily prayer, "Give Us This Day Our Daily Bread," did you ever stop to think of what importance to our industrial realm, a delicious pie is? Pie is an American institution: if made right, it is the one delicate American pastry that makes the whole country kin. Rich and poor, urban and rural, east and west, know it, revere it, devour it. It graces mansion and hovel, banquet table and lunch counter; it is the dessert of millions; in the course of its long and honorable career it has been the friend of the hungry and the mainstay of the hurried. It has followed our flag, advanced with troopers to the front, served in peace and war, fed soldier and preacher; it has oiled the wheels of commerce by permeating its delicious flavor on the palates of traveling salesmen. It has brought fortune to some, fame to others and glory to the name of Mother; it has proved a blessing and the burden it has placed on the shoulders of mother has been relieved by W. F. Geller, who is now furnishing this delicacy from the Geller Bakeries.

FORESTS ARE THREATENED.

European Pine Shoot Moth Introduced Into United States.

Washington, Nov. 5.—Pine forests of the United States are threatened with serious damage as the result of the introduction of the European pine shoot moth, the department of agriculture announced today. Immediate treatment of trees attacked by the moth is urged as a means of stamping out the new pest and thus preventing widespread losses.

The new insect is a small orange-red moth, the young larvae of which came into this country within the buds on imported pine seedlings from France, England, Holland, Belgium or Germany. It has been found thus far in only ten localities, in six states from Massachusetts to Pennsylvania. At present the problem of its elimination is confined mainly to nurseries, but if it once gets into the native pine forests the experts think it would be beyond control.

The risk of being struck by lightning is estimated to be five times greater in the country than in cities.

OWES HIS LIFE TO A CRUCIFIX

Tales of Narrow Escapes Come Steadily from Battle Lines.

London, Oct. 25.—(Correspondence of the Associated Press.)—Many narrow escapes and deeds of wonderful bravery have been made by the injured British and Belgian soldiers now recovering in English hospitals. A young lance corporal of the King's Royal Rifles, who is recovering from a bullet wound in his knee owes his life to a crucifix which he picked up in an empty house where he was billeted. A strange impulse compelled him to pick up the crucifix and put it in his haversack.

During an engagement a few days later many of the corporal's comrades were killed by bullets which were almost spent. The young corporal was hit in the knee and later found when taken to a hospital that one of the spent bullets had also passed completely through his knapsack, but had been deflected from his body by the crucifix, one of the arms of which had been broken off by the bullet.

Private W. Hinton, of the First East Lancers, poses as the luckiest man in the army. He was hit by three bullets within a minute without serious injury. One bullet flattened five rounds of ammunition in his belt. Another smashed the magazine of his rifle and a third passed through his cap.

A letter from one of the royal engineers describes the remarkable pluck of Lieutenant R. Pottinger, of Tedmouth. Pottinger and his section were attempting to blow up a bridge under fire. They laid the charge and the section retired. Lieutenant Pottinger and a sapper remained behind to light the fuse. The charge did not explode. The sapper then fired ten rounds of ammunition at the charge without success. Pottinger then said: "I'll make the thing go off." He shook hands with the sapper and walked to the bridge. There he put the muzzle of his revolver into the charge and fired all six cartridges. Even then the charge did not go off and the men had to flee leaving the bridge intact. If the charge had gone off the young lieutenant would have disappeared completely, but the approaching Germans would have been robbed of an easy entry into the allies' territory.

One of the officers on the ill-fated Cressy which was sunk by the German submarines, was severely injured on the head, had both his legs broken and his feet crushed as he was thrown into the air by the explosion. His body was sucked under the water by the sinking cruiser, but was picked up by one of the rescue ships.

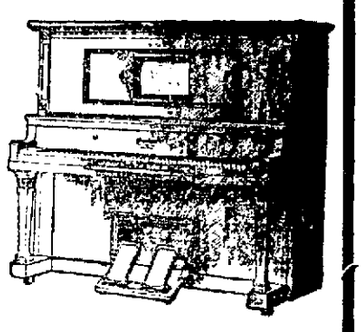
Twenty-four hours afterwards the injured officer regained consciousness and his first words were: "Are we downhearted? No!"

A sergeant of the line was made adjutant for his coolness and bravery in one of the engagements in Lorraine. With three men the sergeant was sent across an open field to attract the fire of the Germans so the colonel could tell where the enemy's trenches were and what their probable strength was. A hail of bullets was directed at the four men. They made their way to a small farm house where they climbed up on a tile roof and from the shelter of a chimney began firing at the Germans. Angered by the imprudence of the four soldiers the Germans directed one of their batteries on the house and razed it.

"My smartest patrol leader is gone," the colonel remarked, as he saw the building crumble. The three privates were no more, but the little sergeant was soon seen running across the field toward his command. When the sergeant arrived breathless at headquarters the colonel asked with mock severity why he did not stay to continue the fire.

"Sorry, sir, but the pigs knocked my house down," was the reply.

The Piano



Is the only instrument that the Ages have produced to inspire the love of Music in all---you should secure a piano or player of which you may be proud for a life time.

GOING INTO BIG MISSOURI CLAIM

High Court Will Hear Man's Plea for Cool Million.

Washington, Nov. 5.—David Yost's story of his efforts to collect on a judgment of more than one million dollars against Dallas county, Missouri, moved the supreme court to announce it would review the prolonged litigation that had its beginning in the early days of railroad building across the plains. A possible result might be the dispatch of a commissioner, accompanied by federal marshals, to the Missouri county to collect the money.

Yost obtained his judgment in the federal district court in Missouri, directing Dallas county to redeem bonds it issued in 1870 to invest in new railroads. The supreme court was informed that each time the federal district court has issued orders to the county officials to levy and collect a tax to meet the debt, they have refused to obey or gone into hiding.

On Yost's motion to have a commissioner of the courts appointed to make the levy, the case finally reached the supreme court. Yost lives in Pennsylvania.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush kidneys if bladder bothers you.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.

NIPS PRESS AGENT STORY.

State Department Denies That It Gave Permission to Produce Film.

Washington, Nov. 5.—The state department has issued and requested publication of the following statement:

"The department of state has been advised that a war picture entitled, 'The Ordeal' is to be presented in motion pictures in New York, and that it is being represented that special permission has been obtained from the secretary of state to allow its presentation. The department desires to state that on October 22 a representative of the Life Photo Film company called at the department and offered to exhibit the film for the department's review, whereupon the representative was informed, in writing, that while appreciating the courtesy, the department could not undertake to act as censor for productions of this character. In these circumstances the department desires to make public that any announcement that the secretary of state has permitted the presentation of this picture is false."

HOAGLAND NEWS.

Hoagland, Ind., Nov. 5.—Russel Gresley, whose leg was broken several weeks ago when an automobile ran over him, is now able to walk around again and expects to return to school soon.

Mrs. Venis and son, Glen, of Decatur, spent Sunday in Hoagland.

Mr. and Mrs. Paul Smitley are moving in with the latter's mother, Mrs. Barkley, this week. They will rent their property to Mr. and Mrs. Richard Houser.

The date of the box social given under the auspices of the Hoagland school has been postponed till November 25th. There will be entertainment for young and old, and everybody is invited to come.

An accident which proved to be quite painful though not as serious as was at first feared, happened when Kenneth Tucker jumped off a wagon directly in front of an approaching automobile. Frank Drage, of Fort Wayne, who was driving the machine, managed to stop before the hind wheels of the machine went over the boy. No bones were broken, but the boy was badly bruised and will be laid up for some time.

Charlie Hoeppner went to Fort Wayne Saturday to undergo an operation for the removal of his eyeball, which became affected several months ago from a piece of steel lodging there.

Judson Ruckman entered the business college at Fort Wayne yesterday to resume his studies which he began last year.

Earl Smitley made an auto trip to Bryant Saturday.

Enos Harrod has lately purchased a large auto truck for use in the poultry business.

For traffic on Lake Okanogan, British Columbia, the Canadian Pacific railway has launched a steamer two hundred feet long and forty feet wide, steam heated and electrically lighted, and with a passenger capacity of four hundred.

NOVEL MASSAGE CREAM.

Perfect Skin Food That Removes Wrinkles and Clears Complexion.

The most delicate skin will quickly respond to the soothing and tonic effects of Hokara and when this pure skin cream is used, pimples are soon a thing of the past.

As a massage cream or after shaving it is unequaled, removing all irritations, and making the skin soft and velvety.

Apply a little to the hands or face after washing and surprise yourself with the dead skin that comes off.

Hokara is the only antiseptic massage cream, and pimples, eczema and all skin blemishes soon disappear when it is used.

Although far superior to the ordinary massage creams and sold on a guarantee of "best you ever used or money back," yet the price is a trifle, only 25c for a liberal jar; larger size 50c.

Sold on a guarantee by Meyer Bros. Co.—Adv.

Foley's Honey and Tar Compound for Croup.

Croup scares you. The loud hoarse croupy cough, choking and gasping for breath, labored breathing, call for immediate relief. The very first doses of Foley's Honey and Tar Compound will master the croup. It cuts the thick mucus, clears away the phlegm and opens up and eases the air passages. Harold Berg, Mass, Mich., writes: "We give Foley's Honey and Tar to our children for croup and it always acts quickly." Every user is a friend.—Dreier Drug Co.—Adv.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Nov. 5.—Wheat developed fresh strength today on account of continued brisk export demand. After opening ¼ off to ⅛ up quotations gained a trifle and then rose well above last night's level.

The close was unsettled, a shade to ⅞c under last night.

Corn was steadied by the strength of wheat. The opening which was unchanged to ⅛ higher was followed by a slight setback.

The close was steady at ⅜c to ¾c under last night.

There seemed to be no urgent call for oats.

Provisions advanced sharply, owing to a big advance in the price of hogs, the result of closing the stock yards here. The greatest upturn was in pork, which on some sales showed a rise of as much as 45 cents. On the bulge, however, packers were sellers and some reaction ensued.

COOK'S VOTE SHOWS A CUT

(Continued from Page 1.)

it was believed only the official count would indicate the winner.

Late returns made little change in previous estimates on state officials, including governor, which indicated the election of the republican state ticket by pluralities of from 15,000 to 30,000.

M'GOVERN IN WISCONSIN.

Milwaukee, Nov. 5.—The Milwaukee Journal's tabulation of Wisconsin's election returns for United States senator at 1:30 this afternoon on all but four counties gives McGovern, republican, a plurality over Husting, democrat, of about 600 votes. The counties yet to be heard from should favor McGovern and it would seem that McGovern is elected.

PRIZE-FIGHTING DOOMED.

San Francisco, Nov. 5.—Prize-fighting is doomed in California on the face of returns from Tuesday's election as compiled today. The proposed law doing away with the fistic sport had been given a majority of votes in the precincts reporting and as votes were distributed throughout the state it seemed probable that later figures would maintain the same ratio against the measure.

Latest returns on the senatorial contest increase James D. Phela's lead materially and virtually removed all doubt of a strong democratic majority. Francis J. Heeney, progressive, was running close to Joseph R. Knowland republican, for second place.

Governor Johnson's plurality over John D. Fredericks, republican, continued to grow as returns came in. Counting of the vote on fifty legislative measures on the ballot proceeded throughout the day.

DIES OF BUCKSHOT WOUNDS.

New Jersey Man Succumbs to Injuries in Hunting Accident.

Egg Harbor, N. J., Nov. 5.—Frank Short, a contractor of this place, died today of buckshot wounds received while hunting deer on election day. This is the first fatality of the gunning season in this state.

THE WEATHER

OFFICIAL FORECASTS.

For Fort Wayne and vicinity: Fair tonight and Friday; not much change in temperature.
For Indiana: Fair tonight; Friday fair and warmer.
For Ohio and Lower Michigan: Fair tonight and Friday.

WEATHER CONDITIONS.

A storm which is moving down the St. Lawrence valley has given some rains from the Lake Superior region eastward to northern New England; over practically all other sections of the country fair weather has prevailed during the last twenty-four hours.
While slightly cooler weather has overspread the central states, no very cold weather is reported from any section, the only freezing temperatures reported this morning being from the northern border states and parts of the Rocky Mountain and Plateau regions.
In this section fair weather will continue tonight and Friday with but slight changes in temperature.

MOTORIST WHO HIT CHILD GETS FINE

Albert Blombach Failed to Furnish Notice of His Identity.

Upon his plea of guilty to the charge, Albert Blombach was fined $25 and costs and given a suspended sentence of thirty days in jail on a charge of having caused an accident while driving his automobile and failing to make known his identity. Wednesday Blombach, who resides at 2839 Indiana avenue, ran down and injured six-year-old Alice Bennett, of Melita street, at the corner of Calhoun and Highland streets, and after turning the child over to a stranger, got in his auto and sped away. He was arrested by Detectives Brennan and Rundell. In court he said he thought when he saw the child taken care of by another his responsibility ceased. He had made no effort to procure a physician and made no report of the accident, as the law requires.

Negro Waiter Gets Jail Sentence.

Robert L. Wilkinson, a colored waiter at the Anthony hotel, was fined $20 and costs and given forty days in jail on a charge of petit larceny. To the court's satisfaction it was established by testimony that Wilkinson after being overpaid $10 on a check for $32.50 cashed by A. B. Jackson, the liquor dealer at Calhoun and Harrison streets, refused to make restitution. His attorney took an appeal to the circuit court and Wilkinson furnished bond.

Little Margie Again Appears.

As a fugitive from justice, Mrs. Margaret Hertilla was turned over to an officer from Bluffton and returned to that city to answer a charge of larceny preferred by her husband, a foreigner, who charges that she ran away after stealing some of his clothes. Margie is no stranger to the Fort Wayne police, having twice before been arrested here. Her home is in Huntington. Margie is a strapping, upstanding female, framed like a white hope, with an arm like a blacksmith, while her spouse is a Hop-o-My-Thumb sort of wop whose head goes somewhere above his wife's belt, but falls much short of her collar. They were married September 28. Mrs. Bertilla says she ran away from her husband because he forced her to sell herself to foreigners, while he collected and kept the proceeds of her shame. She was arrested by Officer Galentine.

Joy Riders Assault Man.

Upon complaint of Fred Gaskins, local manager of the Auburn Auto company's sales department, Al McKee, who is fattened by the allegation that he is a prize fighter, and George Lockwood, a chauffeur, are held under bond of $100 each for assault and battery. Lockwood is also under $100 bond on a charge of driving his auto while he was drunk. Mrs. Arthur Swope and a woman who gives the name of Mrs. Smith are under $100 bond for disorderly conduct. McKee and Lockwood and the two women were out joy-riding Wednesday night. They were fixing their machine on Maumee avenue when Mr. Gaskins came along. He resented an insulting remark and was beaten up by McKee, Lockwood and a third man who has not yet been narrested. Officers Brown, Fry and Buuck arrested McKee, Lockwood and the two women. The cases will be heard Friday morning.

Other City Court Cases.

John Connors, a youth of 24, who tried to work the deaf and dumb racket on the south side and was arrested by Officer James Smith, drew $5 and costs for vagrancy.

James McDermot, John Bryan and John Stewart, drunks, drew $1 and costs each, while Charles Miller, a drunk, and Edward Abbott, a loiterer, were turned loose.

LECTURES BY DR. MOLLAN.

United States Veterinarian Talks on Subject of Hog Cholera.

Much interest is being taken in the hog cholera educational campaign being conducted in Allen county by Dr. Paul A. Mollan, United States veterinarian, who is co-operating with Purdue university. Dr. Mollan spoke Tuesday evening in the Maysville hall to a large audience of farmers.

Wednesday morning Dr. Mollan gave a vaccination demonstration at the farm of Andrew J. Surface, one mile east of Huntertown. Another demonstration was given in the afternoon at the I. S. F. M. Y. farm, three miles from the city, on the St. Joe road. At this time he vaccinated eight hogs.

Dr. Mollan left Thursday morning for Markle, Huntington county, where he is scheduled to give a demonstration under the supervision of the Markle Community association. He is expected to return to Fort Wayne Thursday afternoon to hold a conference with C. Henry, county agent. Demonstrations will be given in this county Friday and Saturday.
